

TECHNICAL ADVISORY

DIVISION OF MOTORIST SERVICES

DATE: 11/09/21	Technical Advisory (TA) Number RS/TL21-033
SUBJECT: Dealer Specialty License Plates	

Overview:

On November 4, 2021, the Florida Highway Safety and Motor Vehicles (FLHSMV) deployed a statewide update for Dealer Specialty License plates.

Details:

Dealers may request specialty license plates in lieu of the standard dealer license plates. However, they must have authorization from the specialty license plate organization before the license plates will be ordered and issued. The dealer will be responsible for all applicable fees.

Once all the requirements have been completed and approved. The tax collector or license plate agency will contact Inventory Control Unit to order the license plates and may process them in FRVIS once the inventory has been added for the office performing the transactions.

If you have a dealer inquire about Dealer Specialty License Plates, please provide them with Procedure [RS-26](#).

Conclusion:

If you need additional information, please contact the Inventory Control Unit at inventorycontrolunit@flhsmv.gov.

Dealers may contact the Specialty License Plate Unit at specialtylicenseplateunit@flhsmv.gov.
