

Specialty License Plate Audit
University of Central Florida Foundation, Inc.
University of Central Florida
Audit Report 202223-24

May 3, 2023

Introduction and Background

The purpose of this audit was to determine compliance with applicable laws and policies related to the annual reporting by the University of Central Florida Foundation, Inc., (Foundation) for the University of Central Florida (UCF) specialty license plate. The Foundation is required to submit a Specialty License Plate Revenue, Expenditure, and Compliance Affidavit, or state single audit, to the Department of Highway Safety and Motor Vehicles (Department) within nine months after the end of the Foundation's fiscal year. The single audit submitted by the Foundation for the 2021 Fiscal Year ended June 30, 2021, was used for this audit.

Specialty license plates are license plates available to the general public with unique designs that promote philanthropic and other causes and require payment of an additional annual use fee. Section 320.08056, Florida Statutes (F.S.), authorizes the issuance of all specialty license plates and specifies the annual use fee for the more than 144 specialty license plates Florida offers.

Section 320.08062, F.S., grants the Department the authority to examine all records relating to the use of specialty license plate funds. The Office of Inspector General included the examination of specialty license plate recipient organizations in its annual work plan.

For every UCF specialty license plate sold or renewed, a \$25 annual use fee is charged and distributed, as required by statute, to the Foundation; a non-profit organization established for accepting, managing and administering private gifts and resources to support the mission of the University of Central Florida.

Section 320.08058(3), F.S., specifies that annual use fees be distributed to the state or independent university foundation designated by the purchaser for deposit in an unrestricted account. These funds may be used only for academic enhancement, including scholarships and private fundraising activities.

The UCF specialty license plate was established in 1987. There were 31,381 active UCF specialty license plates as of June 2021. The Foundation reported receipts of \$874,637.17 in specialty license plate fees for the 2021 Fiscal Year.

Results of Audit

The Foundation materially complied with applicable laws and policies related to the annual reporting for the UCF specialty license plate.

Purpose, Scope, and Methodology

The purpose of this audit was to determine the Foundation's compliance with applicable laws and policies related to the annual reporting by the Foundation for the UCF specialty license plate.

The scope of this audit included specialty license plate expenditures reported on the Foundation's single audit for the 2021 Fiscal Year, and specialty license plate revenue and expenditures reported in the Foundation's financial records for the 2021 Fiscal Year.

The methodology for the audit of the UCF specialty license plate included:

- Reviewing Florida Statutes, Department policies, and Foundation policies;
- Reconciling the Department's distribution of specialty license plate fees to revenues reported on the affidavit filed by the Foundation;
- Reconciling the expenditures reported on the affidavit to the Foundation's financial records;
- Reviewing the use of funds by the Foundation to ensure there is adequate supporting documentation, and the expenditures are for purposes authorized by statute;
- Reviewing timing, availability, and content of reports such as affidavits or single audits; and,
- Comparing expenditures to statutory requirements for annual allocation limits, and reviewing reasonableness of balances.
