

TECHNICAL ADVISORY

DIVISION OF MOTORIST SERVICES

DATE: June 19, 2017	Technical Advisory RS/TL17-017
SUBJECT: Shipping Redesigned Florida Panthers Specialty License Plate	

Overview:

PRIDE will begin shipping the redesigned Florida Panthers specialty license plate June 28th, June 29th and July 3rd. All license plates will be delivered by July 14, 2017. Please remove the old design from your inventory and begin issuing this new plate when you receive it.

This redesign moves the logo from the left to the center. New inventory codes and a new license plate range has been assigned to this specialty license plate.

Anyone that has a current Florida Panthers specialty license plate, PTR, PTP, or PTA will be able to renew until the end of their 10-year license plate cycle. No original or replacement issuances will be allowed for these inventory codes.

Details:

Each county must mark the appropriate range(s) obsolete. This will automatically transfer the range(s) to Bin 67, which is designated for obsolete inventory. Additionally, please physically remove obsolete license plates from your inventory so that PRIDE will pick them up when they make future deliveries.

The new inventory codes are:

PPA - Florida Panthers Amateur Radio

PPP - Florida Panthers Personalized

PPR - Florida Panthers Regular

Conclusion:

We appreciate your cooperation. If you have any questions or need additional information, please contact the Inventory Control Section at (850) 617-2900.
