Legal Authority

This procedure is governed by [Section 320.0607\(2\)-\(4\), F.S.](#), Replacement license plates, validation decal, or mobile home sticker.

- (2) When a license plate, mobile home sticker, or validation decal has been lost, stolen, or destroyed, the owner of the motor vehicle or mobile home for which the plate, sticker, or decal was issued shall make an application to the FLHSMV for a replacement. The application shall contain the plate, sticker, or decal number being replaced and a statement that the item was lost, stolen, or destroyed. If the application includes a copy of the police report prepared in response to a report of a stolen plate, sticker, or decal, such plate, sticker, or decal must be replaced at no charge.
- (3) Except as provided in subsection (2), upon filing of an application accompanied by a fee of \$28 plus applicable service charges, the FLHSMV shall issue a replacement plate, sticker, or decal, as applicable, if it is satisfied that the information reported in the application is true. The replacement fee shall be deposited into the Highway Safety Operating Trust Fund.
- (4) Any license plate, sticker, or decal lost in the mail may be replaced at no charge. Neither the service charge nor the replacement fee shall be applied to this replacement. However, the application for a replacement shall contain a statement of such fact, the audit number of the lost item, and the date issued.

And [Section 320.0848, F.S. \(2\)\(d\)](#), persons who have disabilities; issuance of disabled parking permits; temporary permits; and permits for certain providers of transportation services to persons who have disabilities. To obtain a replacement for a disabled parking permit that has been lost or stolen, a

person must apply on a form prescribed by the FLHSMV, provide a certificate of disability issued within the last 12 months pursuant to subsection (1), and pay a replacement fee in the amount of \$1, to be retained by the issuing agency. If the person submits with the application a police report documenting that the permit was stolen, there is no replacement fee. A veteran who has been previously evaluated and certified by the United States Department of Veterans Affairs or any branch of the United States Armed Forces as permanently and totally disabled from a service-connected disability may provide a United States Department of Veterans Affairs Summary of Benefits Letter, which can be downloaded from eBenefits and issued within the last 12 months, in lieu of a certificate of disability.

Although, the statute indicates a \$1 fee is charged to replace a stolen parking permit without an accompanying police report, no fee is charged for this transaction through FRVIS.

Description and Use

Documentation Required and Special Instruction

Applications for replacement license plates, validation decals, or parking permits should be submitted to a local county tax collector or license plate agent's office for processing. For those license plates not sold in a county office the application for replacement should be mailed as follows:

Florida Department of Highway Safety and Motor Vehicles
Attn: Direct Mail and Issuance,
2900 Apalachee Parkway, MS #72
Tallahassee, Florida 32399

Each request for a replacement license plate, validation decal or mobile home sticker (aka validation decal) as referenced in s.[320.0607, F.S.](#), must be made by completing form [HSMV 83146](#). If the registration is in the name of two or more owners, only one owner is required to sign the application. Identification in the form of a valid driver license or identification card from any state, or Canada, or a valid passport, or passport card must be presented at the time of application. If the application is made by someone other than the owner, a power of attorney as specified in [Procedure TL-02](#), the Power of Attorney, must accompany the application. If the owner is a business, proof that the applicant is authorized to sign for the business is required as outlined in [Procedure TL-01](#) Signature Requirements. Proof that the officer/agent is authorized to sign for the business can be verified at the following web address: <https://dos.myflorida.com/sunbiz/search/>.

If proof cannot be obtained through the above web address, a letter on original business letterhead stating that the person signing the application is authorized to do so and must be signed by an officer of the business, who is someone other than the person signing the application.

Replacements For License Plates and/or Validation Decals Will Be Issued as Follows

Cancelled (Surrendered)

When a customer has previously surrendered their license plate for cancellation and are now requesting a replacement license plate, fees are required.

Customer Request

An owner may, at any time during the registration period, replace a license plate or validation decal using form [HSMV 83146](#). **Form HSMV 83146 is optional for customer-initiated replacements when visiting a tax collector office or using a tax collector convenience method.** Fees are required.

Damaged

A license plate or validation decal, that has sustained physical damage after issuance should be replaced using form [HSMV 83146](#); Fees are required.

De-Authorized

When a license plate is de-authorized by the FLHSMV, the customer may choose to keep the plate until the 10-year forced replacement date, unless the plate is lost, stolen, or must be replaced for any other reason. The customer may also choose to replace the plate. If the customer chooses a new plate, the available Advanced Replacement Fund (ARF) credit will be applied to the cost of the new license plate.

When a license plate is de-authorized and the reason for the de-authorization requires immediate cancellation, such as the organization has closed, the customer must replace the license plate at the next renewal, or the ARF credit from the previous license plate will be applied to the new license plate. Because this is an FLHSMV required replacement, form [HSMV 83146](#) does not need to be completed.

Defaced

A license plate or validation decal that has not sustained physical damage, and is illegible, such as with fading due to sun damage, should be replaced. Form [HSMV 83146](#) and fees are required.

Defective Decal

Decals are manufactured to be free from defects for 27 months after issuance. If the defective decal is returned, the decal will be replaced at no fee. Form [HSMV 83146](#) is required. Defective decal does not include a license plate.

A copy of the police report should be attached to form [HSMV 83146](#).

Lost In Transit

A license plate or validation decal that was mailed by a tax collector or license plate agent and is verified as being mailed through a review of the record in FRVIS, will be replaced at no charge if the

date of issuance is 180 calendar days or less. Form [HSMV 83146](#) is required. If the date of issuance exceeds 180 calendar days, form [HSMV 83146](#) and fees are required.

The objectionable plate must be surrendered to the office at the time of replacement. Form [HSMV 83146](#) is required.

If a range of license plates assigned to a county are found to be objectionable by the Tax Collector, they may be removed and replaced by contacting the Inventory Control Unit at InventoryControlUnit@flhsmv.gov for instructions.

Stolen/Stolen With A Police Report

When the customer has reported the license plate or validation decal as stolen to a law enforcement agency and provides a police report prepared in response to a report of a stolen license plate or decal, such a plate or decal must be replaced at no charge. A law enforcement agency card containing the case number for the stolen report of the license plate or decal may be accepted in lieu of the report. Comments must be reflected in FRVIS, and must include the law enforcement agency’s name, and the stolen report case number.

If a license plate or decal is replaced using code “SP”, Stolen with a Police Report, a copy of the police report or law enforcement agency card containing the case number for the stolen report must be attached to the required form [HSMV 83146](#).

If the customer does not provide the police report, or law enforcement agency card containing the case number for the stolen license plate or decal, fees are required along with [HSMV 83146](#).

If the customer had their license plates seized by law enforcement, or surrendered due to an insurance suspension, fees are required.

or

If a customer surrenders his/her license plate due to an insurance suspension, and they are applying for a replacement, the following must be completed first in FRVIS before issuing replacement. See appropriate instructions and example.

Registration> License Plate> Surrender License Plate / Cancel Registration.

Example:

The screenshot shows a software window titled "MTRFM125 - ACCEPT SURRENDERED LIC PLT & REGIS". The form is divided into several sections:

Legal Opinion on Replacement Fee for Seized Plates

Temporary License Plate

A temporary license plate can only be issued as a replacement license plate if it is being replaced as a personalized license plate, and a new personalized plate is being ordered.

Replacement Parking Permits

Each request for a replacement disabled parking permit for persons with long-term mobility problems (permanent) as referenced in [s.320.0848](#), F.S., must be made by completing form [HSMV 83146](#) and providing a certificate of disability issued within the last 12 months ([HSMV 83039](#), Application by Disabled Person).

A veteran who has been previously evaluated as permanently and totally disabled from a service-connected disability may provide a U.S. Department of Veterans Affairs Summary of Benefits Letter,

which can be downloaded from E-Benefits and issued within the last 12 months, in lieu of [HSMV 83039](#). Identification in either form of a valid driver license, identification card from any state or Canada, a valid passport, or passport card, must be presented at the time of application. If the application is made by someone other than the owner of the parking permit, a power of attorney as specified in Procedure [TL-02](#), the Power of Attorney, must accompany the application. There is no fee for replacing a disabled parking permit (permanent).

There is no language within the statute that addresses the replacement of a temporary disabled parking permit. If a customer requests another temporary parking permit to replace an expired temporary parking permit, the customer must complete and submit a new form [HSMV 83039](#) signed by the certifying physician. If the customer requests another temporary parking permit to replace a valid (unexpired) temporary permit, this may be processed without submitting a new form, but the fee is charged.

Example: Doctor authorizes temporary parking placard for one year—but we can only issue for six months. [Original 83039](#) form is on file—check date, see if you may issue an additional six months. It is issued at no fee.
