

**Specialty License Plate Audit**  
**Florida Wildflower Foundation, Inc.**  
**State Wildflower**  
Audit Report 201415-04

September 03, 2014

## **Executive Summary**

---

The purpose of this audit was to determine compliance with applicable laws, policies, and regulations related to the annual affidavit prepared by the Florida Wildflower Foundation, Inc. (Foundation) for the State Wildflower specialty license plate. The Foundation is required to submit a Specialty License Plate Revenue, Expenditure, and Compliance Affidavit to the Department of Highway Safety and Motor Vehicles (Department) within nine months after the end of the Foundation's fiscal year. The affidavit submitted by the Foundation, for the 2013 Fiscal Year ended September 30, 2013, was used for this audit.

For every State Wildflower specialty license plate sold or renewed, a \$15 annual use fee is charged and distributed, as required by statute, to the Foundation, a non-profit organization established to enrich lives with Florida native wildflowers through education, planting, and research. Section 320.08058(27), Florida Statutes (F.S.), specifies that a maximum of 15 percent of the proceeds from the sale of plates may be used for administrative and marketing costs. The remaining funds shall be used for research programs, educational programs, and planting grants for Florida native wildflowers, plants, and grasses.

During our audit, we determined the Foundation generally complied with applicable laws, policies, and regulations related to the annual affidavit.

## Background and Introduction

---

Specialty license plates are license plates available to the general public with unique designs that promote philanthropic and other causes and require payment of an additional annual use fee. Section 320.08056, F.S., authorizes the issuance of all specialty license plates and specifies the annual use fee for the more than 120 specialty license plates Florida offers.

Section 320.08062, F.S., grants the Department authority to examine all records relating to the use of specialty license plate funds. The Office of Inspector General included the examination of specialty license plate recipient organizations in its annual work plan.

The State Wildflower specialty license plate was enacted in 1999. For every State Wildflower specialty license plate sold or renewed, a \$15 annual use fee is charged and distributed, as required by statute, to the Foundation, a non-profit organization established to enrich lives with Florida native wildflowers through education, planting, and research.

Section 320.08058(27), F.S., specifies that a maximum of 15 percent of the proceeds from the sale of plates may be used for administrative and marketing costs. The remaining funds shall be used for research programs, educational programs, and planting grants for Florida native wildflowers, plants, and grasses.

The Foundation received \$220,891.33 in specialty license plate fees for the 2013 Fiscal Year.

We used the Foundation's 2013 affidavit and financial records for this audit.
