Introduction and Background

The purpose of this audit was to determine compliance with applicable laws and policies related to the annual reporting by the Homeownership for All, Inc., (Organization) for the Support Homeownership specialty license plate. The Organization is required to submit a Specialty License Plate Revenue, Expenditure, and Compliance Affidavit, or state single audit, to the Department of Highway Safety and Motor Vehicles (Department) within nine months after the end of the Organization's fiscal year. Specialty license plates are license plates available to the public with unique designs that promote philanthropic and other causes and require payment of an additional annual use fee.

Section 320.08056, Florida Statutes (F.S.), authorizes the issuance of all specialty license plates and specifies the annual use fee for the more than 120 specialty license plates Florida offers. For every Support Homeownership specialty license plate sold or renewed, a \$25 annual use fee is charged and distributed, as required by statute.

Section 320.08062(3), F.S., grants the Department the authority to examine all records relating to the use of specialty license plate funds. The Office of Inspector General included the examination of specialty license plate recipient organizations in its annual work plan.

Section 320.08058(56)(b), F.S., specifies the Support Homeownership license plate annual use fee is distributed to the Organization which may use a maximum of 10 percent of proceeds to promote and market the plate. The remainder of the proceeds shall be used to fund programs that provide, promote, or otherwise support affordable housing in the state.

The Support Homeownership specialty license plate was established in 2006. There were 5,063 active Support Homeownership specialty license plates as of December 2020. The Organization reported receipts of \$135,046.48 in specialty license plate fees for the 2020 Fiscal Year.
