

# GETTING YOUR MODIFIED CREDENTIAL

## IN PERSON:

Modified credentials will begin to be issued in select offices in the coming weeks. After August 2020, this will be the only card design issued in Florida

To renew or replace a credential, visit a local service center listed at [flhsmv.gov/locations](http://flhsmv.gov/locations).

## ONLINE:

The modified credential will be available for online renewals at [flhsmv.gov](http://flhsmv.gov) by the end of August 2020.

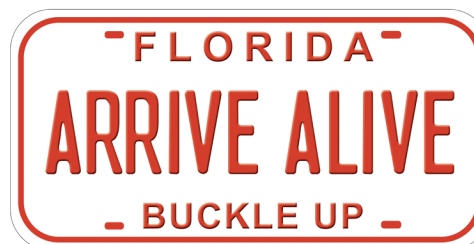

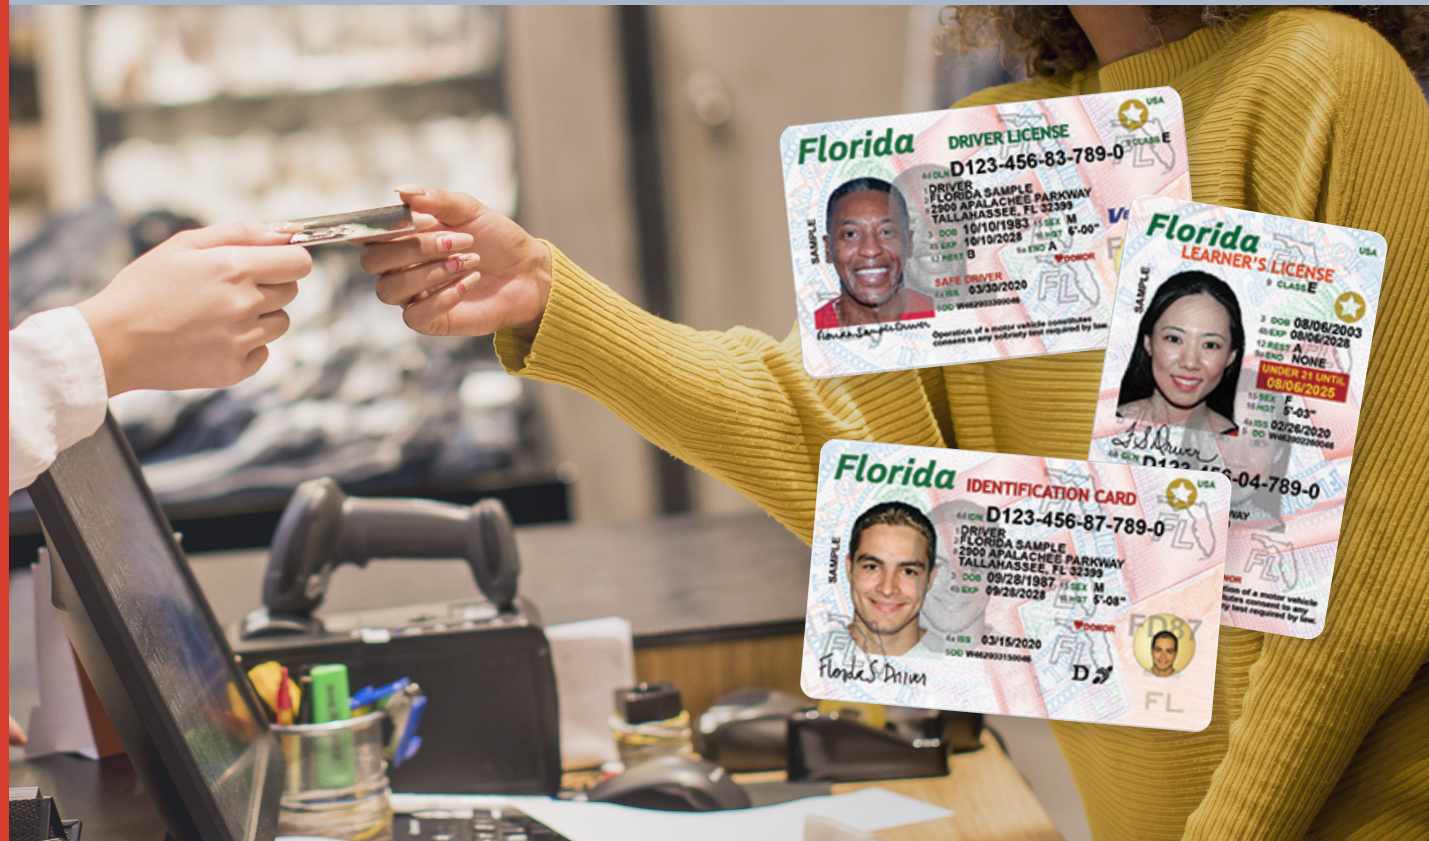

Revised Feb. 2020

## 2020 MODIFICATIONS

Enhancing the Security of  
Florida's Driver License and ID Card

# MODIFIED CREDENTIAL, ENHANCED SECURITY

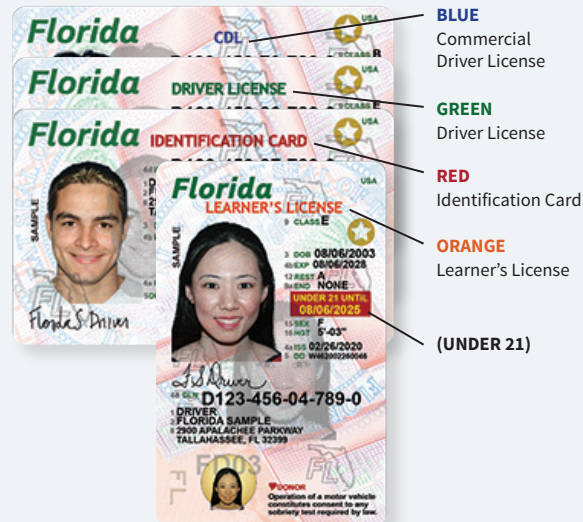

Modified credentials will begin to be issued in select offices in the coming weeks. After August 2020, this will be the only card design issued in Florida.

Individuals are not required to replace their current driver license or ID card during this time, unless their current credential has reached its expiration or a required change is needed, such as a name or address change. Previous driver license and ID cards will still be in use alongside the new credential until replaced or phased out.

Florida's modified credential incorporates additional ultraviolet (UV) features that will increase security and reduce the risk of fraud. The UV design is unique to Florida and incorporates the "FL" and Florida map.

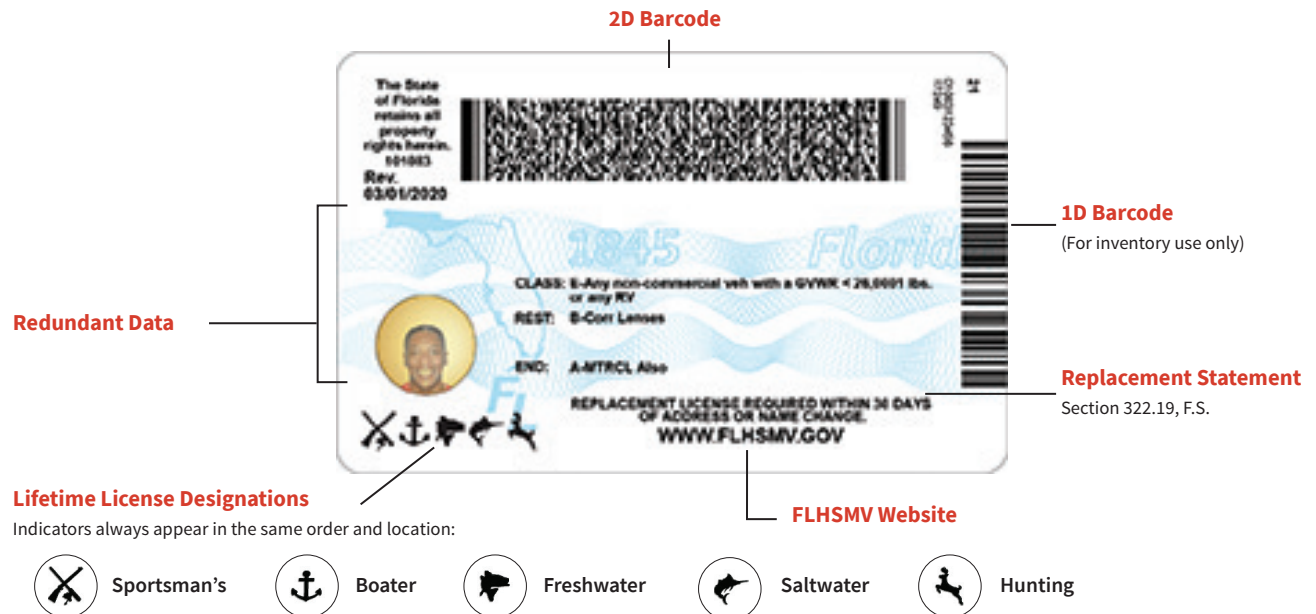

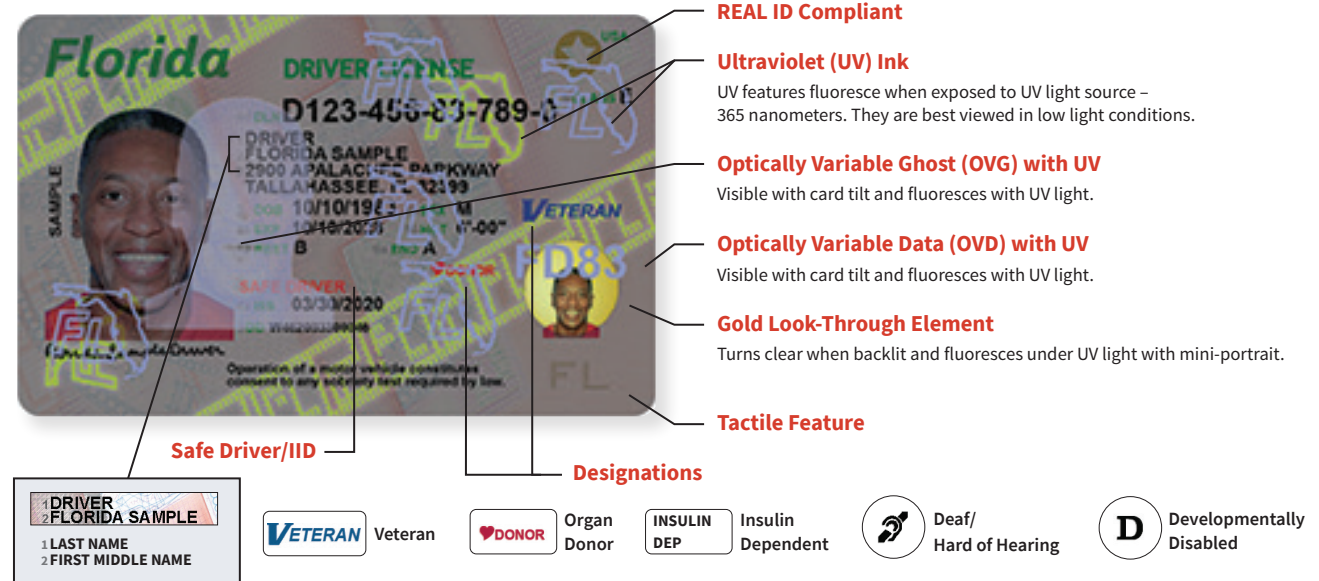

The enhanced security features ensures Floridians continue to receive the most secure over-the-counter driver license and ID card on the market today.
