

Traffic Crash Facts Annual Report 2012

Create Date: 10/7/2013

Important Information Please Read

Please note while reviewing the 2012 Crash Facts Annual Report, effective 7/1/2012 Florida Statute 316.066 was amended by the Florida Legislature to require all law enforcement agencies to report additional crashes to the Department of Highway Safety and Motor Vehicles which the agencies were not previously required to submit. This statutory change has resulted in more crash reports being received at the state level for inclusion in this publication. These changes include the following additional requirements:

- Any complaint of pain or discomfort experience by any persons involved
- All commercial motor vehicle crashes without regard to any other statutory requirement
- A vehicle was rendered inoperable to a degree that required a wrecker to remove it from the scene of the crash

While the 2012 crash data may appear to reflect an increase in crashes, the statutory change resulted in more crash reports being received for inclusion in this publication. These changes have resulted in an increase in the number of reported crashes, vehicles involved and persons involved and should not be taken as an indicator of a significant increase in crashes statewide compared to previous years.

The information contained herein represents data from crash reports (HSMV 90010S) as filed by law enforcement agencies in the state of Florida. This information is provided to the public through a partnership with the Florida Department of Highway Safety and Motor Vehicles and Appriss, Inc., Division of Public Information Management. Please refer all inquiries to Fires@appriss.com or call 866-495-4206.

The Summary page immediately following is a snapshot of the crashes contained in the database as of closeout on 8/1/2013. All of the reports thereafter included crashes that have been received since that date prior to publishing on the Create Date listed on each table.

Source of Florida Traffic Crash Data

The information contained in this Traffic Crash Statistics booklet is extracted from law enforcement agency reports (HSMV 90010S) of traffic crashes in which a motor vehicle is involved and which meets the following criteria:

- Motor vehicle crashes resulting in death or personal injury; or
- Motor vehicle crashes in which one or more of the following conditions occur:
 - o Leaving the scene involving damage to an attended vehicle or property (Section 316.061 (1), F.S.), or
 - o Driving while under the influence of alcoholic beverages, chemical substances, or controlled substances or with an unlawful blood alcohol level (Section 316.193, F.S.); or
 - o A vehicle was rendered inoperable to a degree that required a wrecker to remove it from the scene of the crash (Effective 7/1/2012); or
 - o Involved a commercial motor vehicle (Effective 7/1/2012).
 - § Please note that while the effective date of the changes above are in July, the figures in this document utilize the above logic for the entire year beginning January 1, 2012 in order to provide a more accurate view towards the future.

An investigating officer may report any other traffic crashes on the long-form crash report. However, only those crashes that meet the criteria above are included in this report.

The information contained in this report was produced by Appriss, Inc., Division of Public Information Management in partnership with the Florida Department of Highway Safety and Motor Vehicles and was pulled from the FIRES database. Traffic Crash Data Definitions

Alcohol-related traffic crash

A crash involving a driver and/or pedestrian for whom alcohol use was reported (does not presume intoxication).

All-Terrain Vehicle (ATV)

A small open motorized vehicle with three or four wheels, designed for off-road use with a seat that is straddled and handlebars for steering.

Bicycle

A vehicle propelled solely by human power or a motorized bicycle propelled by a combination of human power and an electric helper motor rated at 200 watts or less (this term does not include a vehicle with a seat height less than 26 inches from the ground when the seat is adjusted to its highest position, or a scooter or similar device).

Bicyclist

The driver of or passenger on a bicycle. A bicyclist is considered a non-motorist.

Commercial motor vehicle (CMV)

Means any motor vehicle or motor vehicle combination used on the streets or highways which:

- Has a gross, declared, or actual weight rating of 10,001 pounds or more; or
- Is designed to transport more than 15 persons, including the driver; or
- Is transporting hazardous materials and is required to be placarded.

Driver

Unless otherwise indicated, the operator of a motor vehicle. Driver data typically excludes uninjured persons presumed to have been operating hit-and-run, phantom, or properly parked vehicles.

Drinking Driver

Indicates investigating officer's judgment on whether a driver was suspected of alcohol use without regard to results of any road-side sobriety or other test for intoxication.

Fatal traffic crash

A traffic crash that results in one or more fatalities within thirty days of occurrence.

Harmful events

Identifies the first harmful events for each vehicle in a traffic crash.

Injury

Hurt, damage, or loss sustained by a person as a result of a traffic crash. Definitions for the various injury levels are as follows:

- Injury crash-A non-fatal traffic crash that results in one or more injuries.
- Incapacitating injury-Any visible signs of injury from a crash and person(s) had to be carried from the scene.
- Non-incapacitating injury-Any visible injuries such as bruises, abrasions, limping, etc.
- Possible injury-No visible signs of injury but complaint of pain or momentary unconsciousness.
- Total injury-The sum of possible, non-incapacitating, and incapacitating injuries.

Long form

Refers to a crash report prepared by a law enforcement officer meeting these criteria:

- Motor vehicle crashes resulting in death or personal injury; or
- Motor vehicle crashes in which one or more of the following conditions occur:
 - Leaving the scene involving damage to an attended vehicle or property (Section 316.061 (1), F.S.), or
 - Driving while under the influence of alcoholic beverages, chemical substances, or controlled substances or with an unlawful blood alcohol level (Section 316.193, F.S.); or
 - A vehicle was rendered inoperable to a degree that required a wrecker to remove it from the scene of the crash (Effective 7/1/2012); or

- Involved a commercial motor vehicle (Effective 7/1/2012).

Please note that while the effective date of the changes above are in July, the figures in this document utilize the above logic for the entire year beginning January 1, 2012 in order to provide a more accurate view towards the future.

Low Speed Vehicle

A low speed vehicle is any 4-wheel electric vehicle that has a top speed greater than 20 miles per hour but not greater than 25 miles per hour. A low speed vehicle can be operated on streets under certain conditions, must be licensed for use on the highway, and its operator must have a valid driver license. A golf cart is not considered a low speed vehicle.

Moped

A motor-powered cycle with a pedal-activated motor and a maximum of two brake horsepower.

Motor vehicle

Any motorized vehicle not operating on rails.

Motorcycle

A motor vehicle, with a seat or saddle for the driver's use, traveling with no more than three wheels in contact with the ground, excluding a tractor or a moped.

Motorcyclist

The driver of a motorcycle. A passenger on a motorcycle is considered a vehicle passenger except where noted.

Short form

Refers to a crash report in which the threshold of the long form does not apply. Therefore, a long form report is not prepared. In crashes where apparent damage is less than \$500, the law enforcement officer shall provide each party involved in the crash a driver exchange form prescribed by the state, to be completed by each party of the parties.

Traffic crash

A crash involving at least one motor vehicle on a roadway that is open to the public.

Traffic fatality

The death of a person as a direct result of a traffic crash within thirty days of the crash occurrence.

Property Damage Only

Loss of all or part of an individual's vehicle and/or property damage only crash resulting from a traffic crash not involving injury to a person.
