

DATE: 04/14/23	Technical Advisory (TA) RSTL23-009
SUBJECT: Redesigned Specialty License Plate – Family Values and Protect the Panther	

Overview:

At the request of the organizations, the Family Values and Protect the Panther specialty license plates are being redesigned, and we need your help using the existing inventory before these new license plates become available.

Details:

If an agency in your county needs this license plate type before the new license plate design is available, please contact other agencies in your county, and transfer plates as necessary. If no license plates are available, please contact the Inventory Control Unit at (850) 617-2900 or InventoryControlUnit@flhsmv.gov. Orders will be filled by Central Supply or transferred from county-to-county to deplete the current supply. We will approve and manufacture personalized license plate orders as usual.

Conclusion:

Thank you for helping us reduce the Family Values and Protect the Panther license plate inventory that will become obsolete. If you need additional information, please contact your next level of management or the Field Support Center. The current image is below.
