

MEETING OF THE GOVERNOR AND CABINET
AS HEAD OF THE DEPARTMENT OF HIGHWAY SAFETY
AND MOTOR VEHICLES

September 20th, 2016
AGENDA

<http://www.flhsmv.gov/agenda/2016/09202016Agenda.pdf>

1. Respectfully submit the Minutes for the May 10th, 2016 Cabinet Meeting.

Attachment #1.
Recommend Approval.

2. Respectfully submit the Legislative Budget Request for FY 2017-2018.

Attachment #2.
Recommend Approval.

3. Respectfully submit Appointments and Reappointments to the Medical Review Board.

Attachments #3.
Recommend Approval.

4. Respectfully submit the Department's Annual Performance Contract.

Attachment #4.
Recommend Approval.

HIGHWAY SAFETY AND MOTOR VEHICLES

GOVERNOR SCOTT: Next I'd like to recognize Terry Rhodes with the Department of Highway Safety and Motor Vehicles.

Good morning, Terry.

EXECUTIVE DIRECTOR RHODES: Good morning, Governor, General, CFO, Commissioner.

Today we've got four agenda items for your consideration. The first one being requesting approval of the December 8th minute meeting (sic).

GOVERNOR SCOTT: Is there a motion on the item?

ATTORNEY GENERAL BONDI: So moved.

GOVERNOR SCOTT: Is there a second?

CFO ATWATER: Second.

GOVERNOR SCOTT: Comments or objections?

(NO RESPONSE).

GOVERNOR SCOTT: Hearing none, the motion carries.

EXECUTIVE DIRECTOR RHODES: The second item is we request approval of the second and third performance reports, and I'll be happy to answer any of the questions that you may have in regards to those reports.

1 GOVERNOR SCOTT: Is there a motion to accept?

2 CFO ATWATER: So moved.

3 GOVERNOR SCOTT: Is there a second?

4 ATTORNEY GENERAL BONDI: Second.

5 GOVERNOR SCOTT: Any comments, questions,
6 objections?

7 (NO RESPONSE).

8 GOVERNOR SCOTT: Hearing none, the motion
9 carries.

10 EXECUTIVE DIRECTOR RHODES: Okay. The third
11 item is for the Department to seek approval to
12 publish a notice of proposed rulemaking to amend
13 Rule Chapter 15A-5.011 relating to the vision
14 standards, and request final approval to file for a
15 final adoption if no request for rule hearings is
16 received as a result of the notice and no changes
17 are needed.

18 This amendment makes Rule Number 15A-5.011
19 consistent with our other rules in regard to the
20 minimum visual standards, and is updating the
21 minimal acceptable field of vision standard from
22 140 to 130.

23 GOVERNOR SCOTT: Is there a motion on the
24 item?

25 COMMISSIONER PUTNAM: What does that mean?

1 EXECUTIVE DIRECTOR RHODES: Peripheral vision
2 is changing, making it consistent with the other
3 standards; and also from the national standards
4 what other states are doing.

5 COMMISSIONER PUTNAM: So is it raising it or
6 lowering it?

7 EXECUTIVE DIRECTOR RHODES: It's updating it.

8 COMMISSIONER PUTNAM: So if you're going
9 from 140 degrees to 130 degrees, does that mean
10 we have a lower tolerance for vision or a higher
11 threshold?

12 EXECUTIVE DIRECTOR RHODES: Commissioner, from
13 what I understand, it's taking it and it is
14 lowering it per se; but it's based on the national
15 standards and the recommendation of the Medical
16 Review Board.

17 COMMISSIONER PUTNAM: Okay.

18 EXECUTIVE DIRECTOR RHODES: And we did have
19 a hearing on April 29th and there were no
20 attendees.

21 COMMISSIONER PUTNAM: So moved.

22 GOVERNOR SCOTT: Is there a second?

23 ATTORNEY GENERAL BONDI: Second.

24 GOVERNOR SCOTT: Comments or objections?

25 (NO RESPONSE).

1 GOVERNOR SCOTT: Hearing none, the motion
2 carries.

3 EXECUTIVE DIRECTOR RHODES: All right.
4 Item Number 4 is the Department requests approval
5 to publish a notice of proposed rulemaking to
6 amend Rule 15A-7.012 related to commercial
7 driver's license skills test to adhere to the
8 Federal Motor Vehicle Carrier Safety Administration
9 requirements.

10 The Department requests final approval to file
11 for final adoption if there is no request for rule
12 hearing is received as a result of the notice and
13 no changes are needed.

14 GOVERNOR SCOTT: All right. Is there a motion
15 on the item?

16 CFO ATWATER: So moved.

17 GOVERNOR SCOTT: Is there a second?

18 COMMISSIONER PUTNAM: Second.

19 GOVERNOR SCOTT: Any comments or objections?

20 (NO RESPONSE).

21 GOVERNOR SCOTT: Hearing none, the motion
22 carries.

23 EXECUTIVE DIRECTOR RHODES: This concludes our
24 agenda.

25 Thank you all.

1 GOVERNOR SCOTT: Thanks, Terry.

Attachment # 2

**Legislative
Budget
Request
Fiscal Year:
2017-2018**

Terry L. Rhodes, Executive Director

Fiscal Year 2017 - 18 Legislative Budget Request

Issue	Trust Fund		Total
	Recurring	Nonrecurring	
1. Motorist Modernization, Year Four of Phase I	\$163,000	\$9, 694,775	\$9,857,775
2. Motorist Modernization, Phase II		\$4,132,180	\$4,132,180
3. Continued Operations for Enterprise Data Infrastructure	\$3,452,000		\$3,452,000
4. FHP Digital In-Car Camera Systems	\$3,600,000		\$3,600,000
5. Computer-Aided Dispatch Infrastructure Refresh	\$370,000		\$370,000
6. Emergency Aid Trauma Kits		\$352,490	\$352,490
7. Queuing System for Driver License Offices	\$30,000	\$360,000	\$390,000
8. FHP Training and Dorm Facility at Florida Public Safety Institute - PLACEHOLDER		\$12,000,000	\$12,000,000
9. Florida Licensing on Wheels (FLOW) Program	\$88,854	\$335,000	\$423,854
10. Safety Campaigns Education Requirements	\$1,500,000		\$1,500,000
11. FHP Statewide Building Access Control System	\$75,000	\$585,000	\$660,000
12. Enterprise Content Management Study		\$250,000	\$250,000
13. Increased Costs for Volume Licensing Agreement	\$355,286	\$336,006	\$691,292
14. Rapid Application Development Toolset	\$362,001	\$160,000	\$522,001
15. Critical Life Safety Repairs and Maintenance of Facilities - Statewide		\$3,060,700	\$3,060,700
TOTAL	\$9,996,141	\$31,266,151	\$41,262,292

Motorist Modernization - Year Four of Phase I

\$9,857,775 Total Trust Funds

This issue requests \$9,857,775 in funding from the Highway Safety Operating Trust Fund to continue the Motorist Modernization Phase I Project that will replace the Motorist Services credentialing systems.

The overall purpose of Motorist Modernization is to reduce costs and gain efficiencies by streamlining the technology footprint (hardware and software) and centralize motorist information for ease of access and improved data accuracy.

Phase I is a five-year initiative with a primary focus on the driver license issuance services that will require a total of \$36,524,817 in funding. The project was initiated in the 2014-15 fiscal year and has been appropriated \$17.6 million. The department is currently in year three of this initiative, and the project is expected to be developed and fully implemented by August 2019.

The benefits of Motorist Modernization Phase I include:

- “Real time” updates to driver license data, assisting law enforcement and public safety
- Shortened transaction time for customers
- Ability to perform modifications to systems more timely
- Eliminate errors that can occur due to siloed systems
- Increase agency efficiency by offering online services for customers, rather than visiting an office for services
- Expand self-service options by allowing customers the ability to create an on-line account within the department’s system portal

Motorist Modernization - Phase II

\$4,132,180 Total Trust Funds

This issue requests \$4,132,180 in funding from the Highway Safety Operating Trust Fund for the first year of the Motorist Modernization Phase II Project that will modernize the existing Florida Real Time Vehicle Information System (FRVIS).

Phase II will reengineer the motor vehicle issuance functions, which include but are not limited to: titles, registrations, inventory, vehicle inspections, parking permits, stops, batch, dealer licenses and data base redesign. The department expects this project to be developed and fully implemented by Fiscal Year 2022-23. The Fiscal Year 2017-18 funding will allow the department to document TO-BE functionality and complete standardization of title and registration requirements through Blueprint.

Once completed, the benefits of Motorist Modernization Phase II include:

- A 360 degree view of customer information by consolidating the driver license (from Phase I) and motor vehicle information into a single data base
- Shorter transaction time for customers
- Systems that can be modified more timely
- Improve quality, accuracy and availability of data
- Increase agency efficiency by offering customers more online options

Continued Operations for Enterprise Data Infrastructure \$3,452,000 Total Trust Funds

This issue requests \$3,452,000 in recurring funding from the Highway Safety Operating Trust Fund to provide continuing budget to maintain the department's Enterprise Data Infrastructure.

The department was appropriated \$6.5 Million of nonrecurring funds in Fiscal Year 2016-17 to upgrade the existing data base environment, implement a platform for data synchronization, establish a staging environment, implement a test data management toolset and acquire a managed disaster recovery service, all of which are necessary to support the department's Motorist Modernization Project and current operations. The Fiscal Year 2016-17 appropriation of \$6.5 Million was placed in unbudgeted reserve with the release contingent upon the department submitting a cost benefit analysis analyzing the options available for securing the hardware and software necessary to support the funding initiative, including cloud computing services.

The department has met the requirements of the General Appropriations Act proviso, and is finalizing a plan that will provide a private cloud-based solution and the migration of the existing data to a new environment utilizing department staff and contracted services. The department is in the process of procuring a private cloud-based solution, which will establish and maintain an environment that can support the database platforms. The selected vendor will work with the department to upgrade and migrate the legacy Oracle databases to the Oracle 12c platform. The cloud-based solution will also have a disaster recovery capability as part of the service.

FHP Digital In-Car Camera Systems

\$3,600,000 Total Trust Funds

This issue requests \$3,600,000 in recurring funding from the Highway Safety Operating Trust Fund for the purchase of 2,142 in-car camera systems for the Florida Highway Patrol (FHP) pursuit vehicle fleet. The cameras would be installed in FHP fleet vehicles operated by members ranked Lieutenant and below.

In June 2011, the FHP was awarded a \$6.1 Million grant from the Florida Department of Transportation to purchase and install 1,029 digital in-car cameras and 28 servers upon which digital video is downloaded. The in-car cameras were purchased to combat the state's alcohol-related fatality rate. The cameras provided documentation of enforcement activities including the detection and apprehension of impaired drivers. Servers were placed geographically around the state and allow troopers to off-load stored video. The current camera system is at the end-of-life, and the vendor will no longer be able to service the current hardware system.

In-car cameras have the potential to improve the rate of prosecution based on FHP enforcement efforts, increase the transparency of FHP operations, improve FHP community relations and reduce the potential for officer and civilian injury as a result of a negative police encounter.

In seeking to replace and expand the implementation of this mission critical camera infrastructure, the FHP has explored two options:

- Operating Expenditure (OP-EX) Model - The purchase of new equipment and infrastructure which will require recurring funds, but allows for better planning of mission critical expenses and maintains a technology refresh that can support the FHP operations long term; or
- Capital Expenditure (CAP-EX) Model - A capital expenditure option for infrastructure which could range from \$8 - \$12 Million. This option would require greater upfront costs, and require in-house maintenance of on-premise server and infrastructure. There would also be the future expense of infrastructure refresh.

The department is requesting funding for a managed service solution for infrastructure. This OP-EX model includes unlimited video cloud storage, uploads and downloads, in-car camera hardware and video processing units, auto redaction capabilities, ability to share videos securely with internal and external entities, options for technology refreshes and a means to off-load or access videos remotely.

Computer-Aided Dispatch (CAD) Infrastructure Refresh \$370,000 Total Trust Funds

This issue requests \$370,000 in recurring funding from the Highway Safety Operating Trust Fund to replace the hardware infrastructure supporting the Computer-Aided Dispatch (CAD) and Report Management System (RMS) used by Florida Highway Patrol (FHP) law enforcement officers and dispatchers and multiple state law enforcement agencies.

CAD and RMS are critical to the FHP operations. CAD is used by dispatchers to prioritize and record calls for service, dispatch troopers and other state officers, track locations of officers through the use of an automatic vehicle locator and serves as the repository for reporting the bulk of FHP enforcement and investigative activities. The RMS is used by FHP troopers and other state agencies to complete traffic crash reports, arrest and incident reports, uniform traffic and DUI citations, traffic warnings and traffic stop data reports, as well as speed measurement device logs. The RMS serves as the central repository for the bulk of FHP enforcement reports.

Currently, the FHP's CAD system supports the following state agencies: FHP, Florida Fish and Wildlife Conservation Commission, Capitol Police, Florida Department of Law Enforcement, Office of Agricultural Law Enforcement, Florida Lottery, Florida Attorney General's Office, Department of Business and Professional Regulation's Division of Alcoholic Beverages and Tobacco, Department of Financial Services' Division of Insurance Fraud and State Fire Marshall.

The department is seeking recurring funding for a CAD/RMS managed service system to replace the end-of-life hardware on which the system currently resides. The request includes scalable storage, virtual hosts, virtual machines and the required server software and operating system licenses necessary to house and run the CAD application, as well as the maintenance and support for any hardware related to the infrastructure.

The scalable solution sought by the department would provide the storage necessary to accommodate all state CAD data as well as all state law enforcement agencies who choose to use the Florida Highway Patrol's version of the contracted Report Management System.

Emergency Aid Trauma Kits \$352,490 Total Trust Funds

This issue requests \$352,490 in funding for Fiscal Year 2017-18 from the Highway Safety Operating Trust Fund for the purchase of 1,855 emergency aid trauma kits to be issued to Florida Highway Patrol (FHP) sworn members.

The FHP is seeking to implement an emergency aid trauma kit program along with training with the goal of providing the knowledge and equipment to render aid to victims with traumatic injuries and situations requiring “self-aid” for traumatic injuries.

Trauma kits can be utilized to provide a higher level of initial first aid in situations that include life-threatening injuries and motor vehicle crashes. The kit is also designed so that an officer can use the contents of the kit with one hand. This allows an officer who is injured to self-treat a severe wound if immediate medical attention is not available.

The trauma kit will treat three circumstances that can become fatal prior to the arrival of Emergency Medical Services (EMS) personnel and which are treatable by someone with less than Paramedic level training and equipment. These are: CPR, rescue breathing and severe blood loss.

Queuing System for Driver Licenses Offices \$390,000 Total Trust Funds

This issue requests \$390,000 in funding for Fiscal Year 2017-18 from the Highway Safety Operating Trust Fund to replace the outdated customer queuing system in driver license offices.

There are currently 16 state-run driver license offices in the counties where the Tax Collector offices do not provide these services. These 16 offices account for approximately 30 percent of the total credentialing activity statewide. The QMatic system that is currently in use was purchased in Fiscal Year 2008-09. The maintenance contract for this system will expire in December 2017 and will no longer be supported by the vendor.

The customer queuing system is a valuable customer service tool providing the ability for a customer to make appointments, check wait times in various offices and, most importantly, a queuing system allows for feedback on the service received via a customer service satisfaction survey.

The department establishes production standards for driver license employees to help meet the Cabinet's Performance Expectations set for the Executive Director. The queuing system will be a key component for providing performance results, as well as ensuring customers receive service timely, and also in a more modern way, should a customer choose to use a mobile device. The ability to actively track the time a customer spends from the time they enter a facility to the time they complete their transaction, including the time for each step in the transaction will provide a valuable tool to drive decisions such as the need to adjust office hours or increase capacity at certain locations where performance standards cannot be met.

Florida Highway Patrol Training and Dormitory Facility at the Florida Public Safety Institute \$12,000,000 (PLACEHOLDER) Total Trust Funds

This issue requests \$12,000,000 (PLACEHOLDER) in funding from the Highway Safety Operating Trust Fund to refurbish and expand the current Department of Juvenile Justice (DJJ) training facility at the Florida Public Safety Institute (FPSI).

The Florida Highway Patrol (FHP) Training Academy is currently located at the FPSI in Havana, Florida. Due to the continued growth of training needs of the FHP and other state and local law enforcement agencies, the department is seeking funding for a training and dorm facility. The increased use of FPSI training facilities and lodging by other law enforcement agencies has affected the FHP's ability to train its current members and new recruits.

The expansion and refurbishment of the dorm facility will ensure sufficient room availability for necessary basic recruit training and in-service training to allow the department to continue to fill vacancy and training needs. These improvements will also offer the department flexibility to conduct training classes as needs arise based on national trends and best practices rather than scheduling training based on resource availability, which is the current situation. Also, this expansion will allow agency growth, both by the number of classes that could be held and by having the ability to develop new, specialized training.

This funding request to refurbish and expand the DJJ building at FPSI will incorporate dorm rooms, classrooms and office space to facilitate the appropriate venue for current and future training needs. The existing DJJ building that is located on the FPSI property has 64 beds (32 double occupancy rooms), one main lobby area and two small classrooms, which are all in need of refurbishing. To ensure adequate space to meet training requirements, the need for additional square-footage to house the recruits and in-service lodging, classrooms and office space would be incorporated into the refurbishment project.

Florida Licensing on Wheels (FLOW) Program \$423,854 Total Trust Funds

This issue requests \$423,854 in funding for Fiscal Year 2017-18 from the Highway Safety Operating Trust Fund to support the department's Florida Licensing on Wheels (FLOW) Program. This funding is for the purchase of two vehicles and the associated costs of operation.

The department's FLOW program is an integral part of the department's community outreach initiatives and has helped foster partnerships with various agencies and providers to bring driver and motorist services to the communities/venues that show the greatest need.

The department currently has 13 FLOW mobiles and a staff of 30 to serve the entire state. During the previous fiscal year, FLOW's participated in 231 homeless events, 75 veteran events, 20 military events, 122 senior events, over 150 community events, nine juvenile offender events and several collaborative events with Tax Collectors and other elected officials resulting in 12,168 credentialing issuances.

Replacing the aging FLOW mobile and adding one additional FLOW mobile to the fleet will allow the department to expand and continue to be proactive with communities and customers providing credentialing services to those who may otherwise be unable to obtain them.

Safety Campaigns Education Requirements \$1,500,000 Total Trust Funds

This issue requests \$1,500,000 in recurring funding from the Highway Safety Operating Trust Fund for the department to implement data-driven safety and education campaigns based on highway safety trends.

The Florida Department of Highway Safety and Motor Vehicles is charged with providing highway safety and security through excellence in service, education and enforcement. The department is leading the way to a safer Florida through the efficient and professional execution of its core mission: the issuance of driver licenses, vehicle tags and titles and operation of the Florida Highway Patrol. Department-led campaigns will promote highway safety and awareness, as well as departmental community-based initiatives with the goal of educating Floridians and drivers on Florida's roadways regarding safe driving behaviors. These initiatives also will work toward the department's ultimate goal of reducing serious bodily injury and fatal crashes. Funding would be expended, in part, for safety and education campaigns established in Chapters, 320, 322, and s. 403.7145, Florida Statutes. These safety and education campaigns include, but are not limited to:

- Move Over Act
- Driver Improvement
- Seat Belt Usage
- Motorcycle and Bicycle Safety
- Child Restraint Requirements
- Drowsy Driving Prevention
- Hit & Run Awareness
- Distracted Driving Awareness

Florida Highway Patrol Statewide Building Access Control System \$660,000 Total Trust Funds

This issue requests \$660,000 in funding from the Highway Safety Operating Trust Fund to provide a single building access control system with credentialing for Florida Highway Patrol (FHP) facilities throughout the State of Florida.

A statewide access control system would provide access to all FHP facilities, including the Regional Communications Centers, Troop Headquarters and Middleburg Vehicle Installation Facility. This system would operate in the same manner as the currently installed system at the Neil Kirkman Building to meet Federal Bureau of Investigation Criminal Justice Information Services Security Policy. Providing a one-badge entry system based on approved access levels will aid in immediate access and response times to possible threats such as an active shooter situation or other emergency scenario at a FHP facility. This system will allow for rapid intervention in any active threat situation and assist in preventing potential harm to department personnel and the members of the public.

An access control system operates utilizing a proximity badge that contains a code that restricts access into office buildings during non-business hours, but also designates limited access areas within the buildings during business hours and after hours. Proximity badges will be issued to all FHP members and provide access to specified restricted areas within their office building, depending upon an individual's security clearance level, which is determined by the Bureau of Office Services within the department.

Enterprise Content Management Study \$250,000 Total Trust Funds

This issue requests \$250,000 in funding from the Highway Safety Operating Trust Fund for the procurement of services to conduct a feasibility study for an Enterprise Content Management (ECM) Solution.

The department manages multiple instances of electronic document storage to support the issuance of motor vehicle titles and driver licenses. Ten or more documents are scanned to issue a title for a motor vehicle, including the application for the title, the current title, the manufacturer's certificate of origin, power of attorney (POA) and odometer disclosure. To issue a driver license, supporting documentation can include the customer's birth certificate, immigration documents, social security card and proof of address documents.

All scanned documents are stored in the department's Oracle databases. Because these data stores are separate silos, work flows within the department must remain largely manual. To provide a 360 degree view of a driver, all documents must be linked to that driver's record, including all correspondence and sanction letters.

The department proposes to seek industry expertise to perform a detailed review of its current document management processes and produce a detailed plan with specific requirements for acquisition and implementation of an ECM. This solution will support multiple processes, including the capture process, document management, web content management, search capability, records management and workflow management. It will benefit the department by:

- Reducing storage costs by eliminating redundant documents and/or documents which have exceeded the mandated retention period (physical and electronic)
- Reducing costs by allowing use of more efficient storage platforms other than relation databases, which is the current storage medium at the department
- Consolidating the department's document storage, which will simplify business processes and application integration efforts
- Increasing business continuity by ensuring that document content is available, archived and properly secured, which will enable access during a disaster recovery exercise or incident
- Providing enhanced document search features to support documentation requests and business needs
- Supporting formal Quality Assurance processes by ensuring that documents are free from errors and omissions
- Supporting redaction functionality to protect sensitive information

Increased Costs for Volume Licensing Agreement \$691,292 Total Trust Funds

This issue requests \$691,292 in funding from the Highway Safety Operating Trust Fund to address increased costs associated with the Microsoft Enterprise Agreement and upgrade services in order to better manage the department's equipment statewide.

This agreement contains the licensing to support the department's email, computer administration, and software development. It also contains partial server licensing to support department-specific operations. This is a three year agreement, based on the state's negotiated state term contract for Microsoft licensing.

The vendor has modified its product offering, providing a more robust device management and end point encryption. This means the department can ensure that devices are performing optimally and citizens' data is protected against security breaches through establishing encryption on each device, implementing automated deployment of patches and providing self-service download and installation capability of pre-approved software. This is a critical need for the department, as it supports thousands of users statewide, operating multiple devices.

The department currently has more than 4,400 users licensed for Office 365 and approximately 2,475 device licenses for the Windows Enterprise operating system. The department cannot fully utilize the Windows Enterprise licensing because of this licensing count difference. To take advantage of this offering, the department must upgrade its services to adopt a user-based model, meaning it will allow multiple devices to be covered by a single user license.

Rapid Application Development Toolset \$522,001 Total Trust Funds

This issue requests \$522,001 in funding for Fiscal Year 2017-18 from the Highway Safety Operating Trust Fund for the purchase of a Rapid Application Development Toolset (RAD) solution.

The department has many independent “End-User Developed” (EUD) applications that were developed by business users who had a certain level of experience in development. These EUD applications were developed in Microsoft Access, FoxPro and other technologies to meet a business need that was either minimal in the beginning, or for which development resources were not available. Supported functions include case tracking, invoice reconciliation and inspections. Industry standards may or may not have been followed in the development of these applications and, in the event of a failure or when staff turnover occurs within the business unit, can become emergency issues for Information Systems Administration to resolve.

The department proposes the procurement of a cloud-based hosted RAD solution to assist with both rewriting and reengineering existing EUD and maintained systems, and the development of smaller systems that support department functions. This may also be beneficial to the department to meet new state and federal mandates quickly with less impact to other programs and services.

Critical Life Safety Repairs and Maintenance of Facilities - Statewide \$3,060,700 Total Trust Funds

This Issue requests \$3,060,700 in funding from the Highway Safety Operating Trust Fund for Critical Life Safety Repairs and Maintenance.

The department owns and is responsible for over 40 facilities statewide. Items included in this request are major and minor renovations to the Neil H. Kirkman Building in Tallahassee. The department continues to address HVAC, electrical/wiring, plumbing and asbestos issues as part of the overall renovations plans.

Florida Highway Patrol fixed capital outlay issues include compliance with ADA/Accessibility and Surveys for Bradenton, Deland, Pensacola and Cross City stations. Funding is also requested to repair the exterior of the FHP Marathon Station.

The Division of Motorist Services' issues include roofing and interior renovations of the Jacksonville Bureau of Administrative Review (BAR) Office.

Attachment # 3

June 30, 2016

TO: Robert R. Kynoch, Director
Division of Motorist Services

VIA: William "Ray" Graves, Chief
Bureau of Motorist Compliance

FROM: William R. Henderson, Human Services Administrator
Medical Review Program

SUBJECT: Medical Advisory Board

It is requested that the name of the following physicians be added to the agenda of the next Cabinet meeting for a four year appointment to the Department's Medical Advisory Board:

Dr. Oen-Hiang Cynthia Tie (American Board of Dermatology)
1903 Welby Way
Tallahassee, Florida 32308

Dr. Walter Calvin Melton, Jr. (Chiropractic Physician)
2056 Centre Pointe Lane
Tallahassee, Florida 32308

Dr. Joel H. Kramer (Ophthalmologist)
3499 Lakeshore Drive
Tallahassee, Florida 32312

Dr. Stanley Joseph Whitney (Neurologist)
Tallahassee Neurology Associates
2868 Mahan Drive, Suite 5
Tallahassee, Florida 32308

Dr. Andrea Lee Randell (Internal Medicine)
Capital Regional Medical Group
2770 Capital Medical Blvd., Suite 200
Tallahassee, Florida 32308

Robert R. Kynoch
Page Two
June 30, 2016

Dr. Rick Damron (Internal Medicine)
Capital Regional Medical Group
2770 Capital Medical Blvd., Suite 200
Tallahassee, Florida 32308

It is also requested that the names of the following physicians on our Department's Medical Advisory Board be added to the Cabinet agenda for a four year extension:

Dr. Gurusami M. Lakshmin, Chairman (Internal Medicine)
Neil Kirkman Building, MS 86
Tallahassee, Florida 32399

Dr. Viet Ngoc Bui (Ophthalmologist)
2020 Fleischman Road
Tallahassee, Florida 32308

Dr. Ricardo Ayala (Neurologist)
Tallahassee Neurological Clinic, P.A.
1401 Centerville Road, Suite 300
Tallahassee, Florida 32308

Dr. Jeffrey B. Raskin (Gastroenterology)
1475 Northwest 12th Avenue
Miami, Florida 33136

PERSONAL BIO

Dr. Cal Melton is a chiropractor and owner of Downtown Chiropractic and Body Wisdom Spa. He received his D.C. from National University of Health Sciences formally known as National Chiropractic College. He eventually moved back to Tallahassee to work with his uncle, a Chiropractor, Dr. Paul Grant. Dr. Melton comes from a long and distinguished line of Chiropractors. He is the 12th Chiropractor in the family and 3rd generation. Dr. Melton's, great uncle, Dr. Leo L. Spear's was a Chiropractic Pioneer and founder of Spears Chiropractic Hospital in 1943 (the largest Chiropractic hospital in the world) located in Denver, Colorado. Spears Hospital also incorporated the Spears Free Clinic and Hospital along with the Spears Traveling Clinic for poor children and to service remote communities. Dr. Spears also wrote and published The Spears Painless System of Chiropractic and Other Developments which is still currently used today. Dr. Melton currently resides in Tallahassee with his wife Corrie Melton and their son's Phillip and William.

CURRICULUM VITAE

NAME: Viet N. Bui, M.D.
E-MAIL: vbui@eyeassociates-tlh.com
CITIZENSHIP: United States
MEDICAL LICENSES: Louisiana, Washington, and Florida
LANGUAGES: English and Vietnamese
ADDRESS: 2020 Fleischmann Rd
Tallahassee, FL 32308
PH. NO: (850) 878 6161

EDUCATION & EMPLOYMENT:

- University of Florida. Gainesville, FL. Bachelors of Science. July 1994 - May 1998.
- University of Florida. Gainesville, FL. Doctor of Medicine. August 1998 -May 2002.
- Internal Medicine Internship. Ochsner Clinic Foundation. New Orleans, Louisiana. July 2002 - June 2003.
- Residency in Ophthalmology. Louisiana State University/Ochsner Clinic Foundation. New Orleans, Louisiana. July 2003 – June 2006.
- Fellowship in Glaucoma. Louisiana State University/Ochsner Clinic Foundation. New Orleans, Louisiana. Katherine Loftfield, MD, Jonathon Nussdorf, MD. July 2006 –June 2007.
- Fellowship in Cornea and Refractive Surgery. University of Pittsburgh Medical Center: Deepinder Dhaliwal, MD, Francis Mah, MD, Puwat Charukamnoetkanok, MD, Viki Christopoulos, MD, and Alexa Lu, MD. Pittsburgh, Pennsylvania. July 2007 to June 2008.
- Valley Eye and Laser Center. Seattle, WA. August 2008 to July 2009.
- Eye Associates of Tallahassee. Tallahassee, FL. August 2009 to present.

MEMBERSHIPS:

- American Academy of Ophthalmology (AAO)
- American Medical Association (AMA)
- American Society of Cataract and Refractive Surgery (ASCRS)
- Capital Medical Society (CMS)
- Florida Medical Association (FMA)
- Florida Society of Ophthalmology

- Florida Department of Transportation: Advisory Board

CERTIFICATIONS:

- American Board of Ophthalmology 2008
- Apodized Diffractive IOL Symposia Certification
- Bausch & Lomb Hansatome Microkeratome
- Intralase Certification (iLASIK)
- Moria M2 Microkeratome
- VISX Excimer Laser Certification
- Ziemer Amadeus II Microkeratome

HONORS AND AWARDS:

- Employee of the Month. LSU Eye Center. New Orleans, LA 2004.
- Spirit of Caring Award. Ochsner Clinic Foundation. New Orleans, LA, 2002
- Honors . Doctor of Medicine. University of Florida College of Medicine. Gainesville, FL 2002.
- National American Academy of Family Physicians Scholarship. University of Florida College of Medicine. Gainesville, FL 1998.
- Honors in Research. Bachelors of Science. University of Florida. Gainesville, FL 1998.
- Dean's Award for Academic Excellence for Graduating Seniors with Cumulative GPA of 4.0. University of Florida. Gainesville, FL 1998.
- Summa cum laude. Bachelors of Science. University of Florida. Gainesville, FL 1998.
- Albert Gilchrist Memorial Scholarship. University of Florida. Gainesville, FL 1998.
- Multicultural Student Leadership and Scholarship Award. University of Florida. Gainesville, FL 1996 - 1998.
- Agricultural Research and Education Scholarship. University of Florida. Gainesville, FL 1997 - 1998.

I. PERSONAL

- 2. Name:** Jeffrey B. Raskin
- 3. Home phone:**
- 4. Office phone:** (305) 243-8644 Ext. 3
- 5. Home address:**
- 6. Current Academic Rank:** Professor of Medicine
- 6a. Current Track of Appointment:**
- 7. Primary Department:** Department of Medicine
Division of Gastroenterology
- 8. Secondary or Joint Appointments:** Professor of Oncology
- 9. Citizenship:** United States

II HIGHER EDUCATION

11. Institution:

University of Miami, Coral Gables, Florida; ~~Bachelor of Science~~; August 1958-
May 1961

University of Miami School of Medicine, Coral Gables, Florida; Doctor of
Medicine; August 1961- June 1965

12. Non-Institutional:

Jackson Memorial Hospital, Miami, Florida; Internship; June 1965- June 1966

Jackson Memorial Hospital, Miami, Florida; Resident; Internal Medicine; July
1966-August 1966; September 1968 - July 1970

Jackson Memorial Hospital, Miami, Florida, Fellowship, Division of
Gastroenterology; July 1970 – July 1972

13. Certification, licensure:

National Board of Medical Examiners, 1966

American Board of Internal Medicine; Diplomate; October 1972

American Board of Internal Medicine; Diplomate, Subspecialty: Gastroenterology;
October 1972

III EXPERIENCE

14. Academic:

University of Miami School of Medicine; Division of Gastroenterology; Professor
of Medicine; June 1986- Present

University of Miami School of Medicine, Department of Medical Oncology;
Professor of Oncology; September 1986- Present

University of Miami School of Medicine, Department of Pediatrics; January 1994-
January 2009

University of Miami School of Medicine, Department of Medical Oncology;
Associate Professor of Oncology; September 1985- August 1986

University of Miami School of Medicine; Division of Gastroenterology; Associate
Professor of Medicine; June 1976- May 1986

University of Miami School of Medicine; Division of Gastroenterology; Assistant
Professor of Medicine; June 1972- June 1976

University of Miami School of Medicine; Teaching Associate;
January 1972- July 1972

15. Hospital Appointments:

- **Attending Physician:**

Jackson Memorial Hospital, Miami, Florida

Veterans Administration Hospital, Miami, Florida; July 1996- Present

University of Miami Hospitals and Clinics, Miami, Florida

University of Miami Hospital, Miami, Florida

- **Administrative Position:**

Interim Chief; Division of Gastroenterology, University of Miami School of
Medicine, Miami, Florida. January 2002- February 2008

Cye Mandel Chair in Gastroenterology, University of Miami School of Medicine,
Miami, Florida. June 2001- Present

Director, Training Program in Gastroenterology, University of Miami School of Medicine, Miami, Florida. July 1988- June 2011

Director of Endoscopy Training, Division of Gastroenterology, University of Miami School of Medicine, Miami, Florida. July 1986- 2008

Chief, Diagnostic and Therapeutic Gastrointestinal Endoscopy, Jackson Memorial Hospital, Miami, Florida, 1980- 2009

Director, Gastrointestinal Diagnostic Unit, Jackson Memorial Hospital, Miami, Florida, 1980-2009

Coordinator, Endoscopy Unit, Veterans Administration Hospital, Miami, Florida, 1980- July 1986

16. Non-Academic: N/A

17. Military: N/A

United States Air Force- Sewart Air Force Base, Tennessee; Captain; August 1966- August 1968

IV PUBLICATIONS

18. Books and monographs published:

V. Professional

22. Funded Research Performed

- 1) Double Blind Trial of Darbid, Combipar in the Therapy of Duodenal Ulcer Disease. 1972
- 2) Double Blind Trial of Loperamide in Chronic Diarrhea. 1974
- 3) Double Blind Study of the Effect of Cimetidine and Antacids on the Therapy of Gastric Ulcer Disease. 1975
- 4) National Pancreatic Cancer Project (NCI) 1975 – 1986
- 5) Pancreatic and Gastric Tumors

PANCREAS

- 9173 – Phase III Pancreas Adjuvant
- 9277 – Phase III Unresectable Pancreas
- 9283 – Phase III Unresectable Pancreas
- 9376 – Phase II Advanced Measurable Pancreas
- 9382 – Phase III Advanced Unmeasurable Pancreas
- 9482 – Phase II Advanced Measurable Pancreas
- 9982 – Phase I, II Unresectable Pancreas

GASTRIC

- 8174 – Phase III Gastric Adjuvant
- 8180 – Phase III Gastric Adjuvant
- 8281 – Phase III Local Advanced Gastric
- 8380 – Phase II, III Metastatic Gastric
- 8480 – Phase II Advanced Gastric

- 6) Bioavailability of Cimetidine Following Surgery for Duodenal Ulcer
1978
- 7) Evaluation and Application of the Morphine-Prostigmin Test in Ampullary Stenosis
1978
- 8) Role of Gentamycin in Contrast Media during ERCP: Prevention of Sepsis
1977
- 9) Role of PABA Excretion in the Diagnosis of Pancreatic Disease
1977
- 10) Comparison of Standard Endoscopy Biopsy Techniques vs Brush Cytology in
Diagnosing Gastrointestinal Malignancy
PRINCIPAL INVESTIGATOR
1981 – 1982
- 11) Comparison of Standard Endoscopy Biopsy Techniques vs Endoscopic Needle
Aspiration Cytology in Evaluation of Gastrointestinal Lesions
PRINCIPAL INVESTIGATOR
1979 – 1982
- 12) Double Blind Comparison of Pirenzepine vs Placebo in Duodenal Ulcer Disease
PRINCIPAL INVESTIGATOR
1981 – 1984
- 13) Treatment of Upper Gastrointestinal Bleeding caused by Gastritis, Duodenitis,
Gastric Ulcer or Duodenal Ulcer with Arbacet (Prostaglandin)
PRINCIPAL INVESTIGATOR
1982 – 1985
- 14) Double Blind Comparison of Tagamet vs Sinequan in Duodenal Ulcer Disease
PRINCIPAL INVESTIGATOR
1983 – 1984
- 15) Randomized Double-Blind Comparison of Arbacet (Prostaglandin) and Placebo in
the Treatment of Aspirin or Non-steroidal anti-inflammatory Drugs induced Gastric
Damage in Uncomplicated Rheumatoid Arthritis

PRINCIPAL INVESTIGATOR

1983 – 1985

- 16) Double Blind Comparison between Arbacet (Prostaglandin) vs Placebo in the Treatment of Gastric Ulcer Disease
PRINCIPAL INVESTIGATOR
1983 – 1985
- 17) A Double-Blind Study of the Safety and Efficacy of Etintidine 100mg and 400mg in the Treatment of Active Duodenal Ulcer Disease
PRINCIPAL INVESTIGATOR
1985
- 18) A Double Blind, Placebo Controlled Efficacy and Safety Study of Misoprostol in the Treatment of Duodenal Ulcers Refractory to Conventional Therapy
PRINCIPAL INVESTIGATOR
1985 – 1986
- 19) Study of Serum Bile Acid Assay in Response to Provocative Testing in Patients with Papillary Stenosis
PRINCIPAL INVESTIGATOR
1985 – 1986
- 20) The Role of Colonoscopy in the Therapy of Acute Intestinal Pseudo-obstruction
PRINCIPAL INVESTIGATOR
1984 – 1986
- 21) A Prospective Study in Assessing the Source of Sepsis with the Placement of Percutaneous Endoscopic Gastrostomy Tubes
PRINCIPAL INVESTIGATOR
1984 – 1986
- 22) Double Blind, Placebo Controlled Study of the Efficacy and Safety in Preventing the Recurrence of Acute Upper GI Bleeding with Misoprostol
PRINCIPAL INVESTIGATOR
1985 – 1986
- 23) Misoprostol vs Placebo for Treating Severe Acute UGI Bleeding
PRINCIPAL INVESTIGATOR
1986 – 1987
- 24) Ranitidine vs Placebo HS for Treatment of Gastric Ulcer Disease
PRINCIPAL INVESTIGATOR
1986 – 1988
- 25) Gastrozepine in the Short and Long Term Treatment of Peptic Ulcer Disease

PRINCIPAL INVESTIGATOR
1987

- 26) A Comparative Study to Evaluate Two Different Doses (150mg QID vs 150mg BID) of Ranitidine in Duodenal Ulcer Disease
PRINCIPAL INVESTIGATOR
1987 – 1989
- 27) A Multicenter Study of the Efficacy and Safety of HS HOE 760 vs HS Ranitidine in the Treatment of Uncomplicated Active Benign Gastric Ulcer Disease
PRINCIPAL INVESTIGATOR
1987 – 1989
- 28) Zantac 150mg HS vs Placebo HS in the Maintenance Treatment of Healed Gastric Ulcers
PRINCIPAL INVESTIGATOR
1988 – 1990
- 29) A Comparison of Ranitidine 300mg and Cimetidine 800mg administered at Bedtime for Treatment of Large Duodenal Ulcers (above 10mm)
PRINCIPAL INVESTIGATOR
1989
- 30) A Comparison of Ranitidine 300mg and Cimetidine 800mg Administered at Bedtime for the Treatment of Small Duodenal Ulcers (below 10mm)
PRINCIPAL INVESTIGATOR
1989
- 31) Dose Ranging Study of Misoprostol in Preventing Diclofenac Induced UGI Lesions
PRINCIPAL INVESTIGATOR
1989
- 32) A Comparison of Ranitidine 300mg HS, BID, TID, QID in the Treatment of Duodenal Ulcer Disease
PRINCIPAL INVESTIGATOR
1990 – 1991
- 33) A Comparison of Ranitidine 150mg and 300mg HS for Maintenance of Healed Duodenal Ulcers
PRINCIPAL INVESTIGATOR
1990
- 34) Double Blind Comparative Study of Efficacy and Safety of Misoprostol and Ranitidine in the Prevention of NSAID induced Gastric Ulcers and UGI Symptoms
PRINCIPAL INVESTIGATOR
1990 – 1991

- 35) Double Blind, Placebo Controlled Study of the Efficacy and Safety of Misoprostol in the Healing of NSAID-induced Gastric Ulcers
PRINCIPAL INVESTIGATOR
1990 – 1993
- 36) A Study of the Effect of Misoprostol 50mcg, 100mcg and 200mcg vs Placebo on the Antiarthritic Efficacy of the Upper Gastrointestinal Injury Induced by Diclofenac 50mg TID in Patients with Rheumatoid Arthritis
PRINCIPAL INVESTIGATOR
1991 – 1992
- 37) Double Blind, Placebo controlled Comparative Study of the Efficacy and Safety of Three Dosage Regimens of Misoprostol in the Prevention of NSAID Induced Gastric Ulcers
PRINCIPAL INVESTIGATOR
1991 – 1992
- 38) Comparison of Ranitidine 300mg BID, 150mg BID and Placebo in Rx of ASA or NSAID Associated GU in OA/RA Patients
PRINCIPAL INVESTIGATOR
1992 – 1993
- 39) A Comparison of Ranitidine 300mg BID and Placebo in Rx of ASA or NSAID Associated DU in OA/RA Patients
PRINCIPAL INVESTIGATOR
1992 – 1993
- 40) A Comparison of Ranitidine 300mg BID, 150mg BID and Placebo for Maintenance of Healed ASA/NSAID GU or DU in OA/RA Patients
PRINCIPAL INVESTIGATOR
1992 – 1993
- 41) A Comparison of Ranitidine 300mg BID, Ranitidine 150mg BID and Placebo for Prophylaxis of ASA/NSAID GU or DU in OA/RA Patients with No History of GU or DU
PRINCIPAL INVESTIGATOR
1992 – 1993
- 42) A Comparison of Ranitidine 300mg BID, Ranitidine 150mg BID and Placebo for Prophylaxis of ASA/NSAID GU or DU in OA/RA Patients with a History of GU or DU
PRINCIPAL INVESTIGATOR
1992 – 1993

- 43) A Multicenter, randomized, Double Blind Trial Evaluation of Healing and Relapse Rates of GR 122311X Compared with GR88502X, Ranitidine and Placebo in Patients with DU
PRINCIPAL INVESTIGATOR
1992 – 1993
- 44) A Multicenter, Randomized, Double Blind Trial Evaluation of Healing and Relapse Rates of GR 122311X Compared with GR88502X, Ranitidine and Placebo in Patients with GU
PRINCIPAL INVESTIGATOR
1992 – 1995
- 45) A Comparison of the Efficacy and Gastroduodenal Safety of a Fixed Combination of Diclofenac/Misoprostol vs Diclofenac/Placebo vs Placebo/Placebo in Treating the Signs and Symptoms of Rheumatoid Arthritis
PRINCIPAL INVESTIGATOR
1992
- 46) A Multicenter Prospective Double Blind randomized Parallel Comparison of the Efficacy and Tolerability of Famotidine vs Ranitidine in the Short Term Treatment of Esophagitis due to Gastroesophageal Reflux Disease
PRINCIPAL INVESTIGATOR
1992 – 1993
- 47) A Multicenter Randomized Double Blind Placebo Controlled Evaluation of Healing and Relapse Rates Following Oral GR1223IIX in Combination with Clarithromycin Compared to GR1223IIX, Clarithromycin and Placebo in Patients with Duodenal Ulcer Disease
PRINCIPAL INVESTIGATOR
1993
- 48) Double Blind, Placebo Controlled Comparative Study of the Efficacy and Upper GI Safety of Diclofenac 75mg BID, Diclofenac 50mg/ Misoprostol 200mcg TID and Diclofenac 75mg/Misoprostol 200mcg BID in Treating Signs and Symptoms of OA
PRINCIPAL INVESTIGATOR
1994
- 49) The Uncleared Fundal Pool in Acute Upper GI Bleeding: Implications and Outcomes
PRINCIPAL INVESTIGATOR
1995 – 1997
- 50) Prevalence of Occult Celiac Disease in Patients with Iron Deficiency Anemia: A Prospective Study
PRINCIPAL INVESTIGATOR

1995-1998

- 51) NIH – Multicenter Randomized Trial of DSRS vs TIPS
PRINCIPAL INVESTIGATOR – Lennox Jeffers, M.D.
Co-Investigator – Jeffrey B. Raskin, M.D.
1995 – 2005
- 52) Prospective Trial of Alcohol vs Alcohol/Epinephrine in the Prevention of
Recurrent Upper GI Bleeding with a Visible Vessel in Duodenal Ulcers
PRINCIPAL INVESTIGATOR
1999
- 53) A Multicenter, Randomized, Double-Blind, Placebo Controlled Study to Evaluate
the Efficacy and Safety of AD5FGF-4 in Patients with Stable Angina
PRINCIPAL INVESTIGATOR – Sergio Medrano, M.D.
Co-Investigator – Jeffrey B. Raskin, M.D.
2001 – 2003
- 54) Flexible Sigmoidoscopy vs Colonoscopy as the Initial Evaluation of Young Adults
with Rectal Bleeding: A Prospective Study
PRINCIPAL INVESTIGATOR
2002 – Present
- 55) The Incidence of Adult Celiac Disease Presenting in Patients with IBS: A
Prospective Study
PRINCIPAL INVESTIGATOR
2002 – 2004
- 56) The Role of Herpes Virus in Inflammatory Bowel Disease
PRINCIPAL INVESTIGATOR
2002
- 57) Correlation Between Clinical Activity, Endoscopic Severity, Pathological Findings
and Immunological Parameters in Inflammatory Bowel Disease (IBD)
PRINCIPAL INVESTIGATOR – Yeon Ahn, M.D.
Co-Investigator - Jeffrey B. Raskin, M.D.
2003
- 58) Core @ B-1,6-N-Acetylglucosaminyltransferase (C2GnT) and the Metastatic
Potential of Colon Cancer
PRINCIPAL INVESTIGATOR
2003
- 59) The Role of Helicobacter Pylori in Patients who Present with Esophageal Variceal
Bleeding
PRINCIPAL INVESTIGATOR

2002-2004

60) Evaluation of Gabapentin for the Treatment of Irritable Bowel Syndrome
PRINCIPAL INVESTIGATOR
2004

61) Cyclo-Oxygenase 2 Inhibitors and the Prevention of Post-ERCP Pancreatitis: A
Prospective Study
PRINCIPAL INVESTIGATOR
2004

62) Prospective Study of Helicobacter Pylori and NSAIDS
PRINCIPAL INVESTIGATOR
2004

63) Prevalence of cytomegalovirus and Epstein Barr virus DNA in human colorectal
carcinoma
PRINCIPAL INVESTIGATOR
2005 – Present

64) Prevalence of cytomegalovirus , Epstein Barr virus and human herpes 6 virus DNA
in intestinal mucosa of patients with Inflammatory Bowel Disease
PRINCIPAL INVESTIGATOR
2005 - Present

23. Editorial responsibilities:

24. Professional and Honorary Organizations:

College: Kappa Sigma – Social Fraternity
Alpha Epsilon Delta – National Pre Med Honorary

Medical School: Alpha Kappa Kappa – Medical Fraternity
Student American Medical Association (SAMA)

Medical: American College of Physicians (Fellow)
American College of Gastroenterology (Fellow)
American Gastroenterological Association (Fellow)
American Society for Gastrointestinal Endoscopy (Fellow)
American Society of Internal Medicine
American Society of Contemporary Medicine and Surgery
Southern Gut Association
Florida Society of Internal Medicine
Florida Medical Association
Dade County Medical Association (Miami)
American Medical Association

Florida Gastroenterological Society
 Florida Society of Gastrointestinal Endoscopy
 The Royal Society of Medicine, London, England
 Southern Medical Association
 Pan American Medical Association

Scientific: New York Academy of Sciences

25. Honors and Awards:

Florida Gastroenterologic Society, Distinguished Service Award,
 September 2011

Florida Gastroenterologic Society, James L. Borland Sr. Memorial Award,
 September 2003

University of Miami School of Medicine, Distinguished Alumni Award,
 October 2004

American Gastroenterological Association Foundation, Mentor Research Scholar
 Award, May 2007

26: Post-Doctoral Fellowships

27: Other Professional Activities:

- **VISITING PROFESSORSHIPS:**

1. University of Texas Health Science Center-Division of Gastroenterology
 San Antonio, Texas
 January 22-24, 1978
2. Portsmouth Naval Hospital – Department of the Navy
 Portsmouth, Virginia
 September 15-16, 1978
3. University of Texas Health Science Center – Division of Gastroenterology
 San Antonio, Texas
 November 19-21, 1980
4. North East Ohio Universities – College of Medicine
 Department of Medicine
 Canton, Ohio
 January 16-17, 1984
5. University of Alabama
 Division of Gastroenterology
 Birmingham, Alabama
 June 21-23, 1988

6. University of Florida
Health Science Center – College of Medicine
Jacksonville, Florida
September 12-13, 1989
 7. University of Alabama
Division of Gastroenterology
Birmingham, Alabama
September 27-29, 1994
 8. Vanderbilt University
Division of Rheumatology
Nashville, Tennessee
May 15-17, 1996
 9. Allegheny University Medical Center
Division of Gastroenterology
Hahnemann University Medical College of Pennsylvania
Philadelphia, Pennsylvania
April 30, 1998
 10. Mayo Clinic
Division of Gastroenterology
Tallahassee, Florida
February 18-19, 2004
 11. Albany Clinic
Division of Gastroenterology
Albany, New York
Winter, 2005
 12. North Shore University Hospital (NYU)
Division of Gastroenterology
Manhasset, New York
November 6-7, 2006
 13. Ohio State University
Division of Gastroenterology
Columbus, Ohio
July 24-25, 2007
- **INVITED PRESENTATIONS AT SCIENTIFIC MEETINGS:**
 1. American Academy of General Practice – Annual Meeting
Miami, Florida

July, 1971

“Symposium on Gastrointestinal Disease”

2. Florida Medical Association – Annual Meeting
Miami, Florida
May, 1974
“Use Of Peritoneoscopy in the Diagnosis of Intra-Abdominal Disease”
3. American College of Gastroenterology – Annual Meeting
Miami, Florida
September, 1974
“Colonoscopy and Polypectomy in the Management of Colon Cancer”
4. Interstate Post-Graduate Medical Association – Annual Meeting
Hollywood, Florida
October, 1974
“Gastric Surgery Sequelae”
5. American Society of Contemporary Medicine and Surgery – Annual Meeting
Miami, Florida
March, 1976
“UGI Bleeding”
6. Society of Gastrointestinal Assistants – Annual meeting
Miami, Florida
May, 1976
“Laparoscopy”
7. Southern Medical Association – Annual Meeting
New Orleans, Louisiana
November, 1976
“GI PostGraduate Course”
8. American Society of Contemporary Medicine and Surgery – Annual Meeting
Hollywood, Florida
February, 1977
“ERCP in the Diagnosis of Pancreatic Disease: 331 Case Experience”
9. Florida Gastroenterology Society
Hollywood, Florida
February, 1977
“Endoscopic Retrograde Cholangiopancreatography: Current Status”
10. Southern Medical Association
Dallas, Texas
November, 1977
“Tailor Made Pancreatic Surgery for Chronic Pancreatitis”

11. Southern Medical Association
Dallas, Texas
November, 1977
“Ampullary Stenosis: Clinical Presentation, Diagnosis and management”
12. Post-Graduate Course – Baptist Hospital
Jacksonville, Florida
January, 1978
“Clinical Usefulness of Cimetidine”
“Medical Surgical Grand Rounds”
13. American Society for Gastrointestinal Endoscopy
Mid-Winter PostGraduate Course
Miami, Florida
February, 1978
“Acute Pancreatitis”
“ERCP – Role in Chronic Pancreatitis”
“Ampullary Stenosis”
14. First International Congress on Colonoscopy and Diseases of Large Bowel
Miami, Florida
March, 1978
“Endoscopic Biopsy Techniques”
15. American Society For Gastrointestinal Endoscopy – Annual Meeting
Las Vegas, Nevada
May, 1978
“Rectal Bleeding – Analysis of 304 Cases”
16. American College of Gastroenterology – Annual Meeting
Denver, Colorado
September, 1978
“Ampullary Stenosis: Clinical Presentation, Diagnosis and Management”
17. American College of Gastroenterology – Annual Meeting
Denver, Colorado
September, 1978
“Evaluation of Overt and Occult Gastrointestinal Bleeding: Analysis of 304 Cases”
18. American Association of Anatomists – Annual Meeting
Hollywood, Florida
April, 1979
“ERCP: A Clinical Anatomical Guide to Diseases of the Pancreas and Biliary Tree”

19. Florida Gastroenterologic Society – Annual Meeting
Marco Island, Florida
September, 1979
“Ampullary Stenosis: Morphine-Prostigmin Test in Making Clinical Decisions”
20. American Medical Association – Post Graduate Course
Tampa, Florida
February, 1980
“Evaluation and Management of Common GI Problems: Peptic Ulcer Disease”
21. American Institute of Medical Education and Research
Mid-Winter Course
Palm Springs, California
February, 1980
“Techniques of ERCP”
22. American Society for Gastrointestinal Endoscopy – Annual Meeting
Post Graduate Course
Salt Lake City, Utah
May, 1980
“Ampullary Stenosis – Is it a Real Entity?”
23. American Society of Cytology - Annual Meeting
Boston , Massachusetts
November, 1980
“Transendoscopic Fine Needle Aspiration Cytology – A Novel Techniques in the Diagnosis of Gastrointestinal Lesions”
24. American Society for Gastrointestinal Endoscopy – Annual Meeting
New York City, New York
May, 1981
“Transendoscopic Needle Aspiration Cytology-A Comparison with Standard Biopsy Techniques”
25. American Society for Gastrointestinal Endoscopy – Annual Meeting
New York City, New York
May, 1981
“ERCP in Alcoholic Pancreatitis”
26. First International Symposium on Aging
Bal Harbour, Florida
April, 1981
“Intestinal Gas”
27. Fourth Annual Lawnwood Medical Symposium
Ft. Pierce, Florida

July, 1981
 “Colonoscopy”
 “ERCP and Papillotomy”

28. American Institute of Medical Education and Research
 Chicago, Illinois
 July, 1981
 “Techniques of ERCP and Endoscopic Papillotomy”
29. Pan American Conference – Annual Meeting
 Bal Harbour, Florida
 July, 1981
 “The Role of ERCP in Biliary Tract Disease”
30. Florida Society of Gastrointestinal Assistants – Annual Meeting
 Sanibel Island, Florida
 September, 1981
 “Endoscopic Sclerotherapy of Esophageal Varices”
31. Southern Medical Association – Annual Meeting
 New Orleans, Louisiana
 November, 1981
 “Transendoscopic Needle Aspiration Cytology – A Comparison with Standard Biopsy Techniques”
32. American Pancreatic Association and National Pancreatic Cancer Project
 Chicago, Illinois
 November, 1981
 “Computerized Tomography in Assaying Effect of Therapy in Pancreatic Cancer: Preliminary Results”
33. American Society for Gastrointestinal Endoscopy
 Chicago, Illinois
 May, 1982
 “National ASGE Survey on Upper Gastrointestinal Bleeding – Multivariate Analysis of Predictors of Outcome”
34. First Internal Medicine Conference – Universidad Central Del Este
 San Pedro de Macoris, Republica Dominicana
 June, 1982
35. Southern Medical Association – Annual Meeting
 Atlanta, Georgia
 November, 1982
 “Transendoscopic Needle Aspiration Cytology: A Comparison with Brush

Cytology”

36. American Society of Contemporary Medicine and Surgery – Annual Meeting
Atlanta, Georgia
November, 1982
“Transendoscopic Needle Aspiration Cytology: A Comparison with Brush Cytology”
37. American Society for Gastrointestinal Endoscopy – Annual Meeting
Washington, D.C.
May, 1983
“The National ASGE Colonoscopy Survey – Preliminary Analysis of Complications of Colonoscopy”
38. American Institute of Medical Education and Research
Chicago, Illinois
July, 1983
“ERCP and Endoscopic Papillotomy”
39. Florida Society of Gastrointestinal Assistants – Annual Meeting
West Palm Beach, Florida
September, 1983
“Intestinal Gas”
40. Interstate Post Graduate Medical Association – 68 Annual Meeting
Hollywood, Florida
October, 1983
“Esophageal Origin of Chest Pain”
“Managing Peptic Ulcer: Changing Concepts”
41. Brooklyn College of Pharmacy Alumni Meeting
Miami, Florida
October, 1983
“Physiology of Acid Secretion and Current Understanding of Ulcer Pathophysiology”
42. American Society of Abdominal Surgeons- 8 Annual Symposium
Tampa, Florida
November, 1983
“Management of Retained Stones: Stones with T-tube in Place, Stones with T-tube Removed, ERCP Papillotomy, Re-Operation, Do Nothing”
43. American College of Gastroenterology – 5 Annual International Conference
Orlando, Florida

February, 1984

“Biliary Obstruction – Endoscopic Approach, Endoprosthesis and Drainage”

“Bipolar Electrocautery in Upper GI Hemorrhage”

44. American Society for Gastrointestinal Endoscopy – Annual Meeting
New Orleans, Louisiana
May, 1984
“The National ASGE Colonoscopy Survey – Analysis of Colonoscopic Practices and Yield”
45. American Society for Gastrointestinal Endoscopy – Scientific Meeting
New Orleans, Louisiana
May, 1984
“The National ASGE Colonoscopy Survey – Complications of Colonoscopy”
46. Annual Pharmacology Symposium
South Miami Hospital
June, 1984
“Agents Used in Peptic Ulcer Disease – Tagamet vs Zantac”
47. American Institute of Medical Education and Research
Chicago, Illinois
July, 1984
“ERCP and Endoscopic Papillotomy”
48. Sebastian Summer Medical Symposium
Indiatlantic, Florida
August, 1984
“Endoscopic Diagnosis”
49. American Institute of Medical Education and Research
San Francisco, California
October, 1984
“ERCP and Endoscopic Papillotomy”
50. Southern Medical Association-Annual Meeting
New Orleans, Louisiana
November, 1984
“Intestinal Pseudo-Obstruction – Therapeutic Role of Colonoscopy”
51. American Society of Abdominal Surgeons-Annual Meeting
Tampa, Florida
November, 1984

- “Management of Retained Gallstones”
 - “Post-Cholecystectomy Pain-Value of Biliary manometry”
- 52. 6th Annual International Gastroenterology Conference
Orlando, Florida
February, 1985
 - “How Common is Papillitis? A Role for Biliary manometry”
 - “Bipolar Coagulation of Upper Gastrointestinal Hemorrhage”
- 53. National Foundation for Ileitis and Colitis
Miami Beach, Florida
March, 1985
 - “Inflammatory Bowel Disease- Endoscopic Diagnosis”
- 54. American Society of Contemporary Medicine and Surgery-Annual Meeting
Orlando, Florida
March, 1985
 - “Ampullary Stenosis-Diagnosis and Management”
 - “Peptic Ulcer Disease”
- 55. American Society for Gastrointestinal Endoscopy-Annual Meeting
New York City, New York
May, 1985
 - Developed and Presented “1985 Endoscopic PhotoQuiz”
- 56. American Gastroenterologic Association-Annual meeting
New York City, New York
May, 1985
 - “Effect of 15@-15-methyl Prostaaglandin E2 on Acute Upper Gastrointestinal Hemorrhage”
- 57. Florida Association of General Surgeons-Annual meeting
Palm Beach, Florida
September, 1985
 - “Retained Common Duct Stones-Endoscopic Approach”
- 58. American Institute of Medical Education and Research
Chicago, Illinois
October, 1985
 - “Techniques of Endoscopic Control of GI Hemorrhage”
 - “Techniques of ERCP and Endoscopic Papillotomy”
- 59. First Annual Medical Surgical Review
Ft. Pierce, Florida
October, 1985

“New Concepts-management of Peptic Ulcer Disease”

60. American College of Gastroenterology –50th Annual Scientific Meeting
Miami Beach, Florida
October, 1985
“Efficacy of Radiation Therapy for Pancreatic Ascites and Pleural Effusions”
61. Symposium on the Endoscopic, Radiographic and Surgical Management of Bile
Duct Strictures
Miami, Florida
October, 1985
COURSE DIRECTOR
62. American Society of Abdominal Surgeons-Tenth Annual Symposium
Miami, Florida
November, 1985
“Post-Cholecystectomy Syndrome-Endoscopic Management of Biliary Strictures”
63. Puerto Rico Medical Association Annual Convention
San Juan, Puerto Rico
November, 1985
“Management of Peptic Ulcer Disease”
64. Southern Medical Association-Annual Meeting
Orlando, Florida
November, 1985
“Esophageal Histopathology of Acquired Immunodeficiency Syndrome”
65. Annual Pharmacology Symposium – Cedars of Lebanon Hospital
Miami, Florida
April, 1986
“New Concepts-Management of Peptic Ulcer Disease”
66. University of Miami Department of Radiology Post Graduate Course-Radiology of
Hepatobiliary and Pancreatic Diseases
Miami, Florida
April, 1986
“Jaundice”
67. Disease of the Month Conference-Tallahassee Memorial Regional Medical Center
Tallahassee, Florida
April, 1986
“Post Cholecystectomy Syndrome”
“Post Gastrectomy Syndrome”
68. American Society for Gastrointestinal Endoscopy – Annual Meeting

San Francisco, California

May, 1986

“Balloon Dilation of Recto-Sigmoid Strictures: Transendoscopic Approach”

69. American Gastroenterological Association – Annual Meeting

San Francisco, California

May, 1986

“The Effect of Pirenzepine on the Healing of Active Duodenal Ulcer Disease”

70. American Institute of Medical Education and Research

Chicago, Illinois

June, 1986

“Techniques of Endoscopic Control of GI Hemorrhage”

“Techniques of ERCP and Endoscopic Papillotomy”

71. National Foundation of Ileitis and Colitis

Inflammatory Bowel Disease Update

Scientific Program

Orlando, Florida

September, 1986

“Endoscopic Recognition of Inflammatory Bowel Disease”

72. American Institute of Medical Education and Research

New Orleans, Louisiana

October, 1986

“ERCP and Endoscopic Papillotomy”

“Endoscopic control of GI Hemorrhage”

73. Sociedad Medico Del Norte

Arecibo, Puerto Rico

October, 1986

“Gastric and Duodenal Ulcer Disease”

74. IV World Federation of Nuclear Medicine and Biology

Buenos Aires, Argentina

November, 1986

“Quantitative Hepatobiliary Scintigraphy in the Diagnosis of Papillary Stenosis”

75. Update For Gastroenterologists

Bonaventure, Florida

January, 1987

“Peptic Ulcer Disease-Nocturnal Suppression Acid”

76. 8th Annual International Gastroenterology Conference

Orlando, Florida
 February, 1987
 "Papillary Stenosis"
 "Management of Peptic Ulcer Disease"

77. Georgetown University Postgraduate Course
 Vale, Colorado
 March, 1987
 "Management of Cancerous Polyps"
 "Cytoprotective Agents"
78. Southern Medical Association-Annual Meeting
 Dallas, Texas
 November, 1987
 "Tuberculous Peritonitis: An Uncommon Entity in the United States"
79. American Society of Abdominal Surgeons
 Tampa, Florida
 November, 1987
 "Role of ERCP and Abdominal Injuries"
 "Endoscopic Management of Biliary Strictures"
80. Georgetown University Postgraduate Course
 Vale, Colorado
 February, 1988
 "Campylobacter – Current Status"
 "Pharmacologic Management of Stress Related Mucosal Damage (SRMD)"
81. Tarzana Regional Medical Center Gastroenterology Symposium
 Tarzana, California
 March, 1988
 "Cytoprotection Agents – Current Status"
82. 3rd International Congress on Colonoscopy and Diseases of the Large Bowel
 Miami, Florida
 March, 1988
 "Rationale for Screening, Follow-Up and Colonoscopic Regimes in Patients
 with Colon Polyps and Colon Cancer"
83. First Annual Gastroenterology Symposium
 Atlantic City Medical Center
 Atlantic City, New Jersey
 March, 1988
 "Campylobacter – Current Status"
 "Cytoprotection Agents – Current Status"

84. ASGE Postraduate Course
New Orleans, Louisiana
May, 1988
COURSE DIRECTOR
85. 14th Annual Gulf Coast Internal Medicine Conference
Northwest Florida Academy of Internal Medicine
Pensacola, Florida
September, 1988
“Screening for Colorectal Cancer”
86. American College of Gastroenterology Postgraduate Course
New York City, New York
October, 1988
“Massive Hematemesis”
87. American Society of Abdominal Surgeons
Annual Gastrointestinal Surgery Conference
Tampa, Florida
January, 1989
“Stress Related Mucosal Damage”
“Cytoprotection – Clinical Application”
88. American College of Clinical Pharmacology Annual Course
Sarasota, Florida
February, 1989
“Drugs for the Treatment of Peptic Ulcer Disease”
89. Orlando Regional Medical Center International Gastroenterology Conference
Orlando, Florida
February, 1989
“C Pylori Controversy: Do We Live With It?”
“Massive Hematemesis”
90. 13th Annual Scientific Clinical Congress of Abdominal Surgeons
National Study Center for Continuing Medical Education
Tampa, Florida
April, 1989
“Role of ERCP and Ampullary Manometry in Ampullary Disease”
“Endoscopic Intervention for Biliary Strictures”
91. American College of Gastroenterology – Post Graduate Course
New Orleans, Louisiana
October, 1989
“Diagnosis and Management of UGI Endoscopic Complications”

92. University of Florida
Seminar on GI Diseases
Boca Raton, Florida
November, 1989
"Campylobacter Pylori"
"Update on Cytoprotection"

93. Clinical Congress of Abdominal Surgeons
Orlando, Florida
March, 1990
"Role of ERCP and Ampullary manometry"
"Endoscopic Intervention for Biliary Strictures"

94. Cuban Medical Conference
Miami, Florida
July, 1990
"Prostaglandins in the Treatment of NSAID Induced Gastric Damage"

95. American College of Gastroenterology Annual Postgraduate Course
Boston, Massachusetts
August, 1990
"Update of Treatment of Peptic Ulcer Disease"

96. American Society of Abdominal Surgeons-15th Annual Seminar
Tampa, Florida
November, 1990
"Role of ERCP and Manometry in Ampullary Disease"
"Endoscopic management in Biliary Strictures"

97. American Society of Gastrointestinal Endoscopy Postgraduate Course
San Diego, California
February, 1991
Moderator: "Polemics of Esophageal Disease"

98. Primary Care Symposia on GI Diseases
University of Miami School of Medicine
Turnberry Isle, Florida
March, 1991
COURSE DIRECTOR

99. American Society of Gastrointestinal Endoscopy – Annual Meeting
New Orleans, La
May, 1991
"An Evaluation of Quantitative Hepatobiliary Scintigraphy in the Diagnosis of Papillary Stenosis"
"An Evaluation of Serum Bile Salt Response to Provocative Testing and

Biliary Manometry in the Diagnosis of Patients with Papillary Stenosis"

100. South Texas Chapter Texas Academy of Family Physicians – Annual Seminar
Rockport, Texas
May, 1991
"Arthritis Non- Steroidal Drugs – Prostaglandin Gastric Consequences"
101. 7th International Conference on Experimental Drugs
Berlin, Germany
October, 1991
"Double Blind Comparison Study of the Efficacy and Safety of Misoprostol and Ranitidine in the Prevention of NSAID-Induced Gastric Ulcers and Upper GI Symptoms. Preliminary Findings"
102. American College of Gastroenterology
Boston, Massachusetts
October, 1991
Poster Presentations:
 - Disparative Methods of Pneumatic Dilation (PD) are Effective in Initial Symptom Relief for Achalasia (ACH): A Randomized Trial.
 - An Evaluation of Serum Bile Salt Response to Provocative Testing and Nardi Test (NT) in Patients with Papillary Stenosis
103. American Society of Gastrointestinal Endoscopy – Annual Meeting
9th Interim Postgraduate Course
Washington, DC
January, 1992
Moderator: GI Diseases
104. Annual Gastrointestinal Assistants Endoscopy Course
Van Nuys, California
February, 1992
"The Role of the Endoscopic Needle (Injection or Aspiration) in Diseases of the Upper Gastrointestinal Tract"
"Endoscopic Needle Aspiration Cytology in the Diagnosis of malignant Diseases of the Gastrointestinal Tract"
105. American Gastroenterological Association - Annual Meeting
San Francisco, California
May, 1992
"Misoprostol and Ranitidine in the Prevention of NSAID-Induced Gastric and Duodenal Ulcer Disease"
106. American Society of Gastrointestinal Endoscopy - Annual Meeting
San Francisco, California

May, 1992

Moderator: Appropriate Use of Technology in the Diagnosis and Treatment of GI Diseases - Colon.

107. Northeastern Ohio Universities College of Medicine 4th Annual Update in Internal Medicine
Rootstown, Ohio
May, 1993
"Advances in Diagnostic and Therapeutic Endoscopy of the Biliary Tree"
108. American Gastroenterological Association - Annual Meeting
Boston, Massachusetts
May, 1993
"Efficacy and Safety of Three Dosage Regimens of Misoprostol in Preventing NSAID- Induced gastric and Duodenal Ulcer Disease"
109. American Gastroenterological Association Annual Meeting
Boston, Massachusetts
May, 1993
Moderator: AGA Topic Forum- "GI Cancer"
110. Ileitis and Colitis Foundation Annual Meeting
Miami, Florida
February, 1994
"Diagnosing Inflammatory Bowel Disease"
111. American Society of Consultant Pharmacist 16th Mid Year Conference
Boca Raton, Florida
May 11, 1994
"Approaches for the Prevention of NSAID-Induced GI Damage"
112. Southern Medical Association 88th Annual Meeting
Orlando, Florida
November 2-6, 1994
Symposium on "GERD" The Difficult Patient
113. American College of Gastroenterology Regional PostGraduate Course
Orlando, Florida
February 18-19, 1995
"NSAID Gastropathy"
114. Interamerican Pharmaceutical Association Annual Meeting
Miami, Florida
March 19, 1995
"NSAID Gastropathy"

115. American Society of Gastrointestinal Endoscopy
Annual Meeting
San Diego, California
May, 1995
Meet The Professor Luncheon
"Diagnosis and Management of Endoscopic Complications"
116. 21st Annual Gulf Coast Internal Medicine Conference Annual Meeting
Pensacola, Florida
February 1, 1996
"Update of Duodenal Ulcer Disease: H.pylori"
"N SAID-Induced Gastropathy"
117. 17th Annual International Gastroenterology Conference
Lake Buena Vista, Florida
February 28, 1996
"NSAID-Induced GI Hemorrhage"
"H. pylori"
118. American Society of Gastrointestinal Endoscopy"
Annual Meeting
San Francisco, California
May 22-24, 1996
Seminar Moderator: Endoscopic Complications
119. 22nd Annual Gulf Coast Internal Medicine Conference Annual Meeting
Pensacola, Florida
February, 1997
"Pathophysiology and Management of NSAID Gastropathy"
120. 18th Annual International Gastroenterology Conference
Lake Buena Vista, Florida
February, 1997
"Patient Assessment and Management in the Treatment of Upper GI Bleeding" "H Pylori"
121. National Therapeutic ndoscopy Course
Miami, Florida
February, 1997
"Gastroesophageal Reflux Disease"
122. American Society of Gastrointestinal Endoscopy Annual Meeting
Washington, D.C.
May 12-18, 1997
Seminar Moderator: Endoscopic Complications

123. First Year Fellow GI Endoscopy Course
Orlando, Florida
September 1998
Course Director
124. American College of Physicians Annual Meeting
San Diego, California
April 1, 1998
"Risks and Benefits of NSAID Therapy"
125. American Society of Gastrointestinal Endoscopy
Annual Meeting
New Orleans, La.
May 15-22, 1998
Seminar Moderator: Endoscopic Complications: Prevention and Management
126. American College of Gastroenterology
63 Annual Scientific Meeting
Boston, Massachusetts
October 12-14, 1998
"Successful Colonoscopic Drainage of a Lymphatic Cyst of the Colon"
127. American Society of Gastrointestinal Endoscopy Annual Meeting
Orlando, Florida
May 16-22, 1999
"Meet The Professor Luncheon"
Endoscopic Complications: Prevention and Management
128. Gastroenterology 99
Clinical Implications in Gastroenterology
Vancouver, Canada
August 27 - September 2, 1999
"Cox-2 Specific Inhibition - Upper GI Effects and other Safety Issues"
129. Third Annual Southeastern First Year Fellows Course Director
Orlando, Florida
October 1-3, 1999
130. Fourth Annual Southeastern First Year Fellows Course Director
Ft. Lauderdale, Florida
September 22-24, 2000
131. The Toxicology Forum 2001 Annual Winter Meeting
Washington, D.C.
February, 2001

"Clinical Experience with COX Inhibitors"

132. American College of Gastroenterology Annual Meeting
Las Vegas, Nevada
October, 2001
"Etiology of Persistent Dysphagia/Odynophagia in HIV Patients"
133. American College of Gastroenterology Annual Meeting
Las Vegas, Nevada
October, 2001
"Prevalence of Celiac Disease in Patients Presenting with Iron Deficiency Anemia - A Prospective Study"
134. American College of Gastroenterology Annual Meeting
Las Vegas, Nevada
October, 2001
"Endoscopic Findings in Post Transplant Patients with Persistent Dyspepsia"
135. American College of Gastroenterology Annual Meeting
Las Vegas, Nevada
October, 2001
RESIDENT RESEARCH AWARD PAPER
"The Relationship Between Viral Load/CD4 Counts and Esophageal Ulcers in HIV Patients"
136. American College of Gastroenterology Annual Meeting
Seattle, Washington
October, 2002
"Non Helicobacter Pylori, Non-NSAID PUD:

137. 5th Annual Southeastern First Year Fellows Course DIRECTOR
Orlando, Florida
September 2002

138. Harvard UM Annual Pre Med Course
Ft. Lauderdale, Florida
February 14, 2003
"Colon Cancer Screening"

139. University of Miami School of Medicine Internal Medicine Primary Care
Physicians Course
Coconut Grove, Florida
February 22, 2003
"Cox-2 Inhibitors In the GI Tract"

140. Annual Southeastern First Year Fellow Course
Orlando, Florida
September, 2003
COURSE DIRECTOR

141. American College of Gastroenterology 68th Annual Scientific Meeting
Baltimore, Maryland
October 15, 2003
"A 38 year old Man with Paroxysmal Nocturnal Hemoglobinuria and Rectal
Bleeding: A Case Report"

142. American College of Gastroenterology 68th Annual Scientific Meeting
Baltimore, Maryland
October 15, 2003
"A Prospective Study of the Prevalence of Cytomegalovirus and Human
Herpes 6 Virus in Patients with Inflammatory Bowel Disease"

143. Florida Gastroenterologic Society – Annual Meeting
Orlando, Florida
September, 2004
"A Prospective Comparison of Colonoscopy and Flexible Sigmoidoscopy
for the Evaluation of Young Adults with Rectal Bleeding"

144. Annual Southeastern First Year Fellow Course
Orlando, Florida
October, 2004
COURSE DIRECTOR

145. American College of Gastroenterology – Annual Scientific Meeting
Orlando, Florida
October, 2004
"A 49 year old man with Dysphagia and a Large Pedunculated Mass: A

Case Report”

146. Southern Medical Association – Annual Scientific Meeting
New Orleans, Louisiana
November, 2004
“A 49 year old man with Dysphagia and a Large Pedunculated Mass: A Case Report”

PRESENTATIONS since 1993:

1993 Asthma Update, TMH luncheon seminar
1995 Cardiopulmonary Exercise Testing, TMH luncheon seminar
1998 Positive Pressure Therapy, Tallahassee Pulmonary Symposium sponsored by American Lung Assoc
1998 Seven Consecutive Cases of Peri-operative Pulmonary Embolism with a Bad Outcome, Tri-state
Consecutive Case Conference on Lung Disease sponsored by American Thoracic Society of Florida, S.
Carolina, Georgia
1998 Upper Airway Resistance Syndrome, TMH Sleep Medicine Conference
1998 CPAP, BiPAP, and AutoCPAP, TMH Sleep Medicine Conference
1999 Obesity and Obstructive Sleep Apnea, Obesity Symposium sponsored by Capital Medical Society
1999 The Difficult Asthmatic, dinner sponsored by Rhone-Poulenc
1999 Evaluation of the Sleepy Patient, TMH Sleep Medicine Conference
2000 The History of Sleep Medicine, TMH Sleep Medicine Conference
2000 The Drowsy Driver, TMH Sleep Medicine Conference
2001 Sleep Medicine in the 21st Century, TMH Sleep Medicine Conference
2001 The Drowsy Driver, Forestry Service of U.S. Department of Agriculture
2002 Education for Physicians on End-of-Life Care (EPEC) core curriculum sponsored by TMH:
 1. Gaps in End-of-Life Care
 2. Communicating Bad News
 3. Withholding and Withdrawing Treatment
2002 Moderator: Five Consecutive Cases of Pulmonary Embolism with a Bad Outcome, Tri-state
Consecutive Case Conference on Lung Disease sponsored by American Thoracic Society of Florida, S.
Carolina, Georgia
2002 End-of-Life Issues, TMH Family Practice Residency Program luncheon
2002 Pulmonary Function Testing, Lecture for first year students at Florida State University College of
Medicine
2003 Sleep Medicine in the 21st Century, Tallahassee Pulmonary Symposium sponsored by American Lung
Assoc
2003 The Drowsy Driver, TMH Family Practice Residency Program luncheon
2003 Chronic Cough, TMH Family Practice Residency Program luncheon
2003 Education for Physicians on End-of-Life Care (EPEC) core curriculum sponsored by TMH:
 1. Communicating Bad News
 2. Medical Futility
 3. Withholding and Withdrawing Treatment

2004 Obstructive Sleep Apnea-Hypopnea Syndrome, University of Washington Orthodontics Department
 2004 Education for Physicians on End-of-Life Care (EPEC) core curriculum sponsored by TMH:

1. Gaps in End-of-Life Care
2. Communicating Bad News
3. Sudden Illness
4. Medical Futility
5. Withholding and Withdrawing Treatment

2004 Obstructive Sleep Apnea and Nasal CPAP, Patient education seminar sponsored by American Homepatient, HealthSouth Sleep Disorders Center, and Tallahassee Pulmonary Clinic

2005 The History of Sleep Medicine, Florida State University College of Medicine Grand Rounds

2005 DVT: Understand the Risk, TMH Luncheon Seminar

2005 Obstructive Sleep Apnea and Nasal CPAP, Patient education seminar sponsored by American Homepatient, HealthSouth Sleep Disorders Center, and Tallahassee Pulmonary Clinic

2005 Restless Legs Syndrome: The Facts, TMH Luncheon Seminar

2005 Pulmonary Hypertension, TMH Family Practice Residency Program luncheon

2005 Clinical Ethics, TMH Leadership Retreat

2006 Update on Narcolepsy, TMH Luncheon Seminar

2006 Restless Legs Syndrome, Presentation at Premier Health and Fitness Club

2006 Clinical Ethics, Leadership Tallahassee Seminar held at TMH

2007 Obstructive Sleep Apnea and Restless Legs Syndrome, Capital Medical Society Monthly Meeting

2007 Obstructive Sleep Apnea, Tallahassee Pulmonary Symposium sponsored by American Lung Assoc

2008 Case Presentations, Tallahassee Pulmonary Symposium sponsored by American Lung Assoc

2008 Women and Sleep, TMH Luncheon Seminar at A Women's Place

2008 Clinical Ethics, TMH Ethics Committee meeting

2008 Restless Legs Syndrome, Presentation at Premier Health and Fitness Club

2009 Women and Sleep, Presentation at Premier Health and Fitness Club

2010 Adolescents and Sleep, Presentation at Premier Health and Fitness Club

2010 Case Presentations, Tallahassee Pulmonary Symposium sponsored by American Lung Assoc

2010 The Drowsy Worker, Big Bend EAP Association Chapter

2010 The Drowsy Driver, Presentation at Tallahassee Memorial Sleep Center Conference

2010 Clinical Ethics at TMH, Bioethics Seminar at FSU College of Medicine

2011 Update on Restless Legs, Presentation to Capital Pharmacist Society

2012 Challenging Case Studies, Tallahassee Memorial Sleep Symposium

Since being appointed to the position of Executive Director of the Florida Department of Highway Safety and Motor Vehicles (DHSMV), our agency has reached more customers than ever before. Florida is now the third largest state in the nation with nearly 20 million people and a record tourism population, and almost every one of them will be a customer of the department at some point in their life.

This far-reaching department affects the lives of Floridians and visitors in a very real way. A driver credential not only helps verify the driver received the proper education and training to operate a motor vehicle safely on Florida roads, but, for many, is the sole source of identification that they will use to purchase a home, buy a vehicle, get a job or apply for a bank account. Safe drivers not only save lives but help keep Florida's transportation system moving. From the issuance examiner at the counter to the Florida Highway Patrol trooper on the road, each DHSMV member plays an integral part in providing highway safety and security through excellence in service, education and enforcement.

DHSMV members are encouraged every day to model themselves as champions for safety and go the extra mile to protect and serve the citizens and visitors of our state. This past year, we strategically promoted highway safety through the release of the updated official Florida Driver License Handbook in conjunction with leading several robust safety campaigns. We also began to analyze our crash and citation data to identify safety trends on our roadways, which has enhanced our partnerships with law enforcement agencies statewide.

As leaders in service, DHSMV members go above and beyond to put our customers and each other first, working with national, state and local partners to provide customers the best service possible while ensuring safety and security. This year, we have been able to offer the driver license exam in even more languages to ensure drivers understand the rules of the road. We deployed two more mobile issuance vehicles to meet some of our most vulnerable customers where they are and provided even more information and service through our website for customer convenience.

As the number and needs of our customers continue to grow, I have encouraged our members to act as agents of progress, fostering and enacting ways in which our department can improve, innovate and excel in the way we do business. DHSMV's Motorist Modernization efforts continue on track, having already launched portions of the multi-phase effort to upgrade decades-old systems, with each member and partner playing a role in identifying areas for process improvement and bringing those ideas to life. Once completed, the Motorist Modernization project will improve DHSMV's service delivery with a centralized portal for customers, provide more accurate and secure data collection and reporting and improve DHSMV's interactions with business partners and industry organizations.

I am proud of the progress we have made over the past year and, as we continue to find ways in which we can improve our processes and services, I remain committed to creating solutions that best serve our state. A Safer Florida is our vision and through deliberate highway safety education and enforcement efforts, we strive to ensure all drivers on Florida roads Arrive Alive.

Terry L. Rhodes
Executive Director

Florida Department of Highway Safety and Motor Vehicles By the Numbers In 2015...

(Although part of the fiscal year Annual Report, the numbers above reflect calendar year 2015)

News and Accomplishments

LEADERS IN SERVICE

QUARTER 1:

- **DHSMV customer call center opened in Kissimmee:** DHSMV opened a new call center in Kissimmee at the former driver license office on North Orange Blossom Trail. Members are able to take calls and assist customers with driver license and motor vehicle issues, which should help reduce the call center wait times.
- **DHSMV provided partner training to tax collector staff:** DHSMV staff hosted a training session for tax collector members around the state. Attendees received information and training on crash and public records, Uniform Traffic Citation fields and administrative support.
- **Florida Licensing on Wheels (FLOW) events across the state:** FLOW mobiles continued to go across the state in support of Florida's inmate re-entry program, reaching out to homeless populations, senior and minority communities and other outreach facilities to issue driver licenses, ID cards, registrations and handle other credentialing inquiries.

QUARTER 2:

- **DHSMV released two new specialty plates:** DHSMV released the Fallen Law Enforcement Officers and Florida Sheriffs Association license plates available statewide to the public. Fallen Law Enforcement Officers specialty plate fees are distributed through Police and Kids Foundation, Inc. and the Florida Sheriffs Association fees are distributed through the Florida Sheriffs Association.
- **DHSMV provided Uniform Traffic Citation training:** DHSMV members facilitated a Uniform Traffic Citation procedures presentation with the Department of Veterans Affairs Police Services Bay Pines in Pinellas County.
- **Veterans joined the ranks at DHSMV:** DHSMV hired 24 veterans this quarter. Eight DHSMV veterans received the Governor's Veterans Service Award. DHSMV also participated in the "Greenlight a Vet" program, installing green lightbulbs in front of the DHSMV headquarters.
- **Florida Licensing on Wheels (FLOW) events across the state:** FLOW mobiles continued to go across the state in support of Florida's inmate re-entry program, reaching out to homeless populations, senior and minority communities and other outreach facilities to issue driver licenses, ID cards, registrations and handle other credentialing inquiries. Of note, FLOW participated in a reinstatement event sponsored by Representative Kionne L. McGhee, Representative Cynthia Stafford and the 11th Judicial Courts; partnered with the office of Commissioner Francis Suarez (District 4) to visit senior condominium communities in Miami-Dade; and participated in a coordinated event at the Miami Field Office with the Department of Homeland Security Citizenship and Immigration Services field offices.

QUARTER 3:

- **DHSMV released new Woman Veteran License Plate:** DHSMV issued the first Women Veteran specialty license plate to Colleen Krepstekies, the Director of Legislative and Cabinet Affairs for the Department of Veterans Affairs. The Woman Veteran specialty plate is now available in local DHSMV and tax collector offices.
- **DHSMV participated in tax collector continuing education training:** DHSMV staff conducted continuing education training for tax collectors in Orlando with approximately 100 tax collectors and their staff in attendance.
- **Two new FLOW mobiles hit the road:** DHSMV's newest Florida Licensing on Wheels (FLOW) mobiles hit the road, serving the Tampa and Miami areas. These FLOW mobiles joined 11 other mobile issuance units across the state, assisting customers with limited access and mobility. The newest RV units were completely refurbished by PRIDE and are equipped with all of the technology to issue driver licenses, ID cards, registrations and other credentialing services.
- **Veterans joined the ranks at DHSMV:** DHSMV hired 24 veterans this quarter.
- **Florida Licensing on Wheels (FLOW) events across the state:** FLOW mobiles continued to go across the state in support of Florida's inmate re-entry program, reaching out to homeless populations, senior and minority communities and other outreach facilities to issue driver licenses, ID cards, registrations and handle

News and Accomplishments *continued*

other credentialing inquiries. Of note, FLOW teams participated in an ID and voter registration initiative with local high schools where they received over 200 voter registration applications; participated in reinstatement events for the office of County Commissioner Sally Heyman in Miami-Dade and Senator Geraldine Thompson in Orlando; and worked at the Florida Capitol Rotunda, providing replacement license plates, driver licenses, ID cards and registration renewals to members of the Florida Legislature, their staff and the visiting public.

QUARTER 4:

- **DHSMV released new Veteran's specialty license plates:** DHSMV approved statewide distribution of three new military service special license plates: Air Force Combat Action Medal, Navy Submariner and World War II Veteran.
- **DHSMV opened Pembroke Pines and Coral Reef offices for Saturday operations:** The Pembroke Pines and Coral Reef offices in Broward County began Saturday operating hours. These offices received large numbers of customers from the start and will continue to remain open for Saturday operation allowing DHSMV to serve more customers.
- **DHSMV launched Russian language translation system for driver tests:** DHSMV successfully piloted and launched testing for the Class E knowledge exam in Russian which has been added to the Automated Driver License Testing System. This enhancement allows offices and third party administrators to give the Class E knowledge exam in Russian text and audio.
- **FHP Honor Guard placed second in national competition:** FHP Honor Guard placed second in the Steve Young National Honor Guard competition and demonstration in Washington D.C. The team was one of two that was invited to attend a special ceremony at the Pentagon transporting the U.S. Honor Flag.
- **Veterans joined the ranks at DHSMV:** DHSMV hired 25 veterans this quarter.
- **Florida Licensing on Wheels (FLOW) events across the state:** FLOW mobiles continued to go across the state in support of Florida's inmate re-entry program, reaching out to homeless populations, senior and minority communities and other outreach facilities to issue driver licenses, ID cards, registrations and handle other credentialing inquiries. Of note, FLOW participated in a summer youth employment and financial empowerment program with the City of Miami to prepare future leaders by teaching them about financial education. With ID cards in hand, students were able to apply for local employment opportunities, internship positions, colleges and open bank accounts. FLOW teams attended the Women's Veterans Resource event sponsored by State Representative Gwyndolen Clarke-Reed in Oakland Park. FLOW teams also participated in Operation Fresh Start as part of a joint effort with the Palm Beach County Clerk of Court, Palm Beach County Sheriff's Office and the State Attorney's Office to provide a convenient opportunity for Palm Beach residents to have their invalid driver licenses reinstated after careful review of their outstanding non-criminal warrants.

AGENTS OF PROGRESS

QUARTER 1:

- **Colonel Gene Spaulding chosen as Director of Florida Highway Patrol:** Colonel Gene Spaulding, formerly Troop Commander of Troop G in Jacksonville, was chosen to be the 14th Director of the Florida Highway Patrol. Colonel Spaulding has been with the patrol for 22 years. During his career, he has served in locations throughout the state including Orlando, West Palm Beach and Ocala.
- **FHP graduated new Troopers:** The Florida Highway Patrol welcomed 56 new Troopers. New Trooper Juan Perez was honored with the Executive Director's Award for achieving the highest grade point average at the Academy and Trooper Robert Davis earned the Director's Award for demonstrating extraordinary courtesy and dedication during the 28 weeks of training. Alachua County Sheriff Sadie Darnell delivered the keynote address.

News and Accomplishments *continued*

QUARTER 2:

- **Florida Highway Patrol promoted three new majors:** Colonel Gene Spaulding held promotional ceremonies to promote three Captains to the rank of Major. Major John Gourley will lead field operations for Troop C in the Tampa area. Major Brannon Snead was chosen to lead FHP's Bureau of Criminal Investigations and Intelligence. Major Jeff Dixon was chosen to head up FHP's commercial vehicle enforcement operations as Troop I commander.
- **FHP graduated 12 new auxiliary members:** FHP welcomed 12 members to the Florida Highway Patrol Auxiliary. The new auxiliary Troopers successfully completed a rigorous testing, background investigation and a remote learning program. The FHP Auxiliary is an armed, professionally trained volunteer law enforcement organization dedicated to providing direct assistance and operational support to FHP and the citizens of Florida.
- **New regional communications center opened:** FHP partnered with the Florida Department of Transportation and the North Florida Transportation Planning Organization to open a state-of-the-art facility for monitoring and responding to incidents on Florida roadways in a coordinated effort to keep Florida safe.

QUARTER 3:

- **DHSMV released updated official Florida Driver License Handbook:** DHSMV released an updated edition of the official Florida Driver License Handbook with enhanced safety information for existing and potential Florida drivers. DHSMV updated the handbook with clear and easy-to-understand content and graphics to help readers effectively comprehend Florida traffic laws and regulations regarding the operation of a motor vehicle on Florida roads. The handbook is available in English, Spanish and Haitian-Creole in print to all DHSMV, tax collector and school districts statewide and by download on the DHSMV website and available on iTunes.
- **FHP graduated 44 new Troopers:** Members of the FHP 132nd basic recruit class graduated putting 44 new Troopers on the road to help promote a safer Florida. The 132nd basic recruit class went through 29 weeks of extensive training, covering topics such as firearms, vehicle operations, defensive tactics, first aid and law enforcement academics.
- **Florida Highway Patrol promoted new Chief of Patrol Operations and Major of the FHP Training Academy:** Colonel Gene Spaulding promoted Mark Brown as the new Chief of Patrol Operations for the northern region. Chief Brown graduated from the 97th basic recruit class and began his career in Charlotte County. Nancy Rasmussen was promoted as the first female Major of the FHP Training Academy having served 24 years with the patrol.

QUARTER 4:

- **FHP graduated 36 new Troopers:** DHSMV welcomed 36 members of the 133rd basic recruit class to the division of the Florida Highway Patrol, including 13 veterans. These Troopers joined more than 1,800 Troopers who patrol the state's roads each day to provide protection and assistance to Florida residents and visitors.
- **DHSMV partnered with Veterans Florida for Troops to Truckers initiative:** DHSMV staff attended the kickoff meeting for Troops to Truckers arranged by the Florida Trucking Association and Veterans Florida. DHSMV is part of the initiative to provide a pathway for veterans and soon-to-be veterans employment opportunities through the transportation industry.
- **DHSMV supported Ounce of Prevention Fund of Florida to promote healthy child development:** DHSMV displayed blue pinwheels at the DHSMV headquarter building and FHP Troopers attended events at the Florida Capitol and statewide in honor of Child Abuse Prevention month.
- **DHSMV Examiner awarded AAMVA 2015 Examiner of the Year:** DHSMV examiner Curtis Berryhill was named 2015 Examiner of the Year for the State of Florida by the International Driver Examiner Certification Board and American Association of Motor Vehicle Administrators (AAMVA).

News and Accomplishments *continued*

- **DHSMV conducted DAVID training for law enforcement:** DHSMV partnered with the Altamonte Springs Police Department to conduct four in-service trainings on the Driver and Vehicle Information Database (DAVID) system.
- **DHSMV teams awarded 2016 Prudential Productivity Awards:** Three teams at DHSMV earned 2016 Prudential Productivity Awards as a result of their efforts to bring cost savings, cost avoidances and increased efficiencies to DHSMV. Awards were presented to members of the Florida Highway Patrol and divisions of Motorist Services, Information Systems Administration and Administrative Services.
- **DHSMV successfully completed the data center move with AST:** DHSMV driver license and motor vehicle systems went offline accommodate the Agency for State Technology's data center move of DHSMV servers. DHSMV members worked throughout the weekend to ensure all systems were fully tested and functional for customers. Servers were successfully restored and online services were available on schedule.
- **Florida Highway Patrol recruiting statewide:** The Florida Highway Patrol actively recruited new Troopers and non-sworn staff statewide with messaging appearing on social media, billboards, radio and major Florida International airports in Jacksonville, Miami, Pensacola, Orlando and Tampa in an attempt to recruit returning military members to serve the state.

CHAMPIONS FOR SAFETY

QUARTER 1:

- **DHSMV led statewide safety campaigns:**
 - ▷ DHSMV teamed up with the Florida Department of Transportation and other safety advocates to bring awareness to the dangers of drowsy driving during Florida's Drowsy Driving Prevention Week. The campaign reached more than five million viewers.
 - ▷ DHSMV promoted National Child Passenger Safety Week, reminding parents and caregivers to choose the appropriate car seat for young children.
- **FHP Troopers to the rescue:**
 - ▷ Trooper Phillip McMillan responded to a call on the Skyway Bridge in Tampa regarding a male contemplating suicide. Trooper McMillan spoke with the man until he was able to get close enough to pull him from the wall, saving his life.
 - ▷ Trooper Paul Rawald stopped an impaired, reckless driver with a child passenger on I-75 in Hernando County. When the driver got out of the vehicle it began to roll toward a ditch with the unrestrained toddler still inside. Trooper Rawald ran and jumped into the vehicle to stop it, saving the toddler from possible injury or death.
 - ▷ FHP Corporal Jim Covert was traveling northbound on the Skyway Bridge in Tampa when he observed a subject attempting to commit suicide by jumping from the bridge. Corporal Covert acted quickly and was able to save the person's life.
 - ▷ Troopers Montague Haight and Peter Hooker responded to assist the Orange County Sheriff's Department with a suspicious vehicle. When the Troopers saw the front seat passenger in distress, Trooper Haight began rescue breathing for the subject until medical services arrived.
 - ▷ Trooper Chris Davidson witnessed a crash in Tampa in which a car overturned, trapping the driver inside. Due to the unstable position of the vehicle, Trooper Davidson feared the car would roll again and pulled the injured driver from the shattered side window.

QUARTER 2:

- **Trooper of the Year honored by Cabinet:** The Florida Cabinet honored Trooper Bradford Wagner as the Florida Highway Patrol 2015 Trooper of the Year. Trooper Wagner is assigned to FHP Troop K in Land O'Lakes and has been with the patrol for more than 25 years. On two separate occasions in 2014, Trooper Wagner's instincts saved lives.

News and Accomplishments *continued*

- **DHSMV led driving safety campaigns:**

- ▷ DHSMV marked its annual Delete Teen Crashes day with events throughout the state to remind teens to keep their hands on the wheel, eyes on the road and mind on driving.
- ▷ FHP's commercial vehicle enforcement Troopers led an enforcement campaign of Ticketing Aggressive Cars and Trucks (TACT), aimed at educating motorists about the dangers of aggressive driving around large trucks.
- ▷ DHSMV reminded motorists and pedestrians to use extreme caution and safely share the road during the Halloween weekend while trick-or-treaters were out and about in Florida neighborhoods.

- **FHP Troopers to the rescue:** FHP Troopers Christopher Rowley and Daniel Cruz rescued a man from a burning car after a crash on I-75 left the driver unresponsive. Trooper Cruz put the fire out while Trooper Rowley broke the car window and pulled the driver to safety. The man was transported to the hospital with several pending criminal charges for DUI and driving a stolen vehicle.

QUARTER 3:

- **DHSMV led driving safety campaigns:**

- ▷ The Florida Cabinet resolved to make January Move Over Month. All month long, DHSMV promoted Florida's Move Over Act in a statewide effort to educate drivers about the importance of moving over a lane or slowing down 20 miles per hour below the posted speed limit for law enforcement, first responders and services vehicles along the roadside. The campaign paid media reached just under 27.5 million people and earned media efforts reached at least 14.4 million people.
- ▷ DHSMV hosted press conferences across the state, highlighting the victims of hit and run crashes and their families in recognition of Hit and Run Awareness Week. The overall paid media garnered 590,879 impressions and earned media efforts reach at least 14.8 million people.
- ▷ DHSMV partnered with the Florida Department of Business and Professional Regulation, Florida Department of Transportation, Florida Sheriffs Association, Florida Police Chiefs Association, Visit Florida and the Florida Restaurant and Lodging Association to spread the message that as people celebrate Spring Break in Florida, not to drive drunk. Throughout March, law enforcement agencies paid special attention to enforcing the state's drinking age laws and working to keep impaired drivers off the road. The overall paid media garnered just fewer than eight million impressions and earned media reach was at least seven million people.
- ▷ FHP's commercial vehicle enforcement Troopers lead an enforcement campaign of Ticketing Aggressive Cars and Trucks (TACT), aimed at educating motorists about the dangers of aggressive driving around large trucks.

- **Lt. Channing Taylor received FHP Medal of Valor and Purple Heart award:** FHP Lt. Channing Taylor received FHP's Medal of Valor and Purple Heart award in recognition of his outstanding bravery, gallantry and courage in the line of duty. Lt. Taylor observed a red pickup truck entering a parking lot of a gas station in Brevard County without its headlights on and conducted a traffic stop. After the initial contact with the driver, the passenger of the vehicle produced a revolver and fired at Lt. Taylor striking him in the shoulder. Lt. Taylor found cover and with a clear line of sight, engaged the subject with this service weapon, fatally wounding him. The driver was immediately taken into custody. It was later learned the suspect had a suicide pact with the driver.

- **FHP assisted in cargo theft ring arrests:** The FHP Commercial Vehicle and Cargo Theft Task Force assisted with the arrests of five Miami-Dade County residents in connection with an organized cargo theft ring. The suspects travelled from Miami-Dade County in a rental vehicle to search for tractor-trailers they could easily steal and then return and sell the property on the black market.

News and Accomplishments *continued*

QUARTER 4:

- **DHSMV revitalized “Arrive Alive” license plate and safety campaign:** DHSMV unveiled the newest version of its “Arrive Alive” license plate now featured as the front license plate of Florida Highway Patrol vehicles. The license plates are part of DHSMV’s “Arrive Alive” campaign, which dates back to 1970, to reduce traffic-related deaths on Florida roads.
- **DHSMV led statewide driving safety campaigns:**
 - Throughout the month of April, DHSMV reminded motorists to fully focus on driving and not drive distracted. DHSMV partnered with the Florida Department of Transportation, Florida Sheriffs Association, Florida Police Chiefs Association, Students Against Destructive Decisions and the Florida Teen Safe Driving Coalition to spread the message, Focus on Driving, Florida.
 - DHSMV launched the Motorcycle and Bicycle Safety Awareness Month in May in partnership with the Florida Department of Transportation, Florida Sheriffs Association, Florida Police Chiefs Association and Ride Smart Florida to remind motorists that there is only one road and we must share it.
- **DHSMV launched proactive Emergency Contact Information (ECI) registration campaign:** In April, DHSMV Executive Director Terry L. Rhodes was honored at the 10-year anniversary of the organization To Inform Families First (TIFF), a non-profit organization dedicated to promoting emergency contact registration. DHSMV launched a proactive statewide campaign to increase ECI registrants statewide for all driver license and ID card holders, especially in conjunction with Florida’s hurricane season.
- **FHP Troopers to the rescue:**
 - FHP Trooper rescued a kidnapped woman on I-95 in West Palm Beach after she spotted the Trooper, began honking the horn and the Trooper pulled the vehicle over and arrested her captor.
 - Trooper Jacky Gomez responded to a call along Florida’s Turnpike in Miami and discovered a silver Infiniti parked in the emergency shoulder, engine off with three children ages three, five and seven asleep and unattended in the vehicle. Trooper Gomez rescued the children and as the father returned to the vehicle 20 minutes later, he was arrested in consultation with the State Attorney’s Office and DCF and charged with child neglect.
 - While investigating a school bus crash that was transporting 20 pre-school children ages one to five years old, Lieutenant Michael Long discovered the driver had an expired license. As they waited for another bus to arrive to transport the children, Lt. Long, Lt. Ellery Collado, Captain Julio Pajon and FHP employees Vivian Ghindoc and Romy Gonzalez provided water, coloring books and crayons to the children stuck inside the bus.
 - FHP Communication training officer Jonathan Folsom noticed skid marks on the road and lights emanating from a wooded area as he travelled home after work. He stopped to investigate and found an overturned vehicle on fire and immediately called 911. Working with the Tallahassee Police Department and a volunteer firefighter, they were able to pull a small child from the burning car before the vehicle exploded.
 - FHP Troopers responded to a carjacking along Florida’s Turnpike in Lake Worth, which escalated to a potential hostage situation in a local residence. Troopers, along with Lake County deputies, were able to safely remove the hostages and the suspect later surrendered on scene and was taken into custody.
 - Trooper Jeff O’Pry assisted a family whose car hydroplaned off of the interstate and hit a tree in Bay County, by helping the family, their 18 year old daughter and the family dog get out of the vehicle. Trooper O’Pry continued to follow up with the family and visited the daughter in the hospital after her surgery.
 - Trooper Danielle Poulin assisted a special needs juvenile in Pinellas County who was found riding a pedacycle on the Sunshine Skyway Bridge. Trooper Poulin assisted in identifying the juvenile and transported them to a local therapeutic recreation department where staff was able to identify the juvenile and contact their mother.

Subjective Leadership Assessment

Number	Measure	Ranking 1-5
1	How do you define success in your agency?	
2	What services does your agency provide that are most undervalued?	
3	What outcomes do you plan to accomplish as agency head as it relates to your short and long term priorities?	
	a. Do your resources align with your priorities in order to achieve these outcomes?	
	b. How do your priorities align with the agency's legislative proposals and legislative budget requests?	
	c. What are the drivers and resistors that will help or hinder you from meeting these priorities?	
	d. How does the agency organizational structure support these priorities?	
	e. How are you measuring progress toward outcomes?	
4	What program areas of your agency face challenges in achieving desired outcomes?	
	a. What major issues are contributing to each area's weaknesses?	
	b. What internal or external threats exist?	
	c. What are the strategies you have planned to address these issues?	
	d. What major changes need to occur to achieve the desired outcomes?	

5	What do you view as the greatest risk in the next fiscal year or calendar year?

**Subjective Leadership Assessment
Florida Department of Highway Safety and Motor Vehicles (DHSMV)
FY 2015-16
Terry L. Rhodes**

1. How do you define success in your agency?

A. Improve Employee Morale

- Employee roundtables that advise me where improvements or enhancements need to be made within the agency;
- Humanizing the Florida Highway Patrol to ensure people relate to them and understand there is a person behind the badge;
- Annual Climate Survey for all DHSMV members.

B. Expand Overall Efficiencies

- Continuous improvement in data-driven process initiatives that inform policy decisions;
- Further build a strong Quality Assurance Unit.

C. Enhance Customer Service

- Direct feedback from stakeholder surveys that enables the department to address our partners' needs and concerns;
- Robust communication and partnerships with stakeholders making Florida a nationwide leader in maintaining highway safety and security;
- Improvement of office space and locations for a better customer experience.

DHSMV is a far-reaching agency that serves almost every citizen and visitor in Florida, and it's my responsibility to never be complacent in order to better serve and protect our citizens and visitors. A Safer Florida is our vision, and through deliberate highway safety education and enforcement efforts, I strive to ensure all drivers on Florida roads Arrive Alive.

2. What services does your agency provide that are most undervalued?

The DHSMV's credentialing and titling services are often undervalued. Our processes aren't just simply to take a picture and put a customer's information on a card or piece of paper. We also must make sure the product we issue is valid and legal. These processes are quite complex and require us to verify information across several databases. Validating credentials and titles helps to reduce fraud in our state and across the nation, which is why I am focused on further building a strong Quality Assurance Unit within our agency. This unit works closely with law enforcement, including the Florida Highway Patrol, to find trends and curb fraud before it starts.

3. What outcomes do you plan to accomplish as agency head as it relates to your short term and long term priorities?

Each day our agency looks for ways to improve our processes, in particular the data that we collect. This data collection is critical as it allows us to evaluate highway safety trends and statistics. My priority is to continuously evaluate our internal processes to ensure that they align with the department's long-term goal of how we review and assess our data as it relates to our mission of highway safety and security. In this way, my goal is to provide the state with meaningful and accurate highway safety measurements that will place the department in a better position to most effectively maintain A Safer Florida.

a. Do your resources align with your priorities in order to achieve these outcomes?

Highway safety and security is met with a mixture of education, enforcement and analysis. The department has focused on the importance of the Office of Performance Management which analyzes department data and reviews highway safety trends in new ways. We have launched a new driver safety unit, published an enhanced driver handbook and initiated statewide safety and enforcement campaigns. These campaigns target the most dangerous driving behaviors and are aimed towards Florida's most at-risk customers.

b. How do your priorities align with the agency's legislative proposals and legislative budget requests?

One of the most concrete ways in which we strive to meet our long-term goals is through the department's Motorist Modernization efforts. This program involves DHSMV members critically reviewing our current internal processes in an effort to update decades-old driver license and motor vehicle systems. Motorist Modernization is the department's number one legislative priority and will not only provide better service to our 20 million and growing customers moving forward, it will ensure more accurate data collection for highway safety analysis. Motorist Modernization will also improve the way that the department interacts with our business and external stakeholders. Other legislative proposals and budget requests serve to maintain compliance with federal and state regulations and to ensure DHSMV keeps funding and updates safety standards.

c. What are the drivers and resistors that will help or hinder you from meeting these priorities?

Each legislative proposal and budget request will drive the department to successfully accomplish its short and long-term goals. Limited legislative funding would slow down Motorist Modernization efforts and reduce the department's educational scope for driver safety. Another resistor the department is working through is a high attrition rate among employees, mainly through retirement. In addition, as Florida's population grows and new drivers are added to our roads each year, DHSMV strives to reach each person to communicate the importance of driver safety, but human behavior is hard to predict. The success of the department also is

linked to other stakeholders such as courts, tax collectors, partnering law enforcement agencies, states attorney offices, tag agencies and dealerships working in tandem as part of a large, coordinated effort.

d. How does the agency organizational structure support these priorities?

The department has re-emphasized the importance of the Office of Performance Management, created a driver safety unit within the Division of Motorist Services and re-aligned the Bureau of Dealer Services to provide more risk-based assessments. Risk-based assessments will allow the department to reduce unnecessary regulations and will be less cumbersome on businesses licensed by the department. In addition, each subject area is working in partnership with the Motorist Modernization efforts to ensure that current and future needs of the department are met within this major department project.

e. How are you measuring your progress toward outcomes?

The department has set specific performance measures with anticipated outcomes, developing baselines and trends throughout each quarter for evaluation. As we look more critically at our data and processes, the department learns more about whom we serve and what are their needs. We are in the process of performing quality assurance and audits of our different processes to determine where we can improve the way we do business and serve our customers. This continuous evaluation and resetting baselines will allow us to react to an ever changing environment and improve service delivery to the citizens and visitors of our state.

4. What program areas of your agency face challenges in achieving desired outcomes?

Information Systems Administration, Florida Highway Patrol and Motorist Services all face some challenges in their day-to-day operations.

a. What major issues are contributing to each area's weaknesses?

Technology advancements mean DHSMV's customers are ever-changing and have different demands than they did just a few years ago. As a result, the department's Information Systems Administration division must constantly make system improvements allowing us to be more efficient and accurate in the maintenance of data.

I am committed to changing the perception of the department, which would include making our systems more agile. It is clear that we must understand our customers' needs. Accuracy is just as important as efficiency and by creating edit checks that reduce errors at the point of capture, we will have additional data elements that can help us make data-driven decisions.

Several of the program areas at the department face higher attrition rates than others. When someone leaves that has been at the department for quite some time, it means their experience and knowledge also leaves.

In addition, the department's call center agents have a very complex and challenging job. They aren't simply call takers, they are counselors to the thousands of customers that call each month, and each customer has their own individual story and their own set of issues. Call center agents are critical to the success of the agency. Agents must be intimately familiar with all aspects of the agency and must also often be able to de-escalate an upset customer on the other side of the phone. Ensuring we have the personnel and resources available to do this very tough job is often challenging.

b. What internal or external threats exist?

Resistance to change still exists within the agency, but I continue to emphasize the importance of not being complacent. I have challenged my Executive Leadership Team to be change agents and to model that behavior to those on their teams. This year, we have incorporated a new motto: Leaders in Service, Agents of Progress, Champions for Safety. This motto provides purpose for our members so they understand just how they are making Florida a safer state and lets them know the direction in which I want to take the agency.

Additionally, the department is working through a high attrition rate among employees, mainly through retirement, which results in a loss of institutional knowledge and experience.

c. What are the strategies you have planned to address these issues?

This year, there have been several management changes, and I have focused on putting change agents across the department that will contribute to our success. With a renewed focus on ensuring we are making data-driven decisions, we have educated members on the benefits of data analytics and importance of the accuracy of data at the point of capture.

Additionally, we continue to build partnerships with the Cabinet, the Legislature and our stakeholders to illustrate our need for funding to support critical infrastructure and data analytics capabilities.

d. What major changes need to occur to achieve the desired outcomes?

Transforming the organization to an analytics-based organization with the focus on measurable, repeatable and reliable results. This shift will allow the department to enhance its business processes, fight fraud and better protect Florida's citizens and visitors.

5. What do you view as the greatest risk in the next fiscal year or calendar year?

With the Motorist Modernization effort, combined with the change in staffing and the increasing needs of our external customers, the greatest risk the department faces is not having the financial and human resources necessary to meet our ambitious goals. The Cabinet and Legislature have been incredibly supportive of the direction the department is heading and that support has allowed us to make enormous strides in these efforts.

a. How do you plan to mitigate the risk and address the issue?

In order to provide the Cabinet and the Legislature with information necessary to make important decisions, the department strives to provide all members with valuable data analytics so that they can see first-hand the power and potential of this information in providing customer service and making strategic highway safety decisions. In addition, the department seeks to provide this to all partners and stakeholders to maximize their informed decision-making to create an even more consumer-friendly experience for all Floridians.

6. What current agency responsibilities do you consider unnecessary or obsolete, or would be best accomplished by another agency?

All positions are valuable. Over the last few years, the department has made great strides in looking at opportunities to outsource certain program activities - and refocusing members on different processes to more efficiently serve our customers.

7. Stakeholders:

a. Identify your stakeholder groups and opportunities for stakeholders to interact/provide input to your agency.

- Cabinet
- Legislature
- Tax Collectors
- Local and state law enforcement agencies
- Local, state and federal government
- Educational institutions
- Businesses
- Citizens
- Visitors

This year, the department has taken a more proactive approach to stakeholder involvement and enhancing our partnership with each respective group. Stakeholder groups interact daily with the department and also at state and national conferences as well as at regularly scheduled events.

b. What are the top issues communicated by stakeholders, and what plans are in place to address these issues?

For the first time in several years, the department disseminated a stakeholder survey to obtain feedback directly from our partners. This has allowed us to effectively communicate and address their needs as well as ensure we are coordinating our efforts toward A Safer Florida.

The department regularly meets with any stakeholder that wants to address the department's Motorist Modernization effort. We take their input and feedback and incorporate it as best as possible so we can create a system that truly better serves all of our customers.

In order to enhance and emphasize public safety, this year, the department also reinvigorated its Arrive Alive safety campaign. This version of Arrive Alive is even better than the last. This time around, we have partnered with local law enforcement and state agencies to address highway safety trends in an effort to reduce serious bodily injury and fatal crashes. This coordinated effort is expected to have a tangible impact and reduce the number of crashes and fatalities in the state.

c. How do you assess whether or not your stakeholder needs are met?

Through feedback obtained in the stakeholder survey and conducting roundtable meetings, I have been able to receive increased input from our stakeholder groups. We continue to address any concerns they have and will communicate with them on an ongoing basis so they know they are our partner in meeting the agency's mission for the people of the State of Florida.
