TROOP D

There were no regular patrol stations when the patrol was first organized and the Deland Office which was in the old Department of Transportation Building was the District Headquarters.

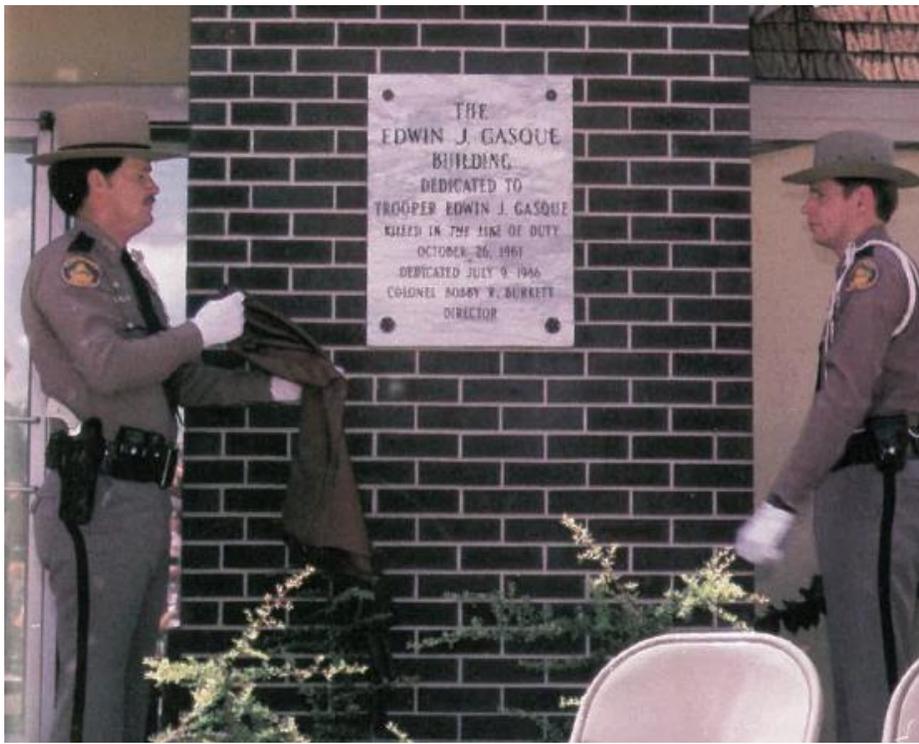

The door step for the first station in the District was poured December 15, 1948, in Melbourne and the station opened in the early part of 1949 under the supervision of Sergeant H. E. Douglas.

The first station in Troop D was opened in the early part of 1949 in Melbourne. In November 1956 a new Patrol Station became operational in Deland under the command of Lieutenant H. A. Weaver.

In addition to the existing stations in Melbourne, Orlando and Deland, a station was opened in Leesburg on April 1, 1965 and another in Daytona Beach in 1967. Continued increases within the scope of the Florida Highway Patrol's responsibilities dictated the establishment of additional stations in Kissimmee in 1974 and Titusville in 1976 bringing the total stations in Troop D to seven.

The troop headquarters is located in Orlando and four district offices are located in Deland, Cocoa and two in Orlando.

The FHP Station in Daytona Beach was dedicated to Trooper Edwin J. Gasque, July 9, 1986.

TROOP E

The Fort Lauderdale Station on State Road 84 was completed in 1960 to replace the "basement barracks" located near the Broward County Courthouse. The Miami Station was built in 1958 to accommodate both Troop Headquarters and Dade County District functions. Prior to it being completed, the troopers worked out of a converted drive-in restaurant at the opposite end of the block of the station site on West Flagler Street.

The "Fabulous Florida Keys," Monroe County, has the oldest and the newest of Troop E stations. The Marathon Station is noted more for durability than beauty. Its solid, poured concrete construction has weathered the high winds and deep water of some of the most severe hurricanes. The Key West Station was dedicated to slain Trooper Luther Daniel in 1970.

This old Miami station was used as a drive-in restaurant before it was leased by the Patrol in 1946.

TROOP F

The Ft. Myers Station was built in 1940 and the original Bradenton Station in 1951. The Arcadia Station was next to open and it was completed in 1956. Progress took its course and new facilities were needed for the growing Bradenton area and a new station was constructed on U. S. 301 south of Bradenton. It opened March 6, 1965.

An additional station was needed in the southern part of the troop and the Everglades Station was built in 1966. Hardee and Highlands Counties were added to the troop in 1962 and a station was built in Lake Placid in 1967 to serve those two counties plus DeSoto. An additional station was constructed in Venice and completed September, 1976. In October, 1980, a new Troop Headquarters in Bradenton was constructed.

The troop headquarters is located in Bradenton and four district offices are located in Bradenton, Ft. Myers, Venice and Arcadia.

New Troop F Headquarters opened in 1980 at Bradenton.
