

The 2013 Florida Legislature created section 319.141, Florida Statutes, for the implementation of a Pilot Rebuilt Motor Vehicle Inspection Program. This statute required the Department of Highway Safety and Motor Vehicles, Bureau of Motorist Services Support, Motor Vehicle Field Operations (MVFO), to set standards and certify private sector inspection facilities in Miami-Dade and Hillsborough Counties by October 1, 2013. These standards were set and eight private inspection facilities in the Miami Area were certified by the Department to conduct Rebuilt Vehicle Inspections only. **During the 2015 Legislation the Program was approved to continue as a Pilot Program from July 1<sup>st</sup>, 2015 through June 30, 2018.** This Pilot Program does not apply to any other type of vehicle inspection such as an Assembled by Parts (ASPT) or Low Speed Vehicles.

There are eight locations approved to conduct business in the Miami area only:

Both the Motor Vehicle Regional Field Offices located throughout the State and the PRVIP Facilities will continue inspecting rebuilt vehicles according to the established T & L 37 procedure. A passed rebuilt inspection is required prior to the issuance of a rebuilt title. Like the Motor Vehicle Regional Field Offices, and the procedure, when the PRVIP certified facility inspector inspects and passes a rebuilt motor vehicle, the customer's required documentation shall be placed in a sealed envelope and stamped with the PRVIP stamp that shall include the business name and R-10 or Region 10 representing the Miami location.

For any questions related to a rebuilt motor vehicle inspection or rebuilt documentation conducted in the Miami area, please contact the local MV Regional Office in Miami – Region 10 at (305) 265-3003, prompt 4, or the PRVIP Facility who will be working closely with the MV Regional Office in Miami.
