If your county has any of the old designs in your inventory, please remove from your inventory and begin issuing the new plates when you receive them. The inventory codes have not changed.

Details:

Each county must mark the appropriate range(s) obsolete. This will automatically transfer the range(s) to Bin 67, which is designated for obsolete inventory. Additionally, please physically remove obsolete license plates from your inventory. PRIDE will pick them up when they make future deliveries.
