Phase II - Decision Log

Team	Item #	Description	Submit Date	Decision Needed By Date	Impact	AB Recommendation	AB Date	ESC Decision/Notes	Status	Close Date
DSERV	5	The Dealer Services Team is requesting a decision on allowing the Tax Collectors to have the capability to cancel dealer plates if the dealer is surrendering the cancelled plate, or in the case of cancelling a stolen plate, ensuring a proper police report was provided. At a minimum, a scanned copy of the plate or report must be associated with the transaction and available for review in ORION. This request came from the Bureau Chief.	5/8/2019	5/23/2019	The Registration team would need an answer to include this process in their requirements validations. Allowing the Tax Collectors to complete this task would save the dealer a trip to the regional office.	The AB supported the suggestion to provide the dealers the capability to cancel dealer plates. Lisa Cullen supported the recommendation.	6/11/2019	6/6/2019 Update Robert Kynoch will get back with ESC on this decision.	Under Review	
REG	1	The Registration team would like to request that the Tax Collectors office be able to provide the Antique Vessel decals from their office. Currently, the TC office corrects the reg use to "EA" and then the customer has to mail the request to Tallahassee to receive the decal. The decals could be requested through inventory, similar to the color decals for vessels and mobile homes. The department has an extensive amount of these decals on hand.	7/2/2019	7/31/2019	This would provide better customer service and would save the department the mail fees to send these out to the customer. Approximately 10 are currently mailed out per day.	The Advisory Board agrees it would be good customer service to offer the decals in the Tax Collectors office.	7/9/2019	7/12/2019 Update The ESC approved this request.	Closed	7/12/2019
TITLE		The Title, Registration and Globals team would like your guidance on displaying the FEIN on our ORION screens. OMM has created a Standard for FEIN and it is 99-9999999 (a HSMV suffix is added after that where applicable). The business wants the FEIN to continue to display as it currently displays in FRVIS, which is 9999999-99. This does not follow the FEIN format under the IRS website, Sunbiz, etc. We are modernizing the system and would like to apply the correct standards going forward. This field is used by several systems.	2/10/2020	2/28/2020	If we do not update the format, ORION will continue to display the FEIN field incorrect.		2/11/2020
