

15A-5.011 Vision Standards.

(1) Applicants who have 20/50 vision or worse in either eye without corrective lenses are referred to a licensed practitioner for possible improvement.

(2) Applicants who have 20/50 vision or worse in either eye with corrective lenses are referred to an eye specialist for possible improvement.

(3) Applicants who have 20/70 vision in either eye, may pass with or without corrective lenses, if vision cannot be improved; however, if one eye is blind, or 20/200 or worse, the other eye must be 20/40 or better.

(4) Applicants who have 20/80 vision or worse, with both eyes, are not licensed.

(5) 130 degrees is the minimum acceptable field of vision, for an applicant with 5mm white target.

(6) The use of telescopic lens to meet visual standards is not recognized.
