

December 8, 2008

Mr. David Scharrer
Monroe PMP
68 S. Squirrel Road
Auburn Hills, MI 48326

Dear Mr. Scharrer:

The Department of Highway Safety and Motor Vehicles, Division of Florida Highway Patrol, has received the required documentation fulfilling the approval requirements for light transmittance measuring devices to be used in the State of Florida. The purpose of the light transmittance measuring devices is to obtain evidence of non-compliance of light transmittance tolerances.

Pursuant to sections 15B-14.001 and 15B-14.002, Florida Administrative Code, which outlines approval requirements and type acceptance requirements for light transmittance measuring devices, the following device(s) are approved for use in obtaining evidence that may be used in any court in the State of Florida, in accordance with 316.2955(3), Florida Statutes:

Monroe PMP Pocket Detective Window Tint Meter

A copy of this approval letter must be provided to all purchasers of the approved units in the State of Florida. Should you have any questions, please contact Lt. Ronald W. Castleberry, Florida Highway Patrol, Office of Fleet and Property Management, 2900 Apalachee Parkway, Tallahassee, Florida 32399, (850) 617-2303.

Sincerely,

Lt. Ronald W. Castleberry
Florida Highway Patrol
