

TECHNICAL ADVISORY

DIVISION OF MOTORIST SERVICES

DATE: July 26, 2017

**Technical Advisory
RS/TL17-019**

SUBJECT: Shipping Redesigned Florida Panthers Specialty License Plate

Overview:

PRIDE has begun shipping the redesigned Florida Panthers specialty license plate. Please remove the old design from your inventory and begin issuing this new plate when it is received.

This redesign moves the logo from the left to the center and increases the configuration limit to seven characters. New inventory codes and a new license plate range has been assigned to this specialty license plate.

On July 28th, after 2 p.m. the new inventory codes will be available.

Anyone that has a current Florida Panthers specialty license plate, PTR, PTP, or PTA will be able to renew until the end of their 10-year license plate cycle. No original or replacement issuances will be allowed for these former inventory codes.

Details:

Each county must mark the appropriate range(s) obsolete, which will automatically transfer the range(s) to Bin 67, which is designated for obsolete inventory. Additionally, please physically remove obsolete license plates from your inventory for PRIDE to pick up when they make future deliveries.

The new inventory codes are:

PPA - Florida Panthers Amateur Radio
PPP - Florida Panthers Personalized
PPR - Florida Panthers Regular

If you have any questions or need additional information, please contact the Inventory Control Unit at (850) 617-2900.
