

## Motorist Modernization

**Motorist Modernization Advisory Board – Phase I Monthly Meeting  
January 9, 2018  
Neil Kirkman Building, Conference Room B-201  
2900 Apalachee Parkway, Tallahassee Florida 32399  
1 to 2 p.m., EST**

### Invitees

Deb Roby  
Ed Broyles  
Kelley Scott  
Pace Callaway  
April Edwards  
William Washington  
Lisa Cullen

### Representing

DHSMV  
DHSMV  
DHSMV  
DHSMV  
DHSMV  
Florida Clerk Courts & Comptrollers  
Florida Tax Collectors

### Agenda

- Roll Call
- Welcome
- Review and Approval of Last Meeting Minutes
- IV&V Update
- Stakeholder Outreach Update
- Policy and Decisions Review
- MM Phase I Program Update
  - Financial Review
  - Change Request Review
  - Project Updates
- Communications Update
- Q&A
- Adjourn

## **MOTORIST MODERNIZATION ADVISORY BOARD, PHASE I**

### **Monthly Meeting Minutes Kirkman Building Conference Room B-202 December 12, 2017 1 to 2 p.m.**

#### **WELCOME AND INTRODUCTIONS**

- The meeting was called to order at 1 p.m. Mr. Terrence Samuel began the meeting by welcoming the attendees. Ms. Koral Griggs proceeded with the roll call of board members.

Advisory board members present included:

- Pace Callaway
  - Deb Roby (absent)
  - April Edwards
  - Ed Broyles
  - Kelley Scott (absent)
  - Lisa Cullen (via phone)
  - William Washington
- Mr. Samuel advised members that Lisa Cullen was attending by phone from the Brevard County Tax Collector Office, and will be replacing Linda Fugate as a board member for both Phase I and Phase II Advisory Board meetings. Mr. Samuel stated that a new DHSMV Motorist Modernization Advisory Board Charter will be routed for signatures at the next meeting scheduled in January 2018, if all members are present.
  - Additional DHSMV members present included – Terrence Samuel, Chad Hutchinson, Catherine Alvarez, Koral Griggs, Cathy Thomas, Sonia Nelson, Cheryl Dent, Scott Tomaszewski, Laura Freeman, Janis Timmons, Felecia Ford and Kelly Shannon. Kristin Green and Aundrea Andrades attended via phone.
  - Visitors included – Beth Allman from FCCC, Alyene Calvo, Chris Wade, Colin Stevens from Ernst & Young and Joe Weldon from Accenture. Gary Didio from Ernst & Young attended via phone.

#### **REVIEW AND APPROVAL OF THE LAST MEETING MINUTES**

- Ms. Cheryl Dent reviewed the meeting minutes from November 14, 2017. There was one correction noted on page three (3) in the financial review update. A motion to approve the November 14, 2017, minutes was accepted by the board members with the noted correction being made on the final copy.

#### **IV&V UPDATE**

- There was not a published report from IV&V this month; therefore, no update was provided.

#### **STAKEHOLDER OUTREACH UPDATE**

- Mr. Samuel stated the team has not made any trips outside the Kirkman building; however, the teams continue to have meetings and demos for Phase I as recent as last week. Motorist Services had their second annual Managers and Program Managers week-long meeting at the Kirkman

building in Tallahassee last week. The team had an opportunity to provide Robert Kynoch's staff an update on Motorist Modernization. Ms. Jessica Espinoza gave a demo on the DL Issuance system. Ms. Judy Johnson provided an update on MyDMV Portal. The team is working with user interface experts to assure the interface looks modern on MyDMV Portal. The team met with experts yesterday and discussed some of our needs, questions and concerns as we move forward.

#### **POLICY AND DECISION REVIEW**

- POR31 – Express Shipping options in MyDMV Portal – Ms. Catherine Alvarez stated the team is still waiting for the resources to become available and the implementation of the Print Card Solution. As soon as the developers wrap up UAT, we will work with the Print Card Solution team further on this issue.
- POR34 – This is regarding the use of the name, Tax Collector vs Driver License and Motor Vehicle Service Center. The ESC decision is to use both names as necessary. This item can now be closed.
- REN07 – Renewal Notice Processing – Ms. Alvarez stated Ms. Johnson has scheduled a meeting with the leadership team to review the proposed tax collector changes.
- REN12 – Renewal Vendor File – Ms. Alvarez reported the ESC decision was to provide the renewal files with everything, which will contain records marked for deletion.
- FR02- DHSMV Big Bang Approach or staggered. Ms. Cathy Thomas stated the pilot companies are still working through development issues on their side. The team is holding weekly conference calls with the pilot companies to answer any questions or concerns. Currently, the companies are not ready to begin structured testing. The DBAs are assisting SEU with protecting the records needed for testing, and Ms. Pat Porter is working on the letter to all insurance companies listed with OIR.
- ENTP01 – Enterprise – Defining business rules as it pertains to the customer and their addresses. Ms. Alvarez stated that the team is working on a final document to submit to FDLE for approval.

#### **PHASE I PROJECT UPDATE**

- Mr. Samuel stated the team recently met with Tax Collectors and renewal recipients regarding customizing the drivers license in renewals. Ms. Johnson should have mock-ups to present to Lisa Cullen and the focus groups, as the development for the renewal team is scheduled for completion in February 2018. The mock-ups will be completed and discussed prior to the completion date in 2018.
- Mr. Chad Hutchinson provided a technical update on Planet Press and training for Planet Press personnel. The Informatica team is doing well and has been on board for a couple of months. They are close to being caught up on the backlog work as they become more familiar with the process.

#### **FINANCIAL REVIEW**

- Ms. Janis Timmons stated through the month of November, the variance continues to be less than one (1) percent. There are two RFQ's in the works right now requesting additional resources being considered for providing support to the Enterprise Architect position.

#### **CHANGE REQUEST REVIEWS (LEVEL III)**

- Ms. Dent indicated there are six (6) Level III change requests that need to be reviewed for approval.

- CR #71 (Level III, Critical) – This is an amendment to a previously approved request from the Motorist Maintenance team. The team was previously granted ESC approval to move Motorist Maintenance change-related stories from Milestone E to Milestones F and I. This amendment requests a simple adjustment to the sprint numbers of the stories that were approved to move to Milestone I. There is no change to the project’s scope or schedule. This CR was approved.
- CR #80 (Level III, Critical) – This is a new request from the Financial Responsibility team to re-prioritize 98 stories associated with letters, reports and self-insurance to “low” in the product backlog and re-assign them from the current Milestone E to future Milestones I and J. Based on staffing issues experienced, this CR will allow the team to focus on completing the critical items in the current milestone. This CR was approved.
- CR #81 (Level III, Critical) – The purpose of this change request is to further elaborate specific external testing tasks in the work plan. The testing dates agreed upon by AAMVA may need to be further refined. This CR was approved.
- CR #82 (Level III, Critical) – This is a new request from the MyDMV Portal team, but has impacts to DL Issuance, CDLIS and Motorist Maintenance. This change is to modify the internal transcript service to display Commercial Learners Permit, Out-of-State Crash Data and display “Indef” when a CDL medical waiver has an indefinite expiration date. The change also requests adjustments to the systems that use the internal transcript service. This work will be absorbed in existing milestones/sprints. This CR was approved.
- CR #83 (Level III, Critical) – This is a new request from the CDLIS team to add stories/tasks to create a Batch process for the CDLIS application that will suspend attempts to process CDLIS data when the CDLIS application is offline and reestablish the process once the application has been restored. This work will be absorbed in the existing milestone/sprint. This CR was approved.
- CR #84 (Level III, Critical) – This is a new request from the Renewal Notification team to modify the template used to create and print the Driver License Renewal Notices. This work is slated for the team’s last development milestone, due February 6, 2018. A commitment to overtime will be required to complete this work by the deadline. This CR was approved.

#### **CHANGE REQUEST REVIEWS – LEVEL I AND II**

- Mr. Samuel stated that due to time constraints, the low-level change requests would not be reviewed. These are usually approved by the Product Owner or by the OMM Director. Mr. Samuel asked the board members if they wanted to review them and they did not wish to do so. A hand out was provided of the line item change requests for further information and detail.

#### **PROJECT UPDATES**

- DL Issuance – Mr. Joe Weldon stated the team is currently in Milestone F, which ends on January 17, 2018. This milestone includes the functionality to complete an Original CDL Issuance, Replace CDL Issuance and Renew CDL Issuance. The team is in Sprint 20, which ends on December 20, 2017.
- The Policy and Procedures group is continuing their meetings on a weekly basis via conference calls. There are two (2) groups. The Policy and Procedure group is revising the DL Operations Manual and a second group is developing a DL Issuance User Guide. The team met last November 14 through November 16, 2017. In the Sprint Stoplight report, we are yellow in development, testing and technical debt and red in business actions. The Milestone Stoplight report indicates we are green in development, testing and technical debt and red in business actions. Two

identified risks were discussed regarding resources and Batch vendors. No risks or action items to report during this period.

- MyDMV Portal –Ms. Aundrea Andrades stated the team is currently in Milestone E, which ends on March 6, 2018. The team is in Sprint 21, the fifth of nine (9) sprints which began November 22, 2017, and ends December 12, 2017. In Sprint 21, the team completed two (2) stories rolled over from Sprint 20, one for a CR for Clearance Letter Validation Messages, and one Driver School Completion story, MV Renewal Transaction Update, MV Replacement Transaction Update, MV Parking Permit Renewal Transaction Update, Subscription Services stories and Bulk Transcripts. The developers are not showing within capacity to complete all approved work for the sprint. (Dependencies on email service and fee service update are blocking development on approved stories). The testers are not showing within capacity to complete all committed work for the sprint. (Four stories are blocked due to testing records). In the Sprint Stoplight report, indicators show green in business actions and technical debt and red in development and testing. In the Milestone Stoplight report, indicators show green for all areas.
- Motorist Maintenance/Financial Responsibility – Mr. Scott Tomaszewski stated both teams are in Milestone E, which ends on January 3, 2018. Included in this milestone, Motorist Maintenance work involves supporting Financial Responsibility development and for Financial Responsibility, the team is tracking the Sanction maintenance. The teams are currently in the fifth of six (6) sprints, which ends on December 13, 2017. The next sprints are HIP Sprints for both projects. Work included in this sprint for Motorist Maintenance are the Insurance Company features, Judgement Screen and Crash Screen. The Financial Responsibility team looks to address work carried over for Sanction Maintenance, Seized Tag, Security Deposit, E-Crash and related Data Warehouse stories. In the Sprint Stoplight report for Motorist Maintenance, the indicators are green for business actions and technical debt. Development and testing are red due to bugs and lack of resources. In the Milestone Stoplight report for Motorist Maintenance, the indicators are green for business actions and technical debt. Development and testing are yellow due to delays in completing committed stories with bugs and resource issues. In the Sprint Stoplight report for Financial Responsibility, business actions and technical debt are green. Development is red due to shortage of developer resources and knowledge gaps. Testing is red due to the delays between both Financial Responsibility and Motorist Maintenance projects. In the Milestone Stoplight report for Financial Responsibility, business actions and technical debt are green. Testing is red due to delays in completing development of committed stories and related bugs. Development is red due to the impacts reported earlier.
- Renewal Notification – Ms. Sonia Nelson stated the team is in Milestone E. The team began the HIP Sprint for Milestone E on November 22, 2017, which ends on December 19, 2017. The milestone ends on December 19, 2017. There were 38 stories committed to the HIP Sprint (11 are Milestone E stories 27 are Milestone F stories). As a reminder, the team is working on stories for the following functional areas - Tax Collector Renewal Reports, System Notifications and Driver License Monthly Renewals. UAT for MVRN began during this Milestone on October 11, 2017. UAT Completion is at approximately 75 percent. Testing tasks have been performed by Bureau of Records, a select group of Tax Collectors from the following counties – Leon, Hillsborough, Lee, Suwannee and Brevard, in addition to BIO and members from SEU (outside of the Renewal team). The Sprint and Milestone Stoplight indicators are green for all areas.
- CDLIS/Citation Processing – Ms. Sonia Nelson stated team is in Milestone D for Citation Processing. The Citation Processing team began Sprint 18 for Milestone D on December 6, 2017.

The sprint ends December 26, 2017. The milestone ends March 20, 2018. This is the fourth of seven (7) planned Sprints for this milestone. The team has committed 51 stories to this sprint. The Sprint Stoplight indicators are green for business actions, testing and technical debt. Development is trending red for this period. The Milestone Stoplight indicators are green for all areas. There are no current risks or issues during the reported period.

**COMMUNICATION UPDATE**

- Mr. Samuel stated there was no update for communications today.

**Q&A**

- There were no questions or concerns from members present.

**ADJOURNMENT**

- Mr. Samuel adjourned the meeting at approximately 2:03 p.m.
- The next Advisory Board Meeting for Phase I is scheduled for January 9, 2018.

**Note: Handouts at this meeting included:**

# Topics for discussion

---

- ▶ General IV&V overview
- ▶ Overall risk state and trending
- ▶ IV&V ratings summary
- ▶ Key indicators
- ▶ Status of key deficiency recommendations
- ▶ Overall performance
- ▶ Forecast milestone completion
- ▶ Open deficiencies and actions
- ▶ Performance improvement recommendations
- ▶ Upcoming IV&V activities
- ▶ Supporting information
  - ▶ Summary of changes
  - ▶ Open deficiencies
  - ▶ Project milestones
  - ▶ Late tasks
  - ▶ Project schedule quality
  - ▶ Project budget

Data contained in this MAR is as of 14 December 2017

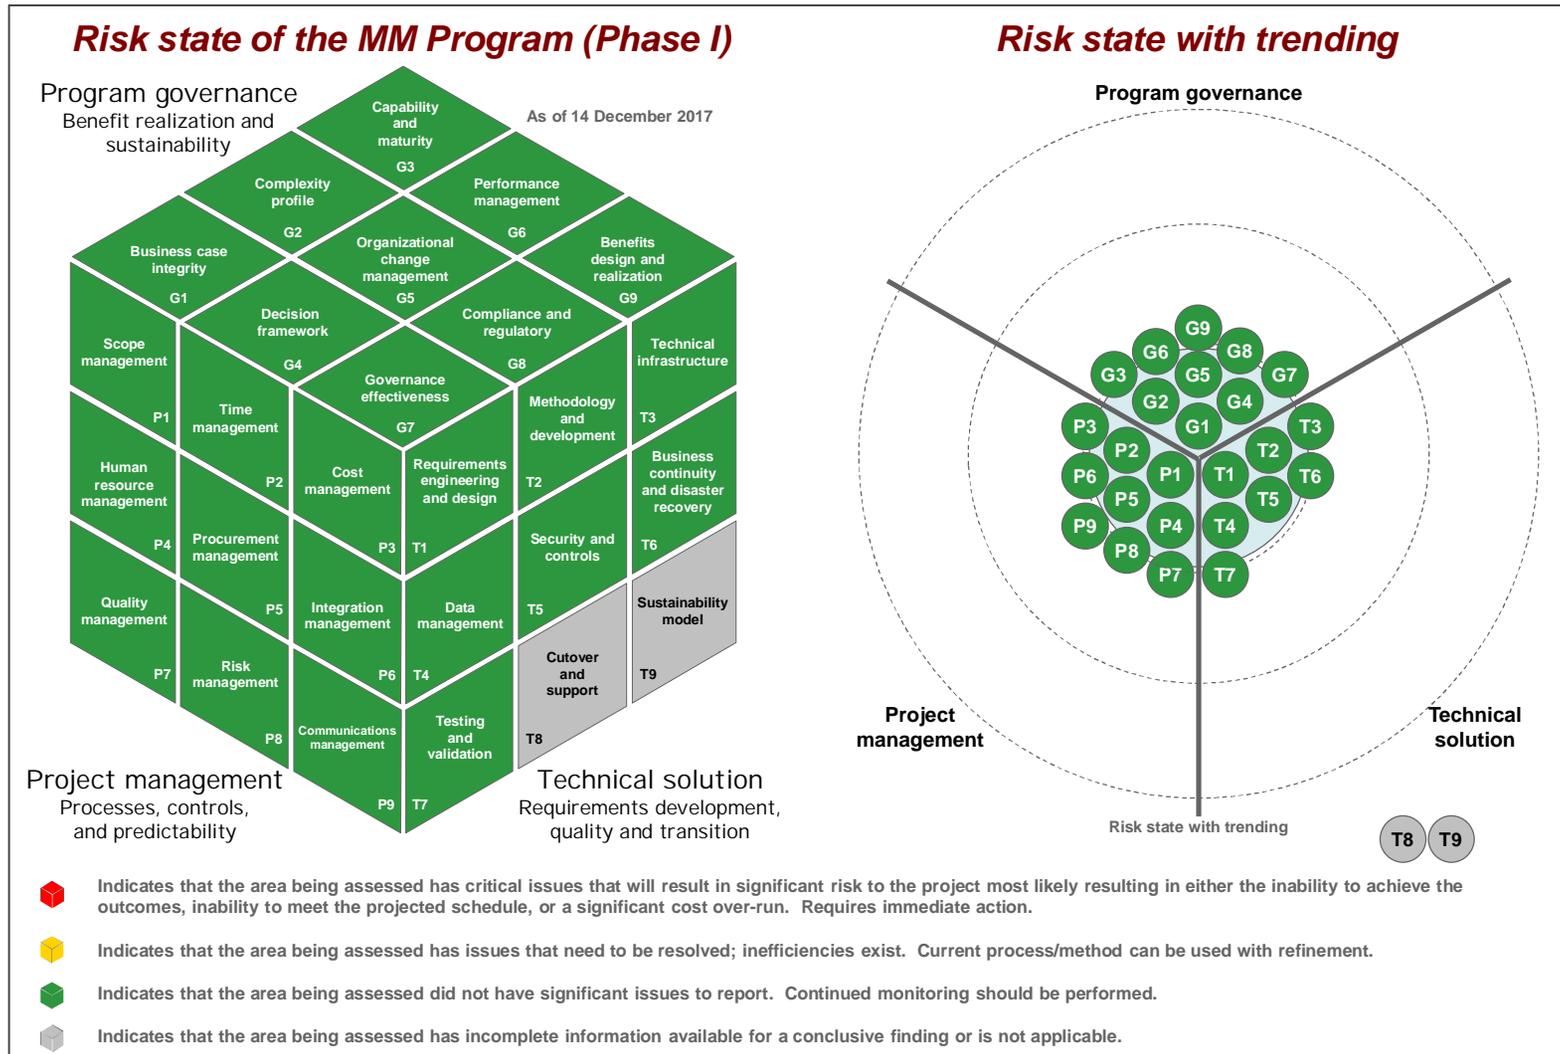

# General IV&V overview

Overall IV&V risk state:

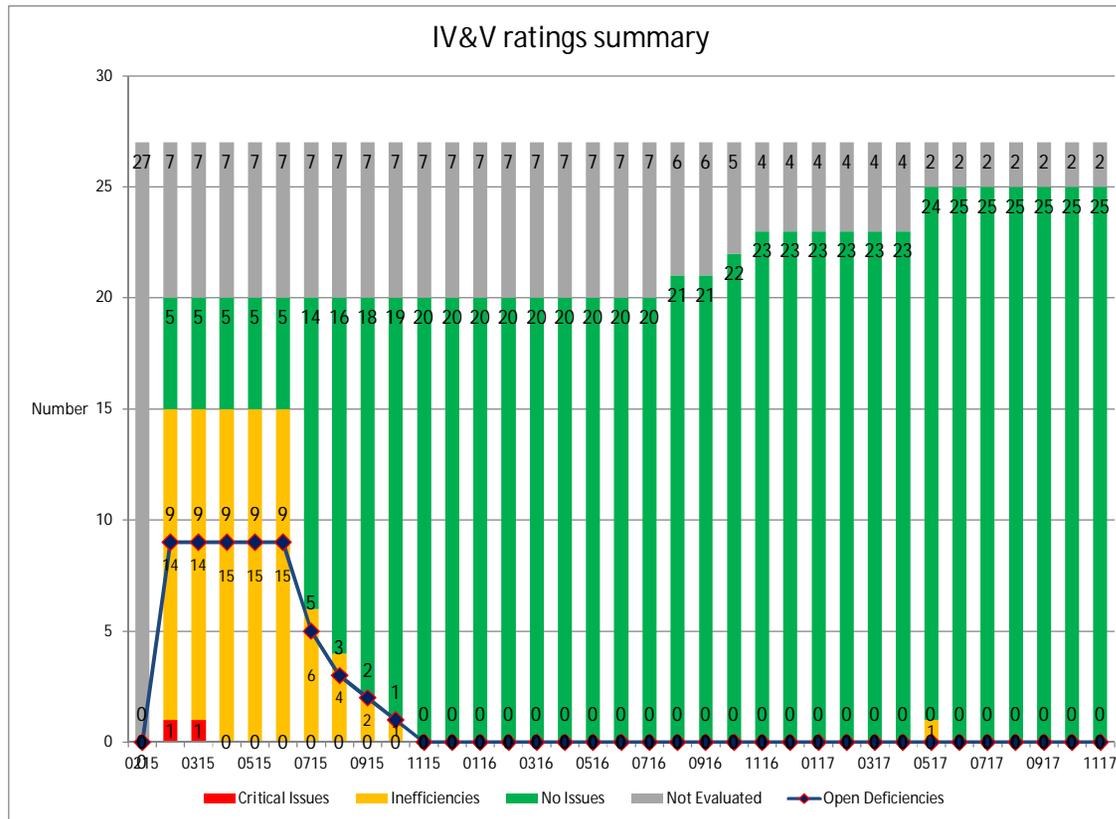

Green

- ▶ There are no open IV&V deficiencies.
  - ▶ No additional facets evaluated
  - ▶ No new deficiencies identified since the last report
- ▶ The Program is within established schedule performance thresholds
  - ▶ The schedule performance index (SPI) is 0.990
  - ▶ 35 of 2,961 total tasks (1.18%) contained in the project schedule are late
  - ▶ 35 of 2,529 tasks (1.38%) for the current period are late
- ▶ The Program is within established cost performance thresholds
  - ▶ The cost performance index (CPI) is 1.000
  - ▶ The Program is currently on budget based on provided budget and spending information
- ▶ The Program is behind schedule, but improving
  - ▶ The Program completion date is forecast to be 09/14/2016, 16.1 days late
  - ▶ The Program is within established schedule performance thresholds.
  - ▶ Future milestones are projected to be completed behind schedule.
  - ▶ The amount of time the project is behind schedule is decreasing

# Overall risk state and trending

# Overall IV&V ratings summary

§ This chart shows a summary of the IV&V cube facet ratings (red, amber, green and gray), and open deficiencies.

§ Facet risk rating totals are as follows:

- § Red (critical issues): 0
- § Amber (issues): 0
- § Green (no issues): 25
- § Gray (not evaluated): 2
- § Open deficiencies: 0

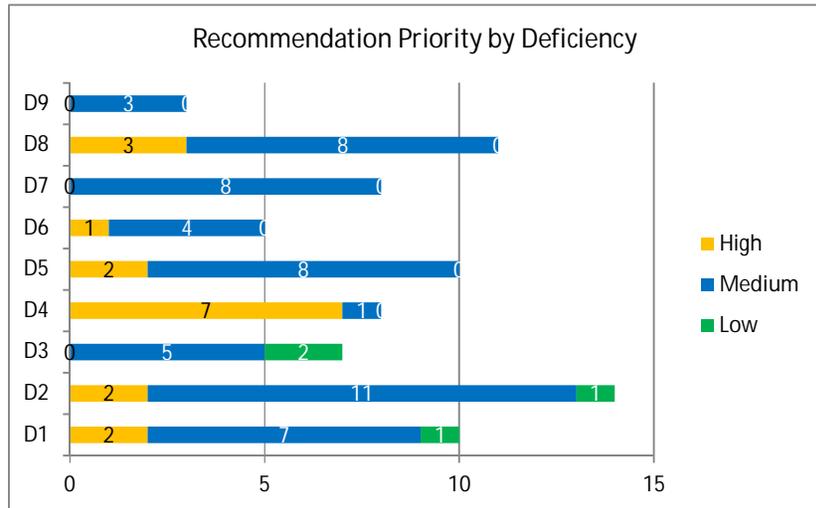

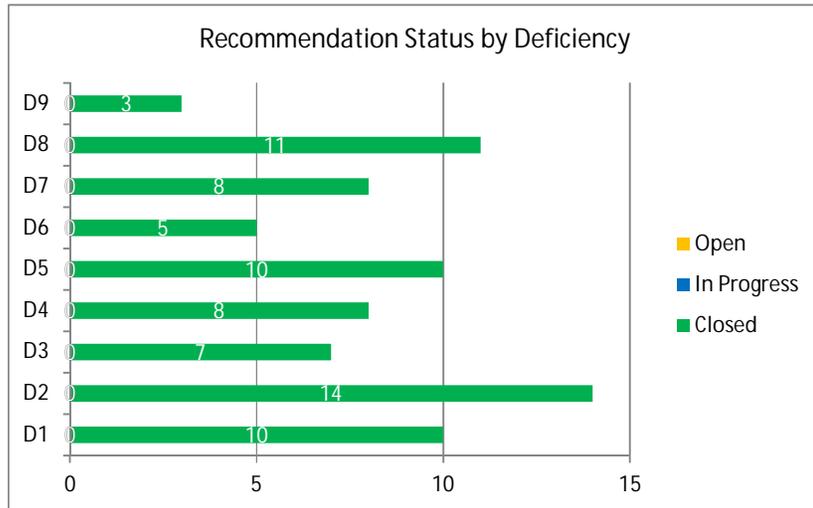

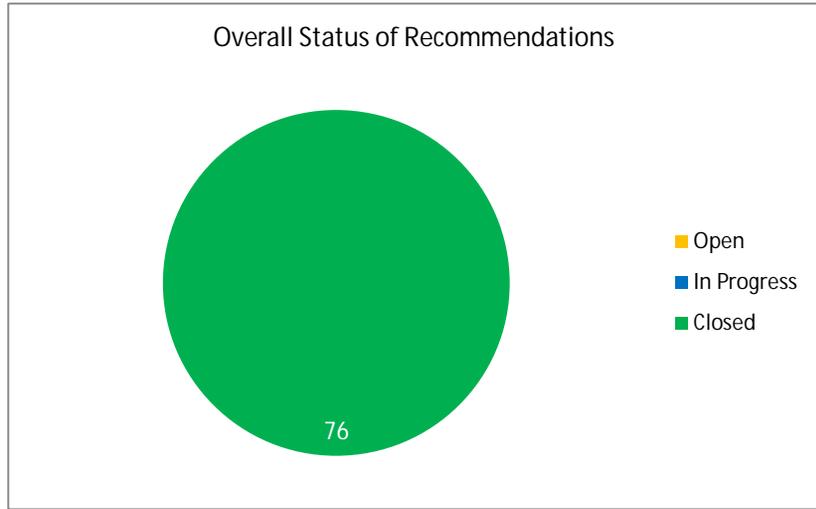

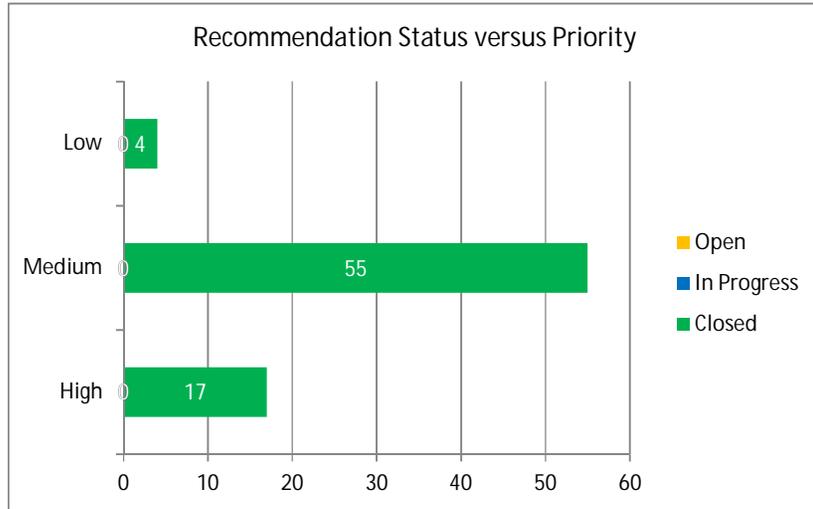

§ Conclusions:

- § The MM Program Team has satisfactorily addressed all deficiencies identified by the IV&V Team.

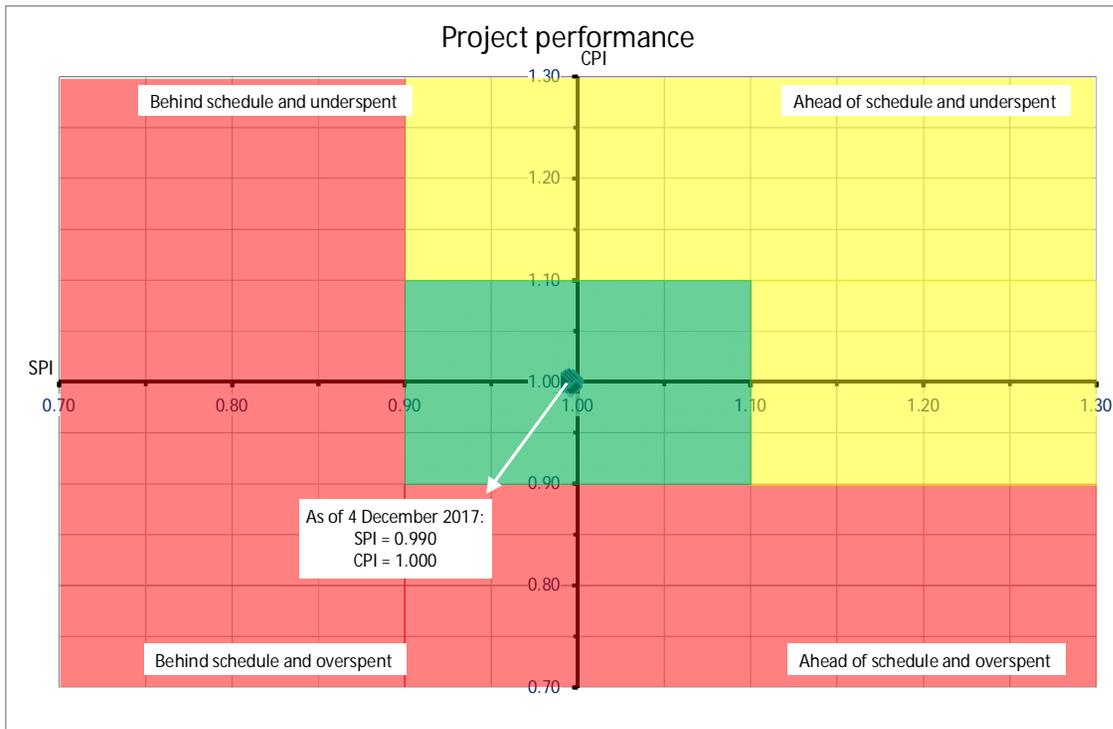

# Key indicators

Indicator	Value	Comment
Is the project approach sound?	Yes	<ul style="list-style-type: none"> <li>▶ The overall project approach is based on industry leading practices, methodologies and tools that have been used for other DHSMV projects.</li> </ul>
Is the project on time?	Yes	<ul style="list-style-type: none"> <li>▶ The Program is within established schedule performance thresholds.</li> <li>▶ The schedule performance index (SPI) is 0.990.</li> <li>▶ 35 of 2,961 total tasks (1.18%) contained in the project schedule are late.</li> <li>▶ 35 of 2,529 tasks (1.38%) for the current period are late.</li> </ul>
Is the project on budget?	Yes	<ul style="list-style-type: none"> <li>▶ The Program is within established cost performance thresholds.</li> <li>▶ The cost performance index (CPI) is 1.000.</li> <li>▶ The Program is currently on budget based on provided budget and spending information.</li> </ul>
Is scope being managed so there is no scope creep?	Yes	<ul style="list-style-type: none"> <li>▶ The work being completed as part of the MM Program (Phase I) is within the scope of the project as defined in the Schedule IV-B Feasibility Study.</li> </ul>
What are the project's future risks?	Unknown	<ul style="list-style-type: none"> <li>▶ The MM Program Team has satisfactorily addressed all deficiencies identified by the IV&amp;V Team.</li> </ul>
Are the project's risks increasing or decreasing?	Steady	<ul style="list-style-type: none"> <li>▶ The MM Program Team has satisfactorily addressed all deficiencies identified by the IV&amp;V Team.</li> </ul>
Are there new or emerging technological solutions that will affect the project's technology assumptions?	No	<ul style="list-style-type: none"> <li>▶ New and emerging technologies were considered in the Feasibility Study.</li> <li>▶ None have an adverse effect on the project's technological assumptions.</li> </ul>

# Status of key deficiency recommendations

# Overall performance

§ This chart shows the SPI and CPI plotted as points against the tolerance ranges set up for the project.

§ Summary:

§ Schedule and cost performance are within established thresholds.

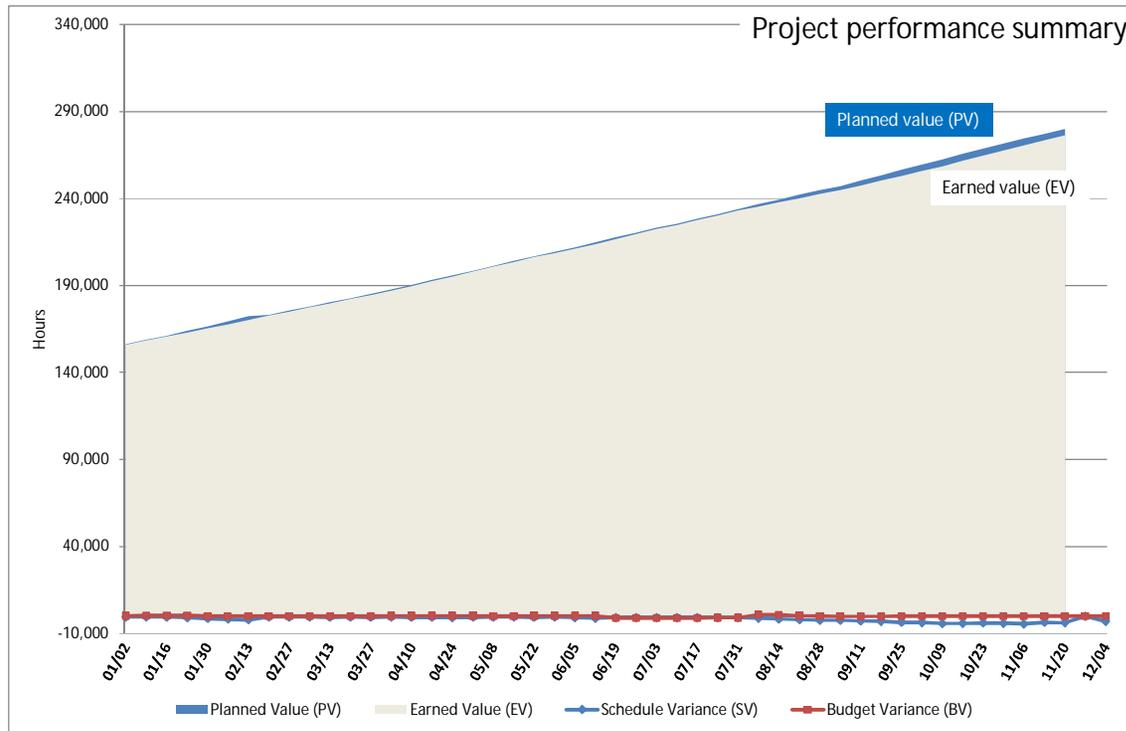

§ Conclusions:

§ The Program is currently on schedule and on budget.

- ▶ Green area indicates within tolerance of +/- 10% for both SPI and CPI.
- ▶ Amber area indicates review is required and corrective actions may be necessary.

- ▶ Red area indicates out-of-tolerance and corrective actions are necessary.

# Overall performance (continued)

§ This chart shows the cumulative planned value (PV) and earned value (EV) for the project.

§ Summary:

- § Total EV is less than PV, indicating there is scheduled work that is not being completed as scheduled.
- § The total amount of work not completed as scheduled is 2,890.4 hours.

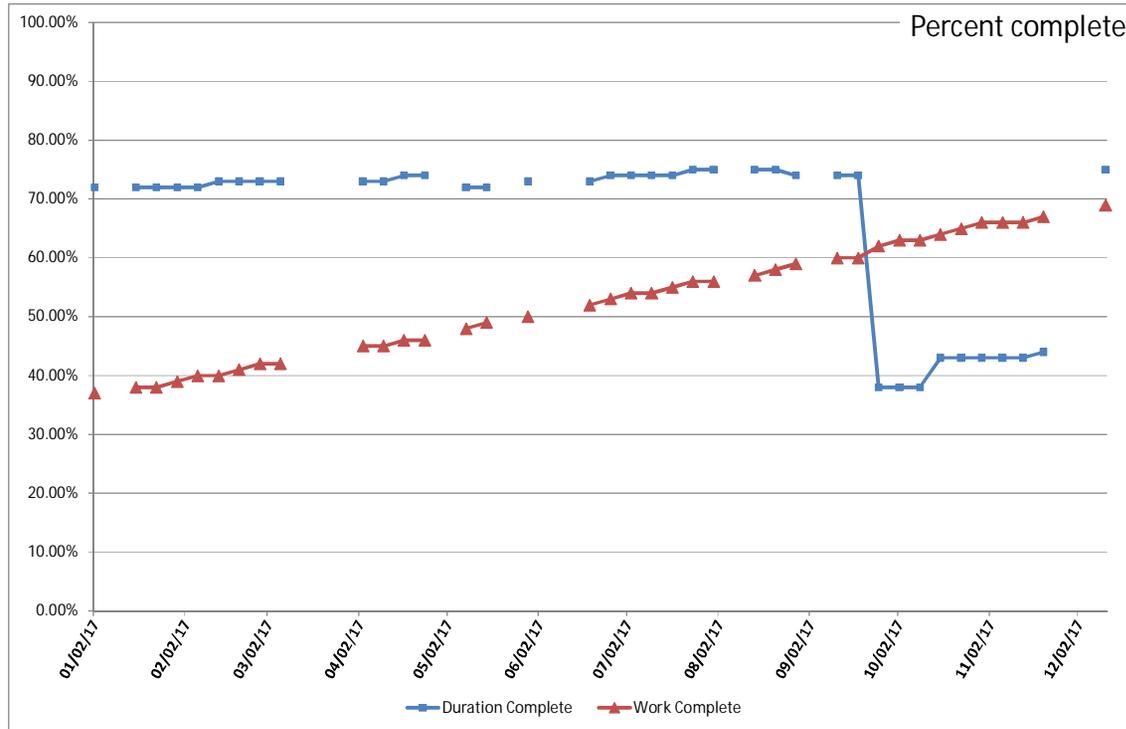

§ Conclusions:

- § The Program is behind schedule.

- ▶ Blue area indicates the cumulative PV as of the current reporting period.
- ▶ Grey area indicates the cumulative EV as of the current reporting period.

- ▶ PV is the work scheduled to be accomplished.
- ▶ EV is the value of the work actually performed.

# Overall performance (continued)

§ This chart shows the percent complete for duration and work for the project.

§ Summary:

§ Duration and work complete has been consistent since the beginning of the project

§ The modification of the schedule due to CR68 (Informatica) introduced a large number of long duration activities with little work, greatly impacting percent duration complete.

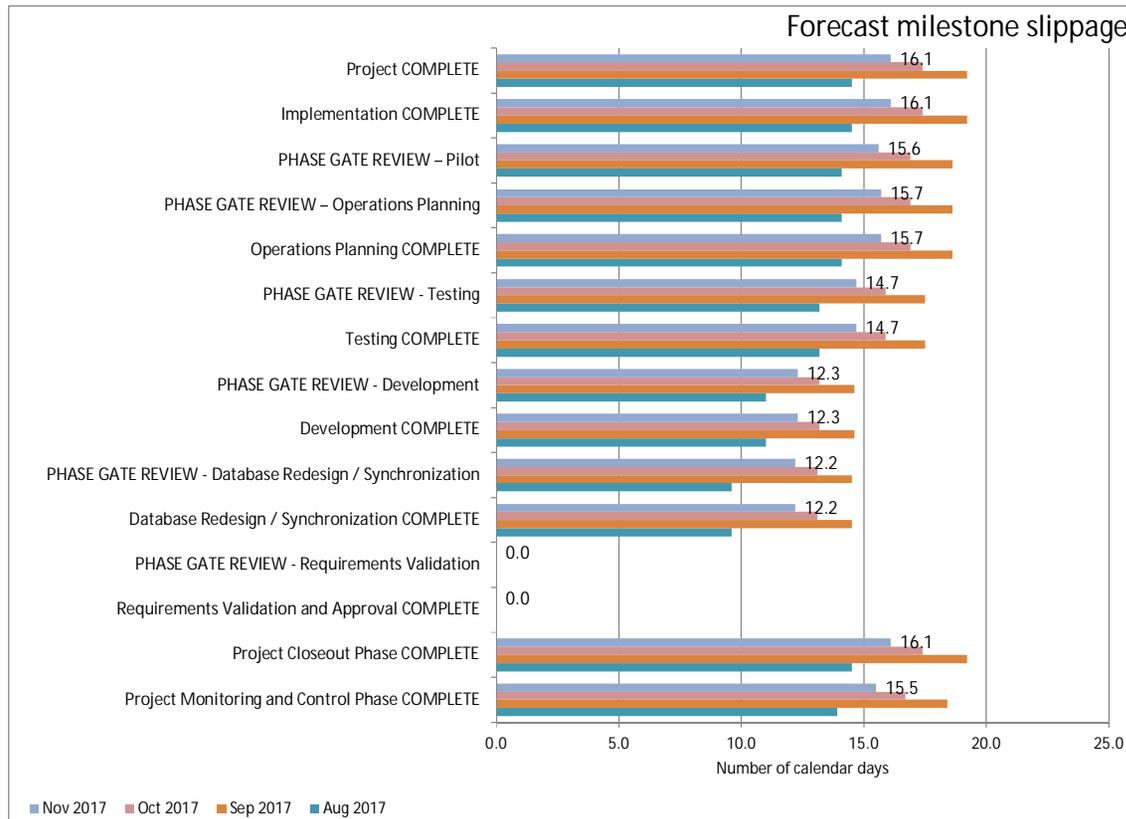

§ The modification of the schedule due to CR 79 (detailed Informatica tasks) reduced the number of long duration activities.

§ Conclusions:

§ None.

- ▶ Blue line is duration percent complete.
- ▶ Red line is work percent complete

# Forecast milestone completion

§ This chart shows the projected completion dates for future milestones based on historical performance using the schedule performance index (SPI).

§ Summary:

§ The Program is within established schedule performance thresholds.

§ Future milestones are projected to be completed behind schedule.

§ The amount of time the project is behind schedule is decreasing.

§ Conclusions:

§ The project is behind schedule, but improving

# Open deficiencies and actions

---

Deficiency	Actions taken

The DHSMV MM Program Team has satisfactorily addressed all deficiencies identified by the IV&V Team.

# Performance improvement recommendations

---

Recommendation	Progress update / resolution	Status

The DHSMV MM Program Team has satisfactorily addressed all performance improvement recommendations identified by the IV&V Team.

# Upcoming IV&V activities

- ▶ Participate in IV&V and Program meetings
- ▶ Review draft and final MM Program materials provided to the IV&V Team
- ▶ Conduct interviews as required
- ▶ Schedule of immediate IV&V deliverables is as follows:

Deliverable	Planned draft	Planned final	Actual final	Comment
MAR – Feb 2017 (IVV-302AY)	14 March 2017	29 March 2017	21 March 2017	▶ Complete
MAR – Mar 2017 (IVV-302AZ)	14 April 2017	01 May 2017	21 April 2017	▶ Complete
MAR – Apr 2017 (IVV-302BA)	12 May 2017	30 May 2017	19 May 2017	▶ Complete
MAR – May 2017 (IVV-302BB)	14 June 2017	29 June 2017	21 June 2017	▶ Complete
MAR – Jun 2017 (IVV-302BC)	17 July 2017	01 August 2017	24 July 2017	▶ Complete
MAR – Jul 2017 (IVV-302BD)	14 August 2017	29 August 2017	21 August 2017	▶ Complete
MAR – Aug 2017 (IVV-302BD)	14 September 2017	29 September 2017	22 September 2017	▶ Complete
MAR – Sep 2017 (IVV-302BE)	13 October 2017	30 October 2017	20 October 2017	▶ Complete
MAR – Oct 2017 (IVV-302BF)	14 November 2017	30 November 2017	21 November 2017	▶ Complete

Late

# Late tasks

## Supporting information

§ This chart shows the number of tasks that are late for each of the IV&V reports for the following:

§ Total tasks late.

§ Tasks that are open (task completion percentage is greater than 0% and less than 100%).

§ A task is automatically designated as “late” if it is not complete and the project status date is later than the baseline finish date for the task.

§ Summary:

§ Total normal tasks: 2,961

§ Total tasks late: 35

§ Total open tasks late: 19

§ Conclusions:

§ The total number of tasks designated as late is 1.2% of the total number of tasks.

# Project schedule quality

Entire schedule: 11/1/2013 to 8/29/2019

## Supporting information

§ This chart shows the quality of the project schedule within each of the following areas:

- § Overall quality with trending
- § Key indicators
- § Schedule parameters

§ Summary:

§ Overall quality: 95.0

§ Conclusions:

§ Overall schedule quality is consistent and excellent

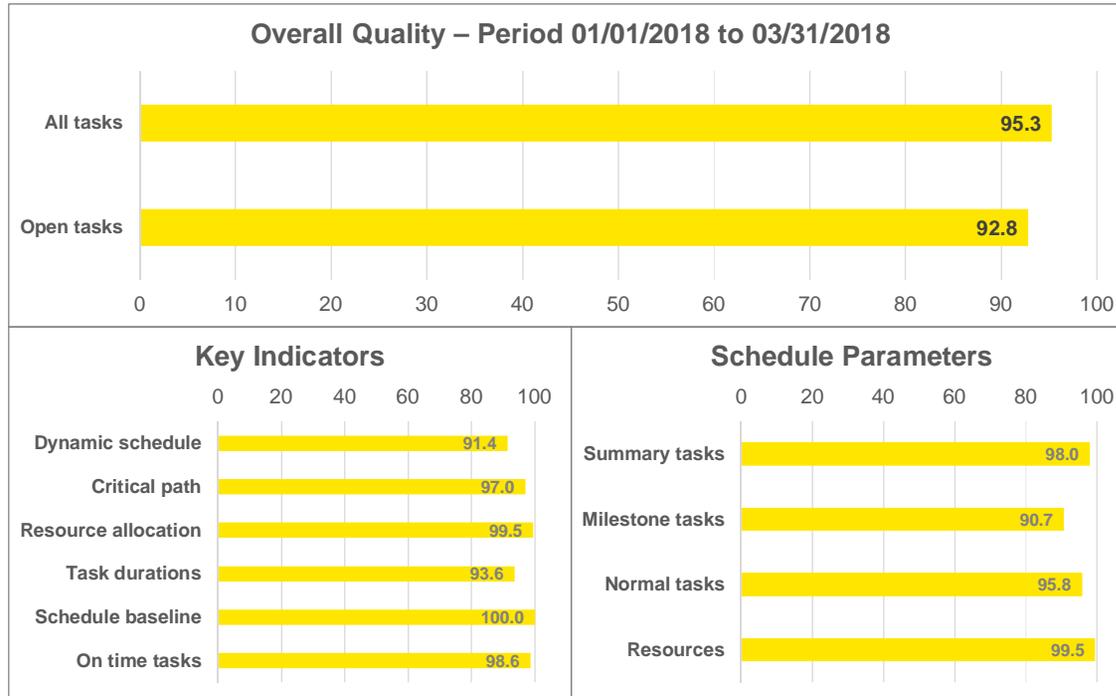

- ▶ Dynamic schedule – Task dependencies and constraints
- ▶ Critical path – Task dependencies
- ▶ Resource allocation – Resource assignments

- ▶ Task durations – Task durations other than 8 to 80 hours
- ▶ Baseline – Full baseline defined for all tasks
- ▶ On time tasks – Tasks that are not late

# Project schedule quality

## Period: 01/01/2018 to 03/31/2018

Date Requested	12/15/2017

<b>Change Request #</b>	<b>85</b>
<b>Change Request Information</b> (completed by the requestor)	
<p><b>Description:</b> This is a change request to update the reporting frequency for the Phase I Communications Plan. The current reporting frequency is quarterly with a rolling six-month reporting period. The request is to report every two months with a rolling three- to six-month reporting period.</p>	
Classification Critical : <input type="checkbox"/> Medium : <input checked="" type="checkbox"/> Low : <input type="checkbox"/>	
<i>Due to the level of classification and isolated impact to the schedule (not on the critical path), minor scope change(s), and/or minimal impact to budget, this change request may be approved by the Program Director in accordance with the MM Phase I Program Management Plan.</i>	

<b>Business Need / Justification</b> (completed by the requestor)
<p><b>Description:</b> Reporting communication activities more frequently will ensure the team does not forgo any efforts or opportunities for stakeholder outreach activities, events or other communicative tasks. The updated reporting period will also provide more insight into the communication efforts for Phase I of the Motorist Modernization Program.</p>

<b>Impact Analysis</b> (completed by ISA)
<p><b>Specific Requirements Definition:</b> N/A</p> <p>Completed by: Koral Griggs</p>

**ISA/Project Management Office  
Change Request Form**

**Impact on Schedule:** This request will adjust the Integrated Master Schedule frequency for updating the Communications Plan.

**Current Schedule**

<b>Quarterly Communication Plan Updates</b>	<b>760 days</b>	<b>Mon 2/1/16</b>	<b>Tue 2/5/19</b>
Update Communication Plan Quarterly	3 days	Thu 2/1/18	Mon 2/5/18
Update Communication Plan Quarterly	3 days	Tue 5/1/18	Thu 5/3/18
Update Communication Plan Quarterly	3 days	Wed 8/1/18	Fri 8/3/18
Update Communication Plan Quarterly	3 days	Thu 11/1/18	Mon 11/5/18
Update Communication Plan Quarterly	3 days	Fri 2/1/19	Tue 2/5/19

**Proposed Schedule**

<b>Bi-Monthly Communications Plan Updates</b>	<b>787 days</b>	<b>Mon 2/1/16</b>	<b>Tue 2/5/19</b>
Update Communication Plan	3 days	Thu 2/1/18	Mon 2/5/18
Update Communication Plan	3 days	Mon 4/2/18	Wed 4/4/18
Update Communication Plan	3 days	Fri 6/1/18	Tue 6/5/18
Update Communication Plan	3 days	Wed 8/1/18	Fri 8/3/18
Update Communication Plan	3 days	Mon 10/1/18	Wed 10/3/18
Update Communication Plan	3 days	Mon 12/3/18	Wed 12/5/18
Update Communication Plan	3 days	Fri 2/1/19	Tue 2/5/19

Completed by: Koral Griggs

Change Request Form – Agile Project**

General Information	
Agile Project Name	Motorist Modernization Phase I – Renewal Notification
Change Request Title	Renewal Notifications – Archive FRVIS High Speed Renewal Process Stories
Change Requested By	Sonia Nelson
Product Owner	Thomas Wilson
Date Requested	December 28, 2017

Change Request #)	86
<input checked="" type="checkbox"/> New Request	<input type="checkbox"/> Resubmitted / Amended Request

Change Request Information (completed by the requestor)
<b>Description of Change:</b> The purpose of this change request is to archive stories related to the FRVIS application integration with the Renewal Notice High-Speed Process.
Classification: Critical <input checked="" type="checkbox"/>
<i>Due to the level of classification (Level III) and potential impact to the scope, schedule (on the critical path, milestone impact, and/or &gt;10 business days/81 hours), and/or budget (&gt;\$500, increase to overall program budget), this change request must be reviewed by the Change Control Board and approved by the Executive Steering Committee in accordance with the MM Phase I Program Management Plan.</i>
<b>Change Request Type:</b> <input type="checkbox"/> New (Unplanned/Missed) Work Effort <input type="checkbox"/> Re-work <input type="checkbox"/> New (Expanded) Work Effort <input checked="" type="checkbox"/> Removal/Archival

Business Need / Justification (completed by the requestor)
The FRVIS application is not changing, therefore no development effort is required. System Integration will be tested during the Vendor Structured Testing phase of this project.

POR31	01/13/17	Express Shipping	Currently the department allows customers to request express shipping of their driver license/ID card by supplying P&I with their personal express shipping account number for various providers (FedEx, UPS, DHL). It was decided previously by the ESC that the new Portal application will allow expedited shipping for Driver License/ID card issuances. Should we require the customer provide an account number or should we set a fee amount and bill the department's account for shipping?			Require additional information		<p><b>3/8/17 Update</b> Sent a request for pricing to Alissa Hoban who reached out to Trey Collins. Alissa Hoban provided the current price sheet for the various options.</p> <p><b>3/16/17 Update</b> Aundrea Andrades presented the current pricing for Priority Overnight, FedEx Standard Overnight and FedEx two day overnight to the ESC. Aundrea suggested creating a table indicating the correct amounts for each service based on the zones and the board members agreed that it would be beneficial to use the pricing method moving forward. ESC requested information on how quickly we can process the issuance and what is the normal speed.</p> <p><b>04/25/17 Update</b> All mail received by 3:30 p.m. in the mail room will be delivered as follows: Priority Overnight will arrive by 10:30 a.m. next day FedEx Standard Overnight - Commercial will arrive by 3:00 p.m. next day FedEx Standard Overnight - Residential will arrive by 8:00 p.m. next day FedEx 2-Day will arrive by 10:30 a.m. 2nd day</p>	Require additional information	
POR31 Cont....	01/13/17	Express Shipping				Require additional information		<p><b>4/27/17 Update</b> The ESC decided that we will give the customer 3 options for express shipping. The system will calculate the fee based on the shipping option and zone. The system will display the expected delivery date for each option.</p> <p><b>05/17/17 Update</b> As of the last update, the legislative bill did not pass. The team would like directions for the next steps.</p>	Require additional information	
POR31 Cont....	01/13/17	Express Shipping				Require additional information		<p><b>05/18/17 Decision</b> The department will continue with previous plan.</p> <p><b>05/22/17 Update</b> Deb Roby emailed a copy of the Card Print Solution contract and the following notes: I have attached a few pages with language from the card print solution contract regarding expedited printing. The contract only addresses two types of printing and mailing for credentials. 1. Standard processing with first class mailing 2. Expedited processing with next business day delivery The contractor is required to produce separate invoice details for the expedited credentials with the shipment tracking information, in addition to the regular invoices. There are specific prices identified for each type of credential processing and mailing (regular and expedited/overnight) during the term of the contract and</p>	Require additional information

FR02	08/14/17	FR	The FR team is looking for a decision as to whether we should roll out the insurance companies XML onboarding as a "Big Bang" approach or a "Staggered" approach. We have more than 500 insurance companies that need to be moved to the new system. They will have more than a year for structured testing and preparing for the conversion, as FR development is complete in January 2018. We groomed our requirements to go with the "Big Bang" approach.	<p>After discussion with the team, we determined that there are 3 options available:</p> <p>Option 1: Big Bang Approach - This is the way the team groomed the requirements.</p> <p>Option 2: Phased roll-out - Old and new FR systems run concurrently (2 different letters and rules are sent to customers) - Vendors/companies roll out over X amount of time (Drop dead date TBD) - When all vendors/companies have rolled out, the old FR system is retired</p> <p><i>CR Required</i></p>		Require additional information		<p><b>08/17/17 Update</b> ESC would like to postpone making a decision until we can finish development of XML and get 4-6 companies structured testing and see how many issues they are having. Hopefully will have an answer by the next ESC meeting.</p> <p><b>09/21/17 Update</b> FR team still working on getting confirmations from insurance companies/vendors to start structured testing. State Farm Ins. has backed out. Farmers, Mercury, Verisk and Lexis Nexis are still on board to be involved in the pilot. Diana suggested that we go ahead and start the structured testing with the ones that have confirmed within the next week.</p> <p><b>10/24/17 Update</b> The team spoke to Pat Porter and we have 5 confirmations from insurance companies/vendors to start</p>	Require additional information	
FR02 Cont....	08/14/17	FR		<p>Option 3: DHSMV Big Bang + Phased Vendor/Companies Roll-out - Change requirements to accept Flat Files and Old XML in New FR system - Stage 1: New FR system will process all existing files (Big Bang for department. No changes to vendors/companies) - Stage 2: Vendors/companies will roll out over X amount of time to the new XML (Drop dead date TBD) - 2 Large Deployments</p> <p><i>CR Required</i> High level Estimated hours - 2,100 (not including testing)</p>				<p>Progressive (Flat file) AIG (XML/Flat) Farmers (New to FL- XML) Verisk (vendor-XML/Flat) United Automobile (Flat file)</p> <p>The team is reviewing the test scripts that SEU provided. The XML Deliverable 48 will be finalized by 10/25/17. The drafted manual has not been sent out yet, but have asked for feedback from some companies on items that they thought might be confusing. We are looking for a firm date from the business when we plan to provide the manual draft to all pilot insurance companies/vendors.</p> <p><b>11/13/17 Update</b> Draft XML Manual has been published on the Department's FR website. FR has created a spreadsheet to track the progress on SharePoint and are having weekly conference calls with pilot companies. FR will send a letter to all insurance companies listed with OIR in an attempt to reach companies that may not be aware of the changes.</p>		
FR02 Cont....	08/14/17	FR						<p><b>12/06/17 Update</b> The pilot companies are still working through development issues on their side. The team's holding weekly conference calls with the companies to answer any questions or concerns. Currently, they are not ready to start structured testing. DBA's are assisting SEU with protecting the records needed for the testing (Curt is helping with this) Pat Porter is working on the letter to all insurance companies listed with OIR.</p> <p><b>12/19/17 Update</b> Last week's conference call was canceled, but the team is continuing the weekly calls and working through any issues or questions they are still having.</p> <p>The test data that has been locked down was confirmed by another team and it's ready to go.</p> <p>Test data records were placed in the companies output folders for the first round of structured testing.</p>		

Item No.	Add Date	Function Area	Requested Functionality	Recommendation/ Advisory Board (AB) Comments	Bureau Chief Recommendation/ Approval by Name(s)	AB Status	AB Date	Executive Steering Committee (ESC) Comments	ESC Status	ESC Close Date
FR02 Cont....	08/14/17	FR						<p><b>12/19/17 Update Continued...</b>                      We are following up with the pilot companies as to where they are with modifying their systems. United Auto Insurance stated they are in the process of getting their software up to speed, and hoping to convert to XML after the new year. AIG has sent and processed files successfully and will start structured testing hopefully this week. Verisk has not started anything as of yet, they are experiencing production issues. They have verified they can see the folders, but no further update at this time.</p> <p>The Stage Environment is being set up for January 2018 for all companies to use to structured test.</p> <p><b>01/04/2018 Update</b>                      The Stage Environment is due to be ready by January 8, 2018.</p> <p>Pat Porter has completed the letter to the insurance companies and it is in the review process at this time. This letter includes important dates as well as a January 31, 2018, deadline to have a contact person identified and an email address for structured testing.</p>		
								<p><b>01/04/2018 Update Continued...</b>                      We are still holding the weekly pilot company testing progression call. AIG is moving quickly with their structured testing and haven't run into any major issues. Verisk has been struggling with production issues. One issue was related to AST, as their reload file was too large. We were told there were no limitations. Also, there was an anti-virus issue with files timing out. Verisk still has not started any pilot structured testing. United Automobile is having a problem related to the dummy NAIC codes we provided and getting them programmed in their system. The FR team is setting up a conference call with them and our technical team to help solve their issues. At this time, they have not started any pilot structured testing.</p>
