INFORMATION ON APPLYING FOR A FLORIDA TITLE AND PURCHASING OR TRANSFERRING A FLORIDA LICENSE PLATE

In response to your request, enclosed is an application for a Florida certificate of title (form HSMV 82040) along with a License Plate Rate Chart (form HSMV 83140) which will assist you with purchasing or transferring a Florida license plate.

The application for title must be completed using first name, middle/maiden name and last name (name on application must correspond with name on the proof of ownership). A residential or business street address in Florida must be provided unless the applicant is a resident and an active duty member of the Armed Forces of the United States. A post office box address is not acceptable unless the applicant is a resident and an active duty member of the Armed Forces of the United States.

Enter the date of birth and sex of the registered owner and co-owner (when applicable) in the spaces provided on the application. See form HSMV 83140, page 3, Section I, for additional information.

Enter the Florida driver license number, Florida identification card number, or federal employer identification number of the owner and co-owner (when applicable) in the space(s) provided on the application. A driver license number is not required for vehicles not owned by a natural person. The applicant(s) must provide proof of his/her identity (driver license, identification card, etc.), including proof of identity for any individual signing as an authorized agent for a company/business, when applicable.

The vehicle identification number (VIN) on all used vehicles brought in from out-of-state must be physically verified. The VIN verification section (#8) on the form HSMV 82040 must be completed.

The application for title must be accompanied by acceptable proof of ownership. For acceptable proofs, see page 4, item 16 on the enclosed form 83140. Proof of ownership must be in the name of the applicant or properly assigned to the applicant. The original proof of ownership will be retained.

License plates for private passenger cars and lightweight trucks (under 5000 pounds) are transferable to similar and lesser weight vehicles without additional tax or transfer fees. See form HSMV 83140, page 4, for the calculation of fees.

Florida sales tax on the purchase price of the vehicle may be due. Use the enclosed form 83140 (see page 3, Section IV) to determine the sales tax due. Any declaration and/or exemption regarding sales tax on a vehicle must be recorded on the reverse side of the form HSMV 82040. An exemption from the payment of sales tax may apply when a member of the United States military, who is a permanent Florida resident, stationed outside Florida, purchases a motor vehicle or vessel outside of Florida and titles and registers the motor vehicle or vessel in Florida. The military member must provide an affidavit declaring this exemption. A sample affidavit is enclosed for your convenience.

In addition to Florida sales tax, there may be a discretionary sales surtax imposed by the county to a resident of that county. The discretionary sales surtax is based on the first $5,000 of the purchase price. Refer to the enclosed material for participating counties. The maximum total sales tax and discretionary sales surtax to be collected on a vessel is $18,000.

The Hope Scholarship Program provides a public school student who was subjected to an incident of violence or bullying at school the opportunity to apply for a scholarship to attend an eligible private school. You may designate $105 per vehicle to an eligible nonprofit scholarship-funding organization participating in the Program. If the state sales tax due is less than $105, you may designate the amount of state sales tax due. Complete the Hope Scholarship Program Contribution Election Form (DR-HS1) in this packet.

When applying for registration, proof of Personal Injury Protection (PIP) insurance and Liability insurance is required. You may complete and submit the enclosed Florida Insurance Affidavit (form HSMV 83330) or submit a copy of your Florida insurance identification card, policy or binder. Note that Florida military members stationed outside of Florida who are exempt from providing proof of Florida insurance should refer to the enclosed “Military Insurance Exemption Information.”

Your application and required documentation must be submitted to the Florida tax collector’s office in your county of residence. For additional information, contact the tax collector’s office (list of offices enclosed) or call the Customer Service Center at (850 617-2000). The categories below are computed based on CWT (per each 100 pounds) and may be monthly prorated. Add the flat fee plus the $1.50 or $2.00 amount, whichever applies, per each 100 pounds to determine the annual tax amount. Divide by 12 months to determine the tax per month. Then compute the tax by multiplying the monthly rate times the number of tax months due and add the service and other fees to determine the total amount.

LICENSE PLATE RATES INSTRUCTION SHEET

I. REGISTRATION PERIODS
The 12-month registration period begins the first day of the owner's birth month (Exceptions: Company owned vehicles use the month of June; truck-tractors, semi-trailers and buses use a December birth month). Mobile homes use a January 1 begin date. If the rate chart indicates annual, half year, and quarter year fee calculations, you must determine the number of months of tax required. To determine the number of months of tax required, start with the month the vehicle was purchased or subject to registration and count through the month prior to the owner's birth month. Three months or less requires the quarter year rate, four to six months requires the half-year rate, and over six requires the full year rate. (Example: You purchased your vehicle in November and your birth month is June, count a total of seven months (November through May) and the full year rate would be required.

II. TRUCKS AND TRAILERS – WEIGHTS
For trucks weighing 5,000 lbs. or less, if the shipping weight is not available on the manufacturer’s certificate of origin, the net weight or actual scale weight in pounds with complete catalog equipment must be provided. A certified weight affidavit from a weighing station will meet this requirement. The gross vehicle weight (GVW) as declared by the owner, is required on all truck-tractors and trucks weighing over 5000 pounds. For heavy trucks with net weight of 5001-7999 lbs., GVW is calculated by adding the net weight of the truck and the truck’s load. For heavy trucks with net weight of 8000 lbs. up and truck-tractors, the GVW is calculated by adding the net weight of the truck or truck-tractor and its load to the net weight of the trailer and its load.

III. INITIAL REGISTRATION FEE
Imposed upon the initial application for registration of private automobiles, trucks 5,000 lbs. or less and motor homes.
The $225.00 Initial Registration Fee does not apply to:
A. Any registration renewal transaction.
B. A transfer or exchange of a registration license plate for a motor vehicle that has been disposed of to a newly acquired motor vehicle in compliance with Sections 320.608(2) or (5), Florida Statutes.
C. Any initial registration that occurs when a transfer of Florida title is processed between co-owners as provided by Section 319.22, Florida Statutes, or when a transfer of ownership by operation of law occurs as provided by Section 319.28, Florida Statutes. Additionally, the fee does not apply when the transfer of title occurs from a person to a member of that person's immediate family. Section 657.002, Florida Statutes, defines immediate family as parents, children, spouse, or surviving spouse of the member, or any other relative by blood, marriage, or adoption residing in the same household with the registered owner.
D. The registration of a motor vehicle owned by and operated exclusively for the personal use of:
   1) Any member of the United States Armed Forces, or his/her spouse or dependent child, who is not a resident of this state and who is stationed in this state while in compliance with military orders.
   2) Any former member of the United States Armed Forces, or his/her spouse or dependent child, who purchased such motor vehicle while stationed outside of Florida, who has separated from the Armed forces and was not dishonorably discharged or discharged for bad conduct, who was a resident of this state at the time of enlistment and at the time of discharge, and who applies for registration of such motor vehicle within 6 months after discharge.
   3) Any member of the United States Armed Forces, or his/her spouse or dependent child, who was a resident of this state at the time of enlistment, who purchased such motor vehicle while stationed outside of Florida, and who is now reassigned by military order to this state.
   4) Any spouse or dependent child of a member of the United States Armed forces who loses his life while on active duty or who is listed by the Armed Forces as “missing-in-action.” Such spouse or child must be a resident of this state and the serviceman must have been a resident of this state at the time of enlistment. Registration of such motor vehicle must occur within 1 year of the notification of the serviceman’s death or of his status as “missing-in-action.”
   5) Any member of the United States Armed Forces, or his/her spouse or dependent child, who was a resident of this state at the time of enlistment, who purchased a motor vehicle while stationed outside of Florida, and who continues to be stationed outside of Florida.
E. The registration of any motor vehicle owned or exclusively operated by the state or by any county, municipality, or other governmental entity.
F. The registration of a truck defined as a “goat”, or any other vehicle when used in the field by a farmer or in the woods for the purpose of harvesting a crop, including naval stores, during such harvesting operations, and which is not principally operated upon the roads of this state. The goats are registered under “class code 93”.
G. The registration of an automobile or truck defined as “ancient” (the vehicle was manufactured in 1945 or earlier) or “antique” (the vehicle was manufactured beginning 1946 and of the age of 30 years or more after the date of manufacture), pursuant to s. 320.086(1) or (2), Florida Statutes.
H. The initial registration fee shall not apply to any newly acquired vehicle, upon submission of an affidavit, indicating that the previous vehicle (not disposed of) is not operational, or is in storage, or will not be operated on the streets and highways of this state.

IV. SALES TAX
Florida law requires sales tax to be collected on the purchase price of a motor vehicle, mobile home, or vessel. In the case of a straight sale, six (6) percent tax will be collected on the total purchase price. Straight sales are those sales that do not involve a trade-in of a motor vehicle, mobile home, or vessel.
In the case of sales involving trade-ins, sales tax must be collected on the amount of the cash difference between the retail value of the trade-in, as covered in any official used motor vehicle, mobile home or vessel guide, and the sale price of the motor vehicle, mobile home, or vessel acquired. The trade-in motor vehicle, mobile home, or vessel may be provided by a third party other than the purchaser. The trade-in motor vehicle, mobile home, or vessel does not have to be titled in the name of the purchaser, to be used for trade-in credit, as long as the motor vehicle, mobile home or vessel trade-in and the motor vehicle, mobile home or vessel purchase are part of a single transaction.
In addition to the six (6) percent sales tax, some counties charge a local discretionary sales surtax. Discretionary surtax is calculated on motor vehicles, mobile homes, or vessels when the residence address of the purchaser on the certificate of title or registration is located within a discretionary surtax county. The discretionary surtax applies to the first $5,000 of the sales price. For more information on the discretionary surtax you may contact the Florida Department of Revenue or your Florida County Tax Collector's office.
Sales tax exemption information may be specified on an accurately completed form HSMV 82040, Application for Certificate of Title with/without Vehicle Registration.

What is Discretionary Sales Surtax?
Discretionary sales surtax, also called a local option county tax, is imposed by most Florida counties and applies to most transactions subject to sales tax. The selling dealer must collect the surtax in addition to Florida’s general sales tax of 6 percent. The discretionary sales surtax is based on the rate in the county where you deliver taxable goods or services. A few counties do not impose the surtax.

The Department of Revenue distributes the discretionary sales surtax collected to the counties that levy the surtax. Counties use these funds to help pay for local authorized projects.

Who Collects the Discretionary Sales Surtax?
Registered sales tax dealers, including out-of-state dealers, who sell and deliver taxable goods or services within a county with a discretionary sales surtax must collect the tax from their customers and pay the surtax to the Department. This applies to all selling dealers who make sales or deliveries into a taxing county, no matter where the selling dealer is located.

Selling dealers do not collect surtax when the sale or delivery of taxable goods or services is in or into a county that does not impose a surtax.

When is a Transaction Subject to Discretionary Sales Surtax?
You must collect discretionary sales surtax when the transaction occurs in, or delivery is into, a county that imposes a surtax and the sale is subject to sales and use tax. Use the chart below to help you determine when to collect discretionary sales surtax.

<tr>

</tr>
</thead>
<tbody>
<tr>
<td>If a selling dealer located in any Florida county with a discretionary surtax sells and delivers into the county where the selling dealer is located, surtax is collected at the county rate where the delivery is made.</td>
</tr>
<tr>
<td>If a selling dealer located in any Florida county with or without a discretionary surtax sells and delivers into counties with different discretionary surtax rates, surtax is collected at the county rate where the delivery is made.</td>

<tr>
<td>If a selling dealer located in any Florida county with or without a discretionary surtax sells and delivers into counties without a discretionary surtax, surtax is not collected.</td>

How Do I Determine When a Transaction Occurs in a County Imposing a Surtax?
Discretionary sales surtax applies to transactions when:
- The selling dealer delivers taxable goods or taxable services in or into a county with a surtax.
- The event for which an admission is charged is located in a county with a surtax. (Surtax is due at the rate in the county where the event takes place.)
- The consumer of electricity is located in a county with a surtax.
- The sale of prepaid calling arrangements occurs in a county with a surtax.
- The location or delivery of tangible personal property covered by a service warranty is within a surtax county. The person receiving consideration for the issuance of a service warranty from the agreement holder must collect surtax at the rate imposed by that county.
- The commercial real property that is leased or rented, or upon which a license for use is granted, is in a county with a surtax.
- The rental of living or sleeping accommodations (transient rentals) occurs in a county with a surtax.
- A registered dealer owing use tax on purchases or leases is in a county with a surtax.
Discretionary Sales Surtax Rates
In addition to the state sales and use tax rate, individual Florida counties may impose a discretionary sales surtax.
Discretionary sales surtax rates vary by county. Counties may charge a rate between 0.5% to 2.5%; however, there are
some counties that do not impose the surtax. New surtax rates become effective on January 1 and terminate on
December 31 of the year the tax ends.

Is There a Limit on the Amount of Discretionary Sales Surtax Charged?
In many cases there is a limit to the amount of surtax charged. Discretionary sales surtax applies to the first $5,000 of
the sales amount on the sale, use, lease, rental, or license to use any item of tangible personal property. Tangible
personal property is personal property that you can see, weigh, measure, or touch or is in any manner perceptible to the
senses, including electric power or energy.

| Example: $7,000 dining room set delivered into a county with a 1% discretionary sales surtax. |
| $7,000 × 6% = $420 |
| $5,000 × 1% = $50 |
| Total Tax Due = $470 |

When a dealer sells multiple items of tangible personal property to the same purchaser at the same time, the $5,000
limit applies when the sale or purchase is a single sale that meets at least one of these conditions:

- The sale consists of multiple quantities of a single item that the dealer normally sells in multiple quantities in the
course of business or that the purchaser normally buys in the course of business.
- The items normally sell as a set or a unit and the use of each item depends on the set being complete. You may
  not combine items that are not normally sold as a set or unit to qualify for the $5,000 limit.
- The items normally sell in a single sale for the purchaser to use in its normal business practice as an integrated
  unit.
- The items are component parts that have no use unless assembled with each other to form a working unit or part
  of a working unit.

The $5,000 limit does not apply to the following types of transactions. Discretionary sales surtax is due on the full
amount.

- Sales of admissions.
- Sales and uses of services.
- Sales of service warranties.
- Charges for prepaid calling arrangements.
- Leases, rentals, and licenses to use real property or transient accommodations.
- Leases or rentals of parking or storage space for motor vehicles in parking lots or garages.
- Docking or storage space in boat docks and marinas.
- Tie-down or storage space for aircraft.

How Does Surtax Apply to Motor Vehicles, Mobile Homes, Aircraft, and Boats?
The discretionary sales surtax applies only to the first $5,000 of the total sales price of any motor vehicle, mobile
home, aircraft, or boat. The surtax applies as follows:

- **Motor vehicles and mobile homes** – The dealer must collect surtax when the residence address of the
  purchaser on the title or registration is located within a surtax county.
- **Aircraft and boats** – The dealer must collect surtax when delivery of the aircraft or boat is to a location
  within a surtax county.

When is Discretionary Sales Surtax Due?
Discretionary sales surtax is reported with the sales and use tax on the Sales and Use Tax Return (Form DR-15 or
DR-15EZ). Returns and payments are due on the 1st and late after the 20th of the month following each reporting
period, whether you are filing monthly, quarterly, twice a year, or yearly. If the 20th falls on a Saturday, Sunday, or state
or federal holiday, returns are timely if filed electronically, postmarked, or hand-delivered on the first business day after
the 20th. Florida law requires you to file a tax return even if you do not owe sales and use tax.

Filing and Paying Tax
You can file returns and pay sales and use tax, plus any applicable surtax, using the Department’s online file and pay
website at floridarevenue.com/taxes/filepay or you may purchase software from a software vendor. A list of software
vendors is available on the Department’s website at floridarevenue.com/taxes/eservices.
When you electronically pay only or you electronically file and pay at the same time, you must initiate your electronic
payment and receive a confirmation number no later than 5:00 p.m., ET, on the business day prior to the 20th. Keep the
confirmation number in your records. The Florida eServices Calendar of Electronic Payment Deadlines (Form DR-659)
provides a list of deadlines for initiating electronic payments on time and is available on the Department’s website at
floridarevenue.com/forms.
If you file your return or pay tax late, a late penalty of 10% of the amount of tax owed, but not less than $50, may be charged. The $50 minimum penalty applies even if no tax is due. Penalty will also be charged if your return is incomplete. A floating rate of interest applies to underpayments and late payments of tax. Interest rates are available on the Department’s website at floridarevenue.com/taxes/rates.

You may voluntarily file and pay taxes electronically; however, if you paid $20,000 or more in sales and use tax during the most recent state fiscal year (July through June), you must file and pay taxes electronically for the next calendar year.

Updating Your Business Information
The quickest way to notify the Department of changes to your account, such as updates to your name, address or location, and when you temporarily suspend or resume business operations, is online at floridarevenue.com/taxes/updateaccount.

If you close or sell your business, you must file a final return and pay all taxes due within 15 days after closing or selling the business. Your final return must cover the period from your most recent return filing to the closing date.

The Hope Scholarship Program (Program) provides a public-school student who was subjected to an incident of violence or bullying at school the opportunity to apply for a scholarship to attend an eligible private school rather than remain in an unsafe school environment.

Beginning on or after October 1, 2018, when you purchase or register a motor vehicle qualifying for the Program in Florida, you may designate $105 per vehicle to an eligible nonprofit scholarship-funding organization participating in the Program. If the state sales tax due is less than $105, you may designate the amount of state sales tax due. Your motor vehicle dealer, county tax collector, or private tag agent will remit your contribution to the organization and remit the remaining state sales tax and surtax to the Florida Department of Revenue.

To make your contribution to the Program, complete the following. Sign and date.
