Agenda

- Roll Call
- Welcome
- Review and Approval of Last Meeting Minutes
- IV&V Update
- Stakeholder Outreach Update
- Policy and Decisions Review
- MM Phase II Program Update
  - Financial Review
  - Project Updates
- Communications Update
- Q&A
- Adjourn
WELCOME AND INTRODUCTIONS

The meeting was called to order at 2:30 p.m. Kristin Green began the meeting by welcoming members and visitors and proceeded with the roll call of board members.

Advisory Board Phase II members included:

- Stephen Boley, DHSMV
- Steve Burch, DHSMV
- Lt. Jason Britt, DHSMV (via phone)
- Diane Buck, DHSMV (via phone)
- Jay Levenstein, DHSMV (absent)
- Lisa Cullen, Florida Tax Collectors (via phone)
- Leticia Torres, Florida Tax Collectors
- Det. Sgt. Ivan Doobrow, Law Enforcement (via phone)

Additional DHSMV members present included – Terrence Samuel, Kristin Green, Janis Timmons, Felecia Ford, Laura Freeman, Judy Johnson, Cherlyn Dent and Cathy Thomas.

Visitors present included – Alyene Calvo and Colin Stephens from Ernst & Young, and Nathan Johnson from Accenture. Andrew Bell from Florida Auto Tag Agencies, and Selma Sauls from Auto Data Direct were present. Bob Priselac from Title Technology, and Brandon Shelley from OATA also attended.

ADVISORY BOARD PHASE II MEMBERSHIP CHANGES

Kristin Green stated Steve Burch is the newest member of the Phase II Advisory Board replacing Trisha Williams.

REVIEW OF MEETING MINUTES

Rachel Graham reviewed the meeting minutes from July 10, 2018. Two corrections were identified. A motion to approve the minutes, with the two corrections, was accepted by the board members and the July 10, 2018, meeting minutes were approved.

IV&V UPDATE

Alyene Calvo presented an overview of the June 2018 report for Phase II. The overall risk state was amber. There was one open deficiency regarding incomplete program governance causing two facets of the cube to be amber. 9 out of 1,411 tasks were late. The Schedule Performance Index was .999. The program was within the established performance thresholds. The program completion date is projected to be 7.1 days late and the Schedule Quality Score was 96.2.
POLICY & DECISION REVIEW

- POR02 – Defining Scope of Fleet Services – Ms. Judy Johnson stated the ESC decided banks and credit unions would not be allowed to issue temporary tags. Legal was still reviewing statutory authority for this item.

- POR04/POR05 – Ms. Judy Johnson stated both of these items involved providing casual title sales services through the MyDMV Portal. Diana Vaughn asked the team to contact Department of Revenue for requirements gathering. The team also researched and outlined how to provide casual title sales services through the MyDMV Portal with the guidance of Robert Kynoch. The team notated concerns from Lisa Cullen and Lt. Jason Britt from the previous Advisory Board meeting.

- POR06 – What transaction services will be offered in the Phase II Kiosk solution, and what level of user authentication is required? – Ms. Johnson stated there was a discussion on incorporating different transactions into the kiosk solution. This list of transactions was presented to the ESC and is currently under review. The kiosk transactions list would also be discussed at the upcoming IT Coalition meeting.
  - Andrew Bell asked to see the list of kiosk transactions once reviewed.

- REG01 – For a residential address change on a motor vehicle transaction, are we going to force the customer to get a replacement driver license? – Cathy Thomas stated there was no update.

- REG04 – Should the system do an NMVTIS check prior to approval of a renewal? – Ms. Thomas stated there was no update.

- TLE01 – Should the Motor Vehicle Issuance system pre-populate the vehicle information based on data retrieved from VINtelligence? – Ms. Thomas stated there was no update.

- REG05 – Should the system do a NLETTS check prior to registration renewal? – Ms. Thomas stated per the Advisory Board’s recommendation, the team discussed with Sgt. Teslo and Beth Brinkley with FHP on how to handle this if a hit returns on the record, and the safety concern from tax collectors on clerks possibly having to address this issue with the customer over the counter. FHP recommended:
  - The clerk indicating the system is having an "issue" processing the transaction and ask the customer to have a seat while the matter is being resolved. The manager can then contact law enforcement to respond to the office to complete the investigation.
  - For offices with law enforcement present, the manager can ask the officer to investigate the matter and determine if a seizure or arrest is appropriate. The clerk should inform the customer they are unable to process the transaction and refer them to the regional office for further inspection of the vehicle and review of the paperwork.
  - If the customer leaves the office and the safety of the clerk/manager is not jeopardized, the clerk could attempt to obtain the tag number, and description of the vehicle.
  - If the transaction is allowed to go through, then we are just prolonging the situation, which eventually ends up with a fraud investigation.
  - Ms. Thomas added that this item would be discussed at the next ESC meeting.
    - Lisa Cullen asked if the tax collectors would contact law enforcement or FHP.
    - Ms. Thomas stated FHP stated the tax collectors would contact law enforcement, but she will confirm.

- DS01 – Felecia Ford stated the team would like a decision on whether they should continue to change the dealer’s license number on a dealer when the dealer allows their license to expire and then re-apply for a license after the statutory delinquent period is over, or should
they allow the dealer to retain their original license number. The team believes keeping the same license number will be easier to track the history of the dealer.

- Diane Buck agreed with the team. She asked if the dealer history information would fall under the same dealer license number.
- Ms. Ford confirmed.
- Stephen Boley and Leticia Torres also agreed this was a good idea.

**FINANCIAL REVIEW**
- Ms. Janis Timmons stated the Phase I budget for the 2018/19 fiscal year is $7.5 million, with $604,940 expended as of July 30. The budget to actual variance for July 2018 was 0. The budget for Phase II for the 2018/19 fiscal year is $5 million with $70,270 expended as of July 30. The budget to actual variance for July 2018 was 0.

**PROJECT UPDATES**
- Mr. Nathan Johnson stated all teams were currently working on requirements validation and detailed business requirements. He overviewed the increments each team was working on.
  - Terrence Samuel discussed the meeting the team held with PRIDE recently.
  - Lisa Cullen stated she believes security will be increased by having an interface with PRIDE.
  - Mr. Samuel stated he would provide Ms. Cullen and the tax collector focus groups the information PRIDE presented at the meeting.
- Dealer Services – Felecia Ford stated the team was meeting twice a week to ensure the SMEs understand the new system for manufactured housing and what is required by the team. She stated there has been great participation from the team.
- Titles & Registration – Cathy Thomas stated the team was working on original title transactions and original registrations. Both the Titles team and Registration team meets twice a week. She stated the team has been discussing screens, documenting business rules, and grooming and putting the business rules into Blueprint. There has been much participation from the tax collector SMEs.
  - Mr. Samuel asked about the last meeting with the tax collector SMEs.
  - Ms. Thomas stated the tax collector SMEs were last here the week of July 23 and the meetings were very successful.
  - Mr. Johnson stated the next All-Hands meeting with the tax collector SMEs will be scheduled in October.
  - Mr. Samuel asked how the Titles and Registration team was working on the customer service and fraud issues raised at past meetings.
  - Ms. Thomas stated the team continues to discuss ways to fix these issues.
- IFTA/IRP – Laura Freeman stated the team has been working on getting a COT system and the content for an ITN. The team has been working with functional leads to obtain validations and requirements for different functional areas. The team is also working on a benefits realization and a Return on Investment.
  - Stephen Boley asked if there was a target date for the ITN.
  - Janis Timmons stated we have to wait until funding is secured before we know an exact date.
- Portal/Fleet Services – Judy Johnson stated the team is working on motor vehicle records requests and motor vehicle stop requests through MyDMV Portal.
  - Mr. Samuel stated the team will be scheduling tax collector focus groups for Phase I and II via phone and in person. He discussed adding IT members to the focus groups as well.
  - Mr. Johnson stated the team would also begin working on the release plan.
COMMUNICATIONS UPDATE

- There was no communications update at the meeting.

Q&A

- Andrew Bell with Florida Auto Tag Agencies requested updating insurance as a part of batch registration uploads.
- Judy Johnson stated they received a request for this and it is part of the list of enhancements for the high speed process.
- Mr. Bell asked if there has been discussion on how the baseline of inventory needs will change as more dealers sign up for the EFS process.
- Ms. Johnson stated this was on the inventory team’s list of items to assess.
- Terrence Samuel asked for suggestions on this.
- Mr. Bell stated they will come up with a list of suggestions. He asked what the department’s pinpoint would be for when to order additional inventory.
- Bob Priselac stated after speaking with dealers and tax collectors, they are looking at inventory as a whole and what the dealerships or offices use and not how much they need in reserve for every location. He stated he heard what the true needs were, but never heard back about an outcome.
- Lisa Cullen stated several factors that contributed to issues with the dealers. She stated if the state is adding a dealer, the inventory needs to be increased in the beginning. She asked Mr. Bell and Mr. Priselac what their thoughts were on paying up front for the license plates.
- Mr. Bell stated they would have no problem with that at all.
- Mr. Priselac stated it would be something they would consider as a whole.
- Mr. Bell stated he would add this to the list of ideas and email it to the Motorist Modernization email group.

ADJOURNMENT

- Mr. Samuel adjourned the meeting at approximately 3:10 p.m.
- The next Advisory Board Phase II Meeting is scheduled for September 11, 2018.

Note: Handouts at this meeting included:

Consolidated in a meeting packet and emailed to members:

Motorist Modernization Program (Phase II)

State of Florida Department of Highway Safety and Motor Vehicles (DHSMV)

Independent verification and validation (IV&V) Monthly Assessment Report Summary

July 2018

29 August 2018
Topics for discussion

► General IV&V overview
► Overall risk state and trending
► IV&V ratings summary
► Key indicators
► Status of key deficiency recommendations
► Overall performance
► Project complete date slippage
► Forecast milestone slippage
► Open deficiencies and actions
► Process improvement recommendations
► Upcoming IV&V activities

► Supporting information
► Summary of changes
► Open deficiencies
► Project milestones
► Late tasks
► Project schedule quality
► Project budget

Data contained in this MAR is as of 14 August 2018
General IV&V overview

There is one (1) open IV&V deficiency
- P2D1 – Incomplete program governance
- No additional facets evaluated
- No new deficiencies identified since the last report

The Program is within established schedule performance thresholds
- The schedule performance index (SPI) is 0.999
- 3 of 1,419 total tasks (0.21%) contained in the project schedule are late
- 0 of 20 total tasks (0.00%) for the current period are late

The Program is within established cost performance thresholds
- The cost performance index (CPI) is 1.000
- The Program is currently on budget based on provided budget and spending information

The Program is behind schedule
- The program completion date is forecast to be 25 July 2023, 6.2 days late
- Future milestones are projected to be completed behind schedule
- The amount of time the project is behind schedule is decreasing

Overall IV&V risk state: Amber
Overall risk state and trending

**Risk state of the MM Program (Phase II)**

As of 14 August 2018

- **Program governance**
  - Benefit realization and sustainability
- **Capability and maturity**
  - G3
- **Performance management**
  - G6
- **Benefits design and realization**
  - G9
- **Complexity profile**
  - G2
- **Organizational change management**
  - G5
- **Compliance and regulatory**
  - G8
- **Technical infrastructure**
  - T3
- **Methodology and development**
  - T2
- **Security and controls**
  - T5
- **Sustainability model**
  - T9
- **Decision framework**
  - G7

**Risk state with trending**

- **Program governance**
- **Technical solution**
  - Requirements development, quality and transition
  - P1, P2, P3, P4, P5, P6, P7, P8, P9
  - T1, T2, T3, T4, T5, T6, T7, T8, T9

**Indicators**
- Indicates that the area being assessed has critical issues that will result in significant risk to the project most likely resulting in either the inability to achieve the outcomes, inability to meet the projected schedule, or a significant cost over-run. Requires immediate action.
- Indicates that the area being assessed has issues that need to be resolved; inefficiencies exist. Current process/method can be used with refinement.
- Indicates that the area being assessed did not have significant issues to report. Continued monitoring should be performed.
- Indicates that the area being assessed has incomplete information available for a conclusive finding or is not applicable.
IV&V ratings summary

This chart shows a summary of the IV&V cube facet ratings (red, amber, green and gray), and open deficiencies.

Facet risk rating totals are as follows:
- Red (critical issues): 0
- Amber (issues): 2
- Green (no issues): 18
- Gray (not evaluated): 7

Open deficiencies: 1

Conclusions:
- The MM Program Team is currently working to resolve the deficiencies identified by the IV&V Team.
## Key indicators

<table>
<thead>
<tr>
<th>Indicator</th>
<th>Value</th>
<th>Comment</th>
</tr>
</thead>
<tbody>
<tr>
<td>Is the project approach sound?</td>
<td>Yes</td>
<td>The overall project approach is based on industry leading practices, methodologies and tools that have been used for other DHSMV projects.</td>
</tr>
<tr>
<td>Is the project on time?</td>
<td>No</td>
<td>The Program is currently behind schedule.</td>
</tr>
<tr>
<td></td>
<td></td>
<td>- The schedule performance index (SPI) is 0.999.</td>
</tr>
<tr>
<td></td>
<td></td>
<td>- 3 of 1,419 total tasks (0.21%) contained in the project schedule are late.</td>
</tr>
<tr>
<td></td>
<td></td>
<td>- 0 of 20 total tasks (0.00%) for the current period are late.</td>
</tr>
<tr>
<td>Is the project on budget?</td>
<td>Yes</td>
<td>The Program is within established cost performance thresholds.</td>
</tr>
<tr>
<td></td>
<td></td>
<td>- The cost performance index (CPI) is 1.000.</td>
</tr>
<tr>
<td></td>
<td></td>
<td>- The Program is currently on budget based on provided budget and spending information.</td>
</tr>
<tr>
<td>Is scope being managed so there is no scope creep?</td>
<td>Yes</td>
<td>The work being completed as part of the MM Program (Phase II) is within the scope of the project as defined in the Schedule IV-B Feasibility Study.</td>
</tr>
<tr>
<td>What are the project’s future risks?</td>
<td>Unknown</td>
<td>The MM Program Team is currently working to resolve the deficiencies identified by the IV&amp;V Team.</td>
</tr>
<tr>
<td>Are the project’s risks increasing or decreasing?</td>
<td>Steady</td>
<td>The MM Program Team is currently working to resolve the deficiencies identified by the IV&amp;V Team.</td>
</tr>
<tr>
<td>Are there new or emerging technological solutions that will affect the project’s technology assumptions?</td>
<td>No</td>
<td>New and emerging technologies were considered in the Feasibility Study. None have an adverse effect on the project’s technological assumptions.</td>
</tr>
</tbody>
</table>
Status of key deficiency recommendations

Recommendation status versus priority

Overall status of recommendations

Recommendation status by deficiency

Recommendation priority by deficiency
Overall performance

This chart shows the SPI and CPI plotted as points against the tolerance ranges set up for the project.

Summary:
- Schedule performance is within the established threshold.
- Cost performance is within the established threshold.

Conclusions:
- The Program is currently behind schedule.

Green area indicates within tolerance of +/- 10% for both SPI and CPI.
- amber area indicates review is required and corrective actions may be necessary.

Red area indicates out-of-tolerance and corrective actions are necessary.

As of 03 August 2018
SPI = 0.999
CPI = 1.000
Overall performance (continued)

This chart shows the cumulative planned value (PV) and earned value (EV) for the project.

**Summary:**
- Total EV is less than PV, indicating there is scheduled work that is not being completed.
- The total amount of work not completed as scheduled is 12 hours.

**Conclusions:**
- The Program is behind schedule.

- Blue area indicates the cumulative PV as of the current reporting period.
- Grey area indicates the cumulative EV as of the current reporting period.
- PV is the work scheduled to be accomplished.
- EV is the value of the work actually performed.

-2,000 0 2,000 4,000 6,000 8,000 10,000 12,000 14,000
0 2,000 4,000 6,000 8,000 10,000 12,000 14,000

| Planned Value (PV) | Earned Value (EV) | Schedule Variance (SV) | Budget Variance (BV) |
Overall performance (continued)

This chart shows the percent complete for duration and work for the project.

Summary:
- Duration and work complete has been increasing since the beginning of the project.

Conclusions:
- None.

- Blue line is duration percent complete.
- Red line is work percent complete.
This chart shows the forecast slippage of the project complete milestone based on historical performance using the schedule performance index (SPI).

Summary:
- The program is behind schedule.

Conclusions:
- The program completion date is forecast to be 25 July 2023, 6.2 days late.
- Future milestones are projected to be completed behind schedule.
- The amount of time the project is behind schedule is decreasing.
This chart shows the projected completion dates for future milestones based on historical performance using the schedule performance index (SPI).

Summary:
- The program is behind schedule.

Conclusions:
- The program completion date is forecast to be 25 July 2023, 6.2 days late.
- Future milestones are projected to be completed behind schedule.
- The amount of time the project is behind schedule is decreasing.

1. Items highlighted are either currently late or projected to be late.
2. Original – Original contract completion date.
3. Scheduled – Scheduled completion date based on the latest schedule baseline.
4. Planned – Planned completion date (should be the same as scheduled).
5. Forecast – Based on ES calculations and the current SPI.
6. Actual – The actual completion date.
Late tasks

**Supporting information**

This chart shows the number of tasks that are late for each of the IV&V reports for the following:

- Total tasks late.
- Tasks that are open (task completion percentage is greater than 0% and less than 100%).
- A task is automatically designated as "late" if it is not complete and the project status date is later than the baseline finish date for the task.

**Summary:**

- Total normal tasks: 1,419
- Total tasks late: 3
- Total open tasks late: 0

**Conclusions:**

- The total number of tasks designated as late is 0.21% of the total number of tasks.
Project schedule quality
Entire schedule: 9/19/2016 to 7/19/2023

Supporting information

This chart shows the quality of the project schedule within each of the following areas:
- Overall quality with trending
- Key indicators
- Schedule parameters

Summary:
- Overall quality: 96.3

Conclusions:
- Overall schedule quality is consistent and excellent

Key Indicators
- Dynamic schedule – Task dependencies and constraints
- Critical path – Task dependencies
- Resource allocation – Resource assignments

Schedule Parameters
- Task durations – Task durations other that 8 to 80 hours
- Baseline – Full baseline defined for all tasks
- On time tasks – Tasks that are not late
Project schedule quality
Period: 09/01/2018 to 11/30/2018

This chart shows the quality of the project schedule within each of the following areas:

- Overall quality with trending
- Key indicators
- Schedule parameters

Summary:
- Overall quality: 95.5

Conclusions:
- Overall schedule quality is consistent and excellent

- Dynamic schedule – Task dependencies and constraints
- Critical path – Task dependencies
- Resource allocation – Resource assignments
- Task durations – Task durations other than 8 to 80 hours
- Baseline – Full baseline defined for all tasks
- On time tasks – Tasks that are not late

**05/15/2018 Update**

The team met with Shibu and Desi to discuss the impact on the system with running a NMVTIS check on all renewals. We are looking at tripling the load on NMVTIS at a minimum. Still need to check with AAMVA.

**06/12/2018 Update**

We sent an email to AAMVA on June 11, 2018, and are waiting on a response.

**07/18/2018 Update**

An email was sent to Sgt. Teslo and Beth Brinkley and they suggest the following:
- Indicate the system is having an "issue" processing the transaction and ask the customer to have a seat while the matter is being resolved. The manager can then contact Law Enforcement to respond to the office to complete the investigation.
- We are waiting on a meeting to be scheduled with AAMVA to discuss.

**07/19/2018 Update**

An email was sent to Sgt. Teslo and Beth Brinkley and they suggest the following:
- Indicate the system is having an "issue" processing the transaction and ask the customer to have a seat while the matter is being resolved. The manager can then contact Law Enforcement to respond to the office to complete the investigation.

**07/20/2018 Update**

An email was sent to Sgt. Teslo and Beth Brinkley and they suggest the following:
- Indicate the system is having an "issue" processing the transaction and ask the customer to have a seat while the matter is being resolved. The manager can then contact Law Enforcement to respond to the office to complete the investigation.

</tr>
</tbody>
</table>

Section 320.27(4)(a) requires the dealer to submit a new application and pay the initial license fee if the dealer fails to renew their license prior to the expiration date of the delinquent period (45 days after expiration date). There is no reference to the dealer having to re-submit any additional information that is required by an original applicant. Currently, these dealers are treated like a renewal with the exception of the original fee and a new license number. We believe that by keeping the same license number it will be easier to track the history of the dealer. Also, the dealer would not need to change preprinted documents that have their old number already printed.

The AB supported the suggestion to have the dealer retain their original dealer number if they re-apply after the license and delinquent dates have expired.

Robert would like to schedule a meeting to discuss this further before a decision is made.

Meeting was scheduled with Rick White for Monday, September 10.

The team met with the Business to discuss the recommendation. Rick White will be provide his recommendation to Robert Kynoch who will advise ESC on his final decision regarding the retention of the original Dealer License number.

<td>Do we need statutory authority to allow entities, such as Enterprise Holdings (Car Rental) to process title and registration transactions electronically?</td>
<td>5/17/2018</td>
<td>5/30/2018</td>
<td>Any decisions made after 5/30/2018, will not be included in the 6/4/2018, deliverable.</td>
<td>Yes, statutory authority would be necessary. Non-dealer commercial entities have expressed an interest in having the Department implement an electronic interface to perform title and registration transactions, similar to the process provided in s. 320.03(10), F.S. Section 320.03(10), F.S., limits use of the electronic system to entities that, in the normal course of its business, sell products that must be titled or registered, and provides title and registration services on behalf of its consumers (dealer licensees and entities that sell vessels). 320.03(10) Jurisdiction over the electronic filing system for use by authorized electronic filing system agents to electronically title or register motor vehicles, vessels, mobile homes, or off-highway vehicles; issue or transfer registration license plates or decals; electronically transfer fees due for the title and registration process; and perform inquiries for title, registration, and lienholder verification and certification of service providers is expressly preempted to the state, and the department shall have regulatory authority over the system.</td>
<td>9/5/2018</td>
<td>Under review</td>
<td>9/5/2018</td>
</tr>
</tbody>
</table>
The electronic filing system shall be available for use statewide and applied uniformly throughout the state. An entity that, in the normal course of its business, sells products that must be titled or registered, provides title and registration services on behalf of its consumers and meets all established requirements may be an authorized electronic filing system agent and shall not be precluded from participating in the electronic filing system in any county. Upon request from a qualified entity, the tax collector shall appoint the entity as an authorized electronic filing system agent for that county. The department shall adopt rules in accordance with chapter 120 to replace the December 10, 2009, program standards and to administer the provisions of this section, including, but not limited to, establishing participation requirements, certification of service providers, electronic filing system requirements, and enforcement authority for noncompliance. The December 10, 2009, program standards, excluding any standards which conflict with this subsection, shall remain in effect until the rules are adopted. An authorized electronic filing agent may charge a fee to the customer for use of the electronic filing system.

Further, Rules 15C-16.0015C-16.010, F.A.C., EFS Agent Participation Requirements, provides:

<td>5/17/2018</td>
<td>5/30/2018</td>
<td>Any decisions made after 5/30/2018, will not be included in the 6/4/2018 deliverable.</td>
<td>A statutory change is not required; however, this would require a technology change. LPAs have expressed an interest in having a direct, electronic interface to FRVIS to perform title and registration transactions. Section 320.03(1), F.S., provides, in part, that: &quot;(1) The tax collectors in the several counties of the state, as authorized agents of the department, shall issue registration certificates, registration license plates, validation stickers, and mobile home stickers to applicants...&quot; Section 320.03(8), F.S., provides for tax collectors to utilize private tag agents (LPAs). Currently, LPAs use a software known as &quot;Screen Scrape.&quot; It enables them to intercept information being entered on their computer screens, and simulates keyboard activity being communicated to FRVIS. The LPAs want a direct interface to FRVIS to eliminate the need for their software. This would eliminate the need for them to make software updates to address any updates to FRVIS, and they argue that the interface would create a more efficient process. Based upon the foregoing, legislation would not be necessary for this change.</td>
