- Additional DHSMV members present included – Terrence Samuel, Koral Griggs, Cathy Thomas, Jessica Espinoza, Judy Johnson, Craig Benner, Felecia Ford, Chad Hutchinson and Laura Freeman. Scott Lindsay also attended.
- Visitors present included – Alyene Calvo and Gary Didio from Ernst & Young, Michelle McGinley and Nathan Johnson from Accenture attended via phone. Andrew Bell and Denise Smith from Florida Auto Tag Agencies, Michael Samaan from Auto Data Direct, Carl Ford from J Ford Consulting and Scott Lunsford with the Florida Tax Collectors also attended.

REVIEW OF MEETING MINUTES

- Rachel Graham reviewed the meeting minutes from June 11, 2019. No corrections were identified. A motion to approve the minutes was accepted by the board members and the June 11, 2019, meeting minutes were approved.

IV&V UPDATE

- Alyene Calvo presented an IV&V update for Phase II. The overall risk state was green. There were no open deficiencies to report and no new facets were reviewed. The Schedule Performance Index was .949. 32 of 1,446 total tasks were late. The program completion date is projected to be 191 days late and the Schedule Quality Score was 96.1. She stated they met with the program team and they have made progress with the Uniface tasks and will work on re-estimating the work effort.

STAKEHOLDER OUTREACH

- Terrence Samuel stated the team presented an update on the Motorist Modernization project at Department of Revenue on June 10.

Office of Motorist Modernization

- Mr. Samuel discussed presenting and performing demos at the Tax Collector Education Forum in August.
- He also stated meetings are being scheduled with Avis and Hertz.
- Jessica Espinoza discussed the upcoming All-Hands Meeting with the tax collector subject matter experts.

FINANCIAL REVIEW

- Janis Timmons presented a Phase I and II financial review as of June 30. The Phase I budget was \$7.5 million. There was a 0.01 percent variance with \$644 in remaining funds. The budget for Phase II was \$5 million. There was a 0.04 percent variance with \$1,923 in remaining funds.

POLICY & DECISION REVIEW

- POR08 – Request to Allow the Issuance of Permanent Decals for Tribal Registrations – Judy Johnson stated the department will move forward with seeking legislation to allow for the issuance of permanent plates. The team is awaiting additional follow-up from the business.
- POR11 – Permanent Plates for Tribes – Ms. Johnson stated the department will move forward with seeking legislation to allow for the issuance of permanent plates. The team is awaiting additional follow-up from the business.
- DSERV05 – Felecia Ford stated the Dealer Services team is requesting a decision on allowing the tax collectors to have the capability to cancel dealer plates if the dealer is surrendering the cancelled plate, or in the case of cancelling a stolen plate, ensuring a proper police report was provided. At a minimum, a scanned copy of the plate or report must be associated with the transaction and available for review in ORION. The Advisory Board supported the suggestion to provide the dealers the capability to cancel dealer plates. She stated the team will report back to the ESC.
 - Lt. Jason Britt asked if these dealer plates are within the allotted cancellation period.
 - Ms. Ford stated this is during the timeframe where the plates would still be valid, but if the policy was cancelled or modified and the dealer is no longer eligible for as many plates as they have, the dealer would be able to cancel these plates.
 - Diane Buck asked if dealers going out of business would be able to surrender these plates at a tax collector office.
 - Ms. Ford stated they would have the option to go to the regional office or tax collector offices.
 - Ms. Buck was stated additional documentation is needed when a dealer goes out of business. She was concerned with the possibility of this documentation not being sent to the regional office if the dealer were to return the plates at the tax collector office.
 - Ms. Ford stated she would discuss these concerns with the team.
 - Lisa Cullen suggested listing a reason code when dealer plates are returned to tax collector offices.
 - Ms. Ford stated criteria will be determined for when dealer plates are surrendered at tax collector offices.

Office of Motorist Modernization

- Carl Ford asked if dealers would be allowed to have multiple coverages at a given time, and will the maximum number of plates a dealer have reflect all the dealer's coverage?
- Ms. Ford stated the plan is to document the coverage a dealer has and if it is determined they need more plates during the renewal period, then there will be an ability to add an additional policy.
- Andrew Bell stated this topic was widely discussed at the Dealer Advisory Board meeting recently. He stated those meeting minutes may be helpful.
- REG01 – Cathy Thomas stated the Registration team would like to request that the tax collector offices be able to provide the Antique Vessel decals from their office. Currently, the tax collector office corrects the registration use to "EA," and then the customer must mail the request to Tallahassee to receive the decal. The decals could be requested through inventory, like the color decals for vessels and mobile homes. The department has an extensive amount of these decals on hand. This would provide better customer service and would save the department the mail fees to send these to the customer. Approximately 10 are currently mailed out per day.
 - The tax collector members agreed this would be great customer service.

PHASE II PROJECT UPDATE

- Nathan Johnson stated all teams have completed requirements validation. The teams are also working on completing development and testing estimates to finalize release planning. The team plans to begin development in September.

ORGANIZATIONAL CHANGE MANAGEMENT UPDATE

- Craig Benner stated the team began drafting the Phase II OCM Schedule and identifying deliverables.

COMMUNICATIONS UPDATE

- There was no communications update at the meeting.

Q&A

- Carl Ford asked if the global cashiering solution being developed for Phase I would be available for Phase II stakeholders to observe in advance?
- Terrence Samuel stated the cashiering solution for Phase I will be the same for Phase II. He stated the cashiering specs were previously given to the IT Coalition but he will follow-up on this.

ADJOURNMENT

- Mr. Samuel adjourned the meeting at approximately 2:59 p.m.
- The next Advisory Board Phase II Meeting is scheduled for August 13, 2019.

Status of key deficiency recommendations

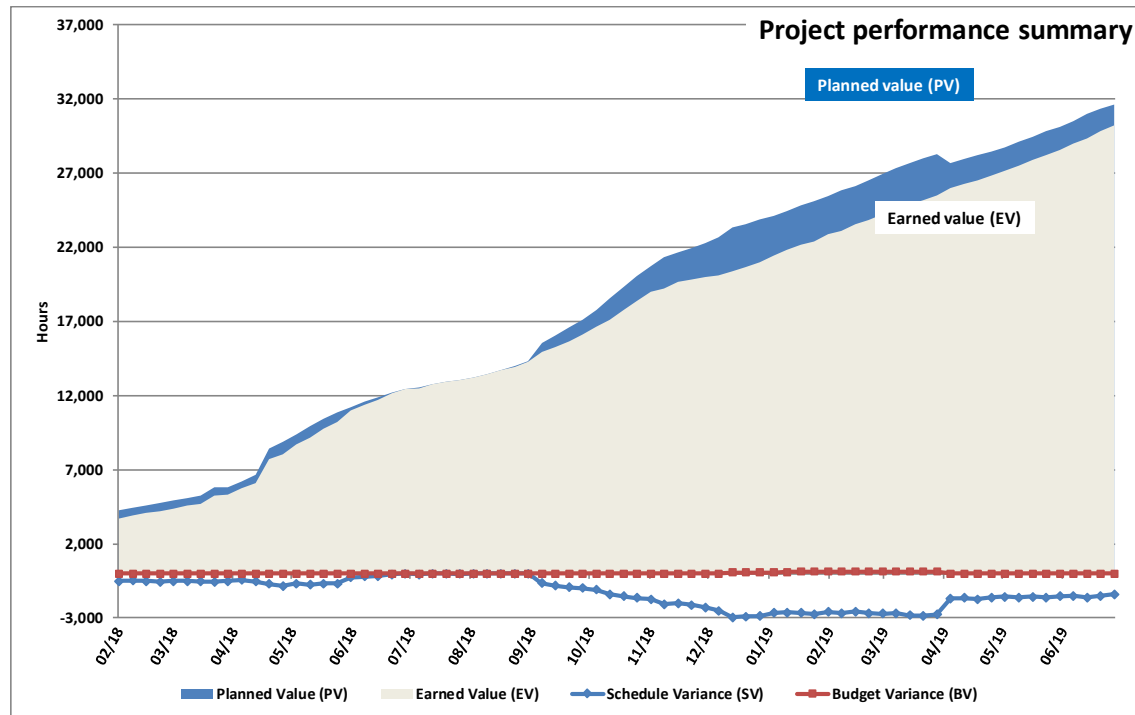

Overall performance

- ▶ Green area indicates within tolerance of +/- 10% for both SPI and CPI.
- ▶ Amber area indicates review is required and corrective actions may be necessary.

- ▶ Red area indicates out-of-tolerance and corrective actions are necessary.

Overall performance (continued)

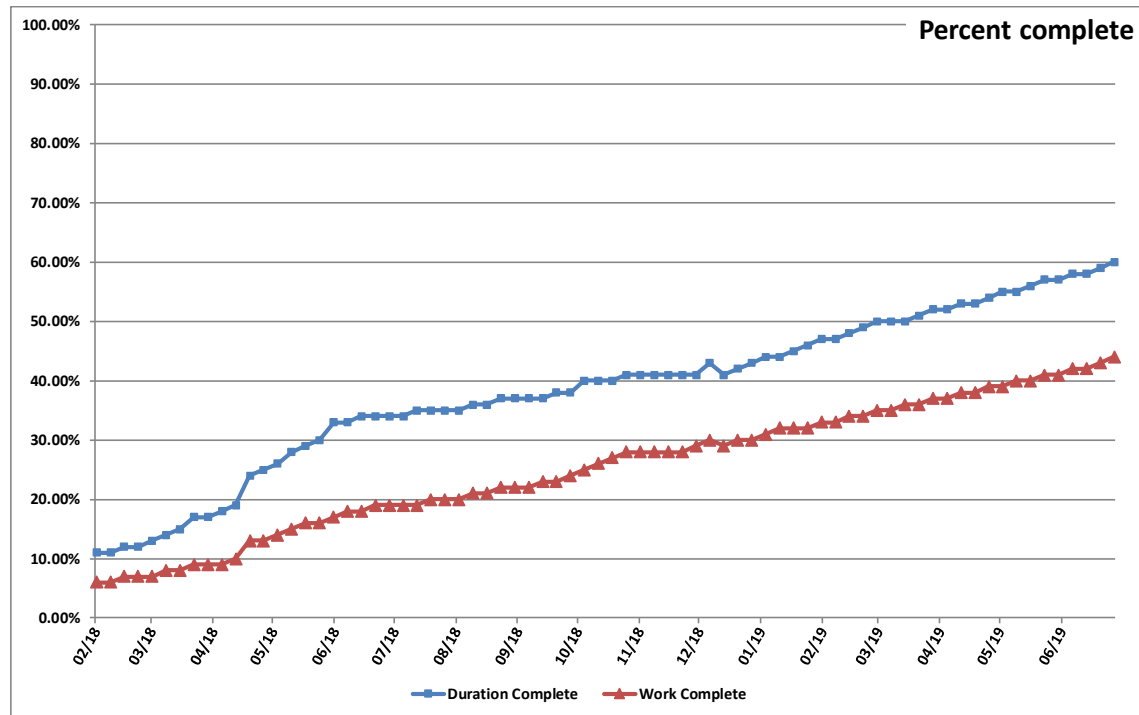

- This chart shows the cumulative planned value (PV) and earned value (EV) for the project.
- Summary:
 - Total EV is less than PV, indicating there is scheduled work that is not being completed as scheduled.
 - The total amount of work not completed as scheduled is 1,397.5 hours.
- Conclusions:
 - The MMP2 Program is behind schedule.

- ▶ Blue area indicates the cumulative PV as of the current reporting period.
- ▶ Grey area indicates the cumulative EV as of the current reporting period.

- ▶ PV is the work scheduled to be accomplished.
- ▶ EV is the value of the work actually performed.

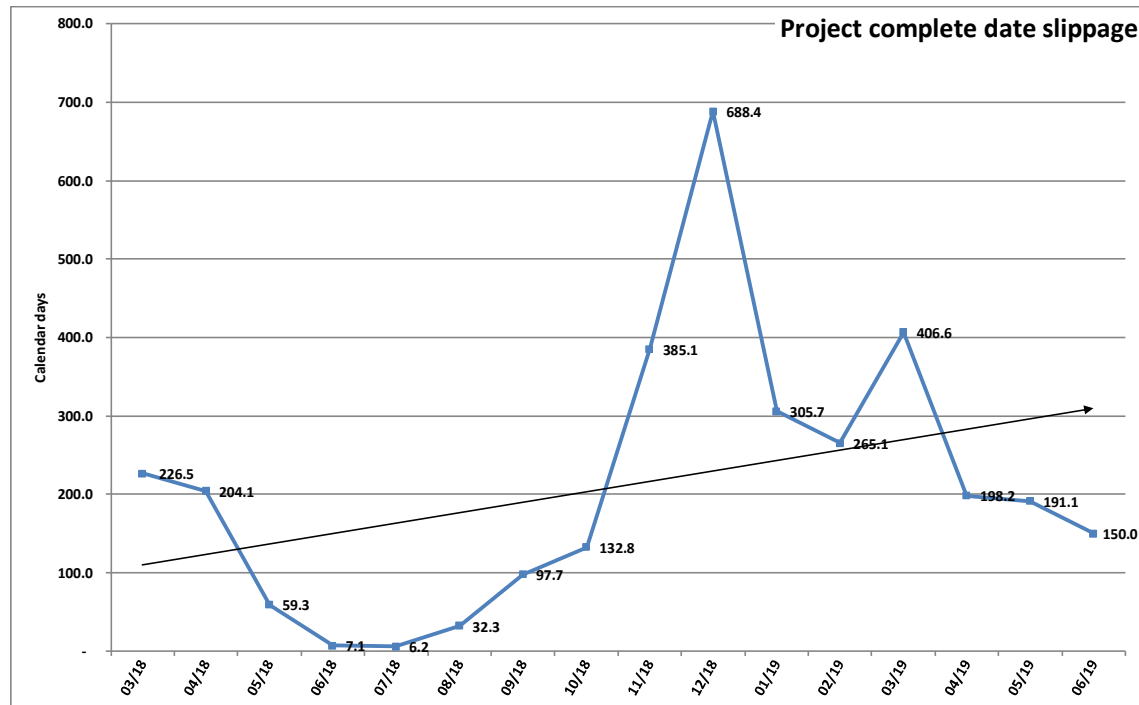

Overall performance (continued)

- This chart shows the percent complete for duration and work for the project.
- Summary:
 - Duration and work complete has been increasing since the beginning of the project.
- Conclusions:
 - None.

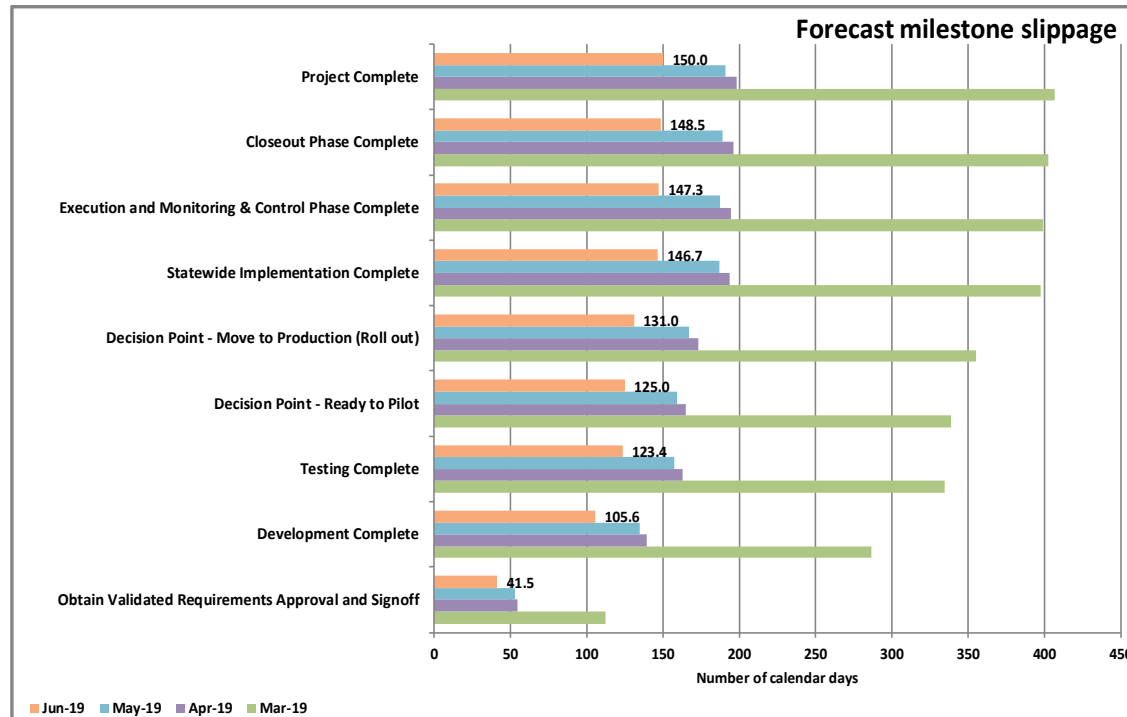

- ▶ Blue line is duration percent complete.
- ▶ Red line is work percent complete

Project complete date slippage

- This chart shows the forecast slippage of the project complete milestone based on historical performance using the schedule performance index (SPI).
- Summary:
 - The program completion date is forecast to be 16 December 2023, 150.0 days late.
 - The amount of time the project is behind schedule is **decreasing**.
- Conclusions:
 - The program is behind schedule.

Forecast milestone completion

- This chart shows the projected completion dates for future milestones based on historical performance using the schedule performance index (SPI).
- Summary:
 - Future milestones are projected to be completed behind schedule.
 - The amount of time the project is behind schedule is **decreasing**.
- Conclusions:
 - The program is behind schedule.

Open deficiencies and actions

Deficiency	Actions taken
▶ None	

The MMP2 Program Team has satisfactorily addressed all deficiencies identified by the IV&V Team.

Process improvement recommendations

Recommendation	Progress update / resolution	Status
▶ The program team should perform a level of effort analysis on the remaining Uniface task and update the MM Program Schedule to provide an accurate reflection of the remaining work, allocated resources, and adjusted timeline.	▶ The program team is continuing to analyze the remaining UNIFACE tasks to determine appropriate changes to the MMP2 Program Schedule.	▶ In-progress

Upcoming IV&V activities

- ▶ Participate in IV&V and Program meetings
- ▶ Review draft and final MMP2 Program materials provided to the IV&V Team
- ▶ Conduct interviews as required
- ▶ Schedule of immediate IV&V deliverables is as follows:

Late tasks

Supporting information

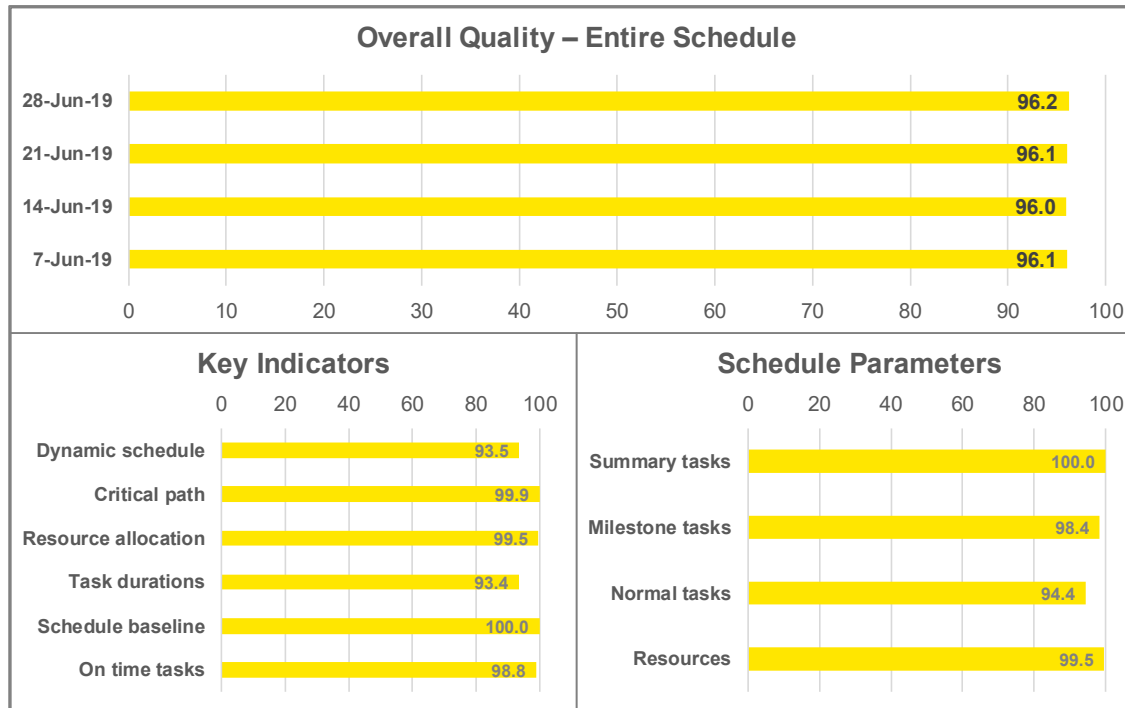

- This chart shows the number of tasks that are late for each of the IV&V reports for the following:
 - Total tasks late.
 - Tasks that are open (task completion percentage is greater than 0% and less than 100%).
- A task is automatically designated as “late” if it is not complete and the project status date is later than the baseline finish date for the task.
- Summary:
 - Total normal tasks: 1,446
 - Total tasks late: 18
 - Total open tasks late: 12
- Conclusions:
 - The total number of tasks designated as late is 1.24% of the total number of tasks.
 - The number of late tasks has **decreased** since the last report.
